PRINCE RUPERT, B. C., WEDNESDAY, JULY 11, 1917.

PRICE FIVE CENTS

GERMANY WILL CONTINUE FIGHTING YET

CHANCELLOR'S SPEECH DOES NOT GIVE ANY INDICATIONS OF SEEKING PEACE

"WE MUST FIGHT AND CONQUER" SAYS THE GERMAN CHANCELLOR

PEACE WITHOUT ANNEXATIONS IS UNACCEPTABLE TO GERMANY, ACCORDING TO BETHMANN-HOLLWEG—DECLARES
GERMANY CAN WIN IF SHE HOLDS OUT—THE
GERMAN PEOPLE FURTHER DELUDED

(Special to The Daily News.)
Bern, Switzerland, July 11.—Peace without annexations is not acceptable to Germany. Victory is assured if she holds out, so declared Bethmann-Hollweg, the German Chancellor, in a speech on Monday before the main committee of the Reichstag.

"I consider it my duty to remain Chancellor for the protection of the Fatherland," he declared. "I repeat that the formula of peace without annexations is unacceptable to us. We cannot declare our terms of peace. We must fight and conquer. I cannot declare our terms."

The Chancellor's appearance before the main committee was called forth by the demands of the clericals that he outline in more detail exactly how the German Government stood with regard to the Socialists' platform of "peace without annexation, and no indemnities." The reports do

not specify how the Chancellor's speech has been received. The Chancellor made a vigorous attack upon Erzberger, the leader of the Catholic centre, who assailed as pan-German his address before the main committee last week and advocated peace without annexation and indemnities. Von Hollweg says that Erzberger's attitude is most unpatriotic.

Crops in Germany.

The German food controller, Herr Batoeki, says that the spring crops are not good, but that the outlook for the fall crops is excellent. The wheat crop is as good as that of 1915, while the potato crop is better than that of last year.

Resignations.

London, July 11.—It is reported from Amsterdam that the resignations of Drs. Helfferich and Zimmerman have been decided upon by the Kaiser.

VANCOUVER WANTS CIVIC COAL YARD

Vancouver, July 10.—With a view to saving the citizens a quarter of a million dollars per annum on their coal bills, Mayor Beath arranged for Ald. Hamilton and a city engineer to go to Seattle to inquire into the methods of handling coal there. The mayor said yesterday he was convinced the reason for the high cost of coal in Vancouver was the lack of equipment of the coal companies for the expeditious and economical handling of the commodity. They followed the expensive method of using manual labor and the citizens were forced to pay for it.

The mayor's suggestion is that the city go into the coal business, feeling sure that by this method the cost of coal could be reduced to about \$7.50 per ton and make money even at that price. The present price is \$9.

Bills descriptive of big Anniversary Sale to be held three last days of this week now being distributed. Phone us if you don't get one. H. S. Wallace Co., Ltd.

THE PEOPLE PAY FOR PAT WELCH

Victoria, July 11.—A pointed reminder of the enormous financial burden being borne by B. C. through the unbusinesslike financial policies of the late Conservative government, has been received by the government in the shape of notice from the P. G. E. that it cannot meet the half-yearly interest charges on its bonds guaranteed by the late administration.

Hence this month the provincial treasury must find \$423,000 in interest charges which the company has defaulted. This sum, together with the three payments already made by the province on similar account, brings the total disbursement on defaulted interest account to \$1,476,827. In addition the province must meet \$108,000 every six months in defaulted interest on \$4,800,000 borrowed by the company from the Union Bank for which bonds guaranteed by the government were pledged.

BIG FIRE AT VANDERHOOF

Word has been received in town of a disastrous fire occurring at Vanderhoof this morning. The store of McCorkell Brothers has been completely gutted. The store was a large one, and carried a big stock. It is not known whether any insurance was carried.

