ABOUT AGRICULTURE IN TELKWA DISTRICT

Most of the farmers report a good hay crop this year, although some of the old meadows are not as good as expected. Haying will not likely start much before the end of the month.

Wm. Thompson expects his family here in a few days. He also expects his father and brother here about the same time to take up land if they can get located. They have a lot of cattle, horses and a complete farming outfit.

Walter Willisroff completed the new bridge over the creek at Thirty-nine Mile on Wednesday, and it is understood that he is to move his gang onto the Jefferson-Dockrill road where a couple of bridges are to be put in. The construction of the road is to be undertaken at an early date, according to local reports.

John Roberts came out from Babine Lake this week and intends to take a team in with him when he returns. He lives there alone and is endeavoring to cut a farm out of the virgin forest. A good deal of success has been achieved as he now has thirty acres under crop.

It is estimated that the potato acreage of the province will be increased 80 per cent. this year. Last year the production was 85,000 tons.

Geo. J. Hess, of Jackfish Lake, Sask., was in town the first of the week. He was looking for land on which to locate with his family. Like all others seeking land he found all the desirable land in the hands of unknown speculators. He was forced to return to the prairie.

Fred Heal was in town last Saturday. He and his sons have over fifteen hundred acres on Tye lake that is equal to the best in the north and in time will be one of the show places in the Bulkley Valley. This year the Heals have 250 acres in grain and hay and the crops are very promising. This spring they also added fifty head of good-grade beef animals to their herd, mostly heifers and this will give them an excellent foundation on which to build up a herd in keeping with their acreage.—Omineca Herald.