SALMON SAUSAGE TO BE NEW FORM OF FOOD

Victoria, July 10.—Salmon sausage will be a new form of food to be shortly placed upon the market by the Fraser River Salmon Sausage Manufacturing Co., Ltd., a concern, notice of the incorporation of which is given in the current week's Gazette, the head office of which will be at Vancouver. The company will also manufacture fish oil and carry on the business of fish curing. Its capital is \$10,000.

PREMIER MARTIN OF SASK.

Whose Liberal Government has been returned to power by overwhelming majorities.

ELECTION OF TRADES AND LABOR OFFICERS

There was a large attendance at the semi-annual meeting of the Trades and Labor Council held in the Carpenters' Hall last evening. The chief business in hand was the election of officers for the coming year. Mr. S. D. Macdonald, president, was re-elected unanimously to the chair, this being his fourth term, and there was keen competition for the other offices. The following were elected:

Vice-president, Mr. R. J. T. Rose; secretary-treasurer, Mr. W. E. Thompson; treasurer, Mr. S. V. Cox; warden, Mr. J. H. Gillies; finance committee, Messrs. J. Hammond, J. Morrison, and G. Waddell; literary committee, G. B. Casey, W. E. Thompson and G. Waddell; legislative committee, Messrs. W. E. Thompson, R. J. T. Rose, and L. W. Reilly. The new members were installed by Delegate Howard Steen.

Reports were submitted for the previous year, which showed that the organization was in a thoroughly satisfactory condition. With the view to forming a union the city fire department had a delegation present, which matter was left in the hands of the official organizer, Mr. W. E. Thompson. Common action will be taken with all other councils in the sending of a protest against the rising cost of living to the government at Ottawa. The Department of Public Works had communicated with the Council regarding the grievance of the local Union of Boilermakers, which communication was referred to the executive for action.

A PLOT SUSPECTED

(Special to The Daily News.)
San Francisco, July 11.—The authorities suspect a plot in connection with the explosion of the magazine at the Mare Island Navy Yards on Monday. The block powder storehouse on the island mysteriously exploded, killing six persons and injuring thirty-one. The causes of the explosion are being investigated.

THE RUSSIANS CAPTURE MORE PRISONERS

Many Villages and War Material in Great Quantity is Taken From Huns in Galicia—Enemy Retreats.

(Special to The Daily News.)

Petrograd, July 11.—General Korniloff's offensive in Eastern Galicia continues despite the energetic resistance and stubborn counter attacks of the Teutons. Additional villages were captured, and over a thousand prisoners were taken yesterday. Also great quantities of war material. This includes three field guns, and many trench mortars and machine guns. The enemy has retreated to the Lomnica River.

What Berlin Says.

Berlin, July 11.—The German forces fighting in the Stanislaw region in Galicia yesterday were drawn behind the Lomnica river. Near Riga, Minsk, and Smorgon at the northern end of the Russian front, the fighting between the Germans and the Russians has increased in intensity.

British Front.

London, July 11.—Last night we advanced our lines slightly to the east of Oostaverne. South of the Ypres and Comines canal we carried out successful raids, and captured prisoners.

French Front.

Paris, July 11.—The Germans returned to the attack on the Aisne front last night and met with a costly defeat. They were unable to reach our lines. A strong assault on the French position at Hurlbise and Dragons Cave was repelled. The attacking waves suffered severely.

Destroyed Seaplanes.

London, July 11.—The British armed trawler "Iceland" was successful in destroying two German seaplanes off Lowestoft.

The steamer Caledonian, 4,140 tons, was sunk in the Mediterranean on June 30 with the loss of fifty-one persons.

AN ELECTION IN AUTUMN

(Special to The Daily News.)

Ottawa, July 11.—All signs here point to an election taking place in the autumn. In Parliamentary circles here, a revival is seen towards the idea of a coalition government. It is expected that things will come to a head within the next two weeks.

TWO YEARS AND \$10,000.

(Special to The Daily News.)

New York, July 11.—Emma Goldman and Alexander Berkman, anarchists charged with conspiracy to obstruct the operation of the National Military Law, were sentenced to two years in a Federal Penitentiary and a fine of ten thousand dollars.

SUB-LIEUT. R. LECKIE

Toronto aviator who has been awarded the D. S. O. for destroying a German Zeppelin off the English coast on May 14. The air raider was the L-22.

MINING NOTES

The Belmont Canadian Mines, Ltd., at Surf Inlet have almost completed their mill, and expect to be amongst the big shippers in the near future. Messrs. Penn and Boville of the Surf Inlet staff, were in town recently on business. Mr. Boville will proceed east as far as Hazelton to examine several properties there before returning to Surf Inlet.

A number of big mining men have recently examined several properties in the Portland Canal district, and have expressed themselves as being satisfied that the Portland Canal district will yet make good. The development work going on in the district is greater by far than that of any year since the boom days, and is being attended with satisfactory results.

The light railway being built by the Taylor Engineering Co. for the Dolly Varden Mines, Ltd., is now completed for a distance of four miles. Construction has been somewhat slow on account of shortage of labor. This railway, while the property of the Dolly Varden Mines, Ltd., will also be a public carrier, and will be a big factor in opening up the Alice Arm district, which is one of the most promising in this northern country.

MINING DEVELOPMENT AT LEGATE CREEK

Whitmore & Orr have been successful in locating a high-grade copper-silver-lead lead on their "M. & K." group, being the property from which Price & Aitken last season shipped 130 tons to the Selby Smelter. The ore shipped last season was gathered from the surface of one of the claims, a most unusual feature.

The lead now found can be traced for 500 feet, with ore similar to that already shipped. Whitmore & Orr are working in on a 5-foot face, and have already over 20 tons of high-grade ore mined. They intend as soon as possible to ship a carload, and with the ore now in sight, will have no difficulty in financing the development from the start. The "M. & K." has also a good yellow-copper lead traceable for a considerable distance, and averaging in width from 2 to 6 feet. A good pack trail now joins up with the Pacific ferry.

A silk blouse for \$1.39—Wallace's Sale.

For dressed lumber of all kinds—Albert & McCaffery. Phone 116.

KRUPP WORKS ARE DAMAGED BY AIR RAID

Quarters of the Plant at Essen is Said to be Destroyed as a Result of the French Bombardment.

(Special to The Daily News.)

Amsterdam, July 11.—Reports arriving here are to the effect that many Dutch workmen have had to be laid off work on account of the destruction to the buildings as a result of the French air raids on Friday. It is asserted that a quarter of the Essen plant has been destroyed. The material damage amounts to millions of francs, a hundred of the employees have been killed and hundreds of others, including forty-five French prisoners, have been wounded.

Retaliation.

Washington, July 11.—Retaliation for the Hun aerial attacks have been planned, which will force the German fleet to fight. Air raids upon the large centres from the sea are proposed as a challenge to the Kaiser. The fleet would be compelled to give battle or suffer his cities to be bombed.

WESTHOLME THEATRE

At the Westholme Theatre tonight there will be displayed a melodrama. The dictionary says that a melodrama is a "sensational play"—we turned the word up to see—and assuredly "The Pretenders," which is the title of the photoplay to be staged tonight, is sensational. This play is one of the great Metro productions which in itself is a guarantee of excellence. The mother and daughter, of recently acquired wealth, who so "dearly love a lord" and all that is the outcome of their social aspirations, which end successfully after all, proposed elopement and jewel theft and the falsely accused and the final happy ending makes one great thrill from the beginning to the end. A comedy will also be shown.

CORPORATION OF THE CITY OF PRINCE RUPERT

Hydro Electric Operator.
Applications will be received by the City Clerk, up to July 23rd, 1917, for the position of Chief Operator at the Hydro Electric Plant.
Applicants must give age, experience and references.
