RUSSIANS WIN IMPORTANT SUCCESSES IN GALICIA

THE CAPTURE OF TOWN OF HALICZ OPENS WAY TO LEMBERG AND PRESAGES A GREAT RETIREMENT BY GERMANS--RUSSIANS NOW AT THE CARPATHIANS--10,000 PRISONERS

(Special to The Daily News.)
Petrograd, July 12.—In three days' fighting around Dolina, we captured more than 150 officers, ten thousand men, eighty guns and a large quantity of other war material. Our troops are now operating in the foothills of the Carpathians and are contending for a pass which the railroad runs through into Hungary. Good progress is being made westwards and the enemy is being driven up the pass.

The Fall of Halicz.
The town of Halicz has been captured by our troops, and with

the fall of the town even the most cautious critics are now converted into the belief in the Russian offensive. General Kerailoff reported yesterday fresh progress west of Stanislaw in combatting the enemy's stubborn resistance, finally driving him to the River Lomnica, which joins the Dniester northwest of Halicz. The fall of Halicz presages a great retirement of the enemy, as the captured stronghold formed the key to Lemberg, the capital of Galicia. The Cossacks are pursuing the Austrians on a front of twenty miles.

BROWNING ACCIDENT ON PORTLAND CANAL

In saving a little boy who had fallen overboard from the Nar-bathing on Sunday last near Maple Bay on the Portland Canal, Mr. Jacob Jarvis, a well known old timer of Stewart, lost his life. The boy was drawing a bucket of water and was pulled overboard. Mr. Jarvis saw the accident and plunged over the side. The boy was picked up none the worse, but his rescuer disappeared.

GEORGE R. PATTULLO GOING TO THE FRONT

George R. Pattullo, the well-known Canadian writer, whose short stories and articles are familiar to all readers of the Saturday Evening Post, is leaving shortly for the Old Country, as special correspondent of that magazine.

Mr. Pattullo has recently been taking an officer's course at one of the United States army training schools and will receive a commission with the American forces which are to operate with the other allies against the enemy in France. Some interesting articles on the experiences of the forces may be expected from him during the remainder of the war.

Mr. Pattullo is a brother of Hon. T. D. Pattullo, Minister of Lands, whom he resembles greatly in appearance and energetic disposition, as well as in newspaper ability.

There are three other members of the Pattullo family serving their country at present. Capt. J. B. Pattullo, a Vancouver lawyer, went over with the 72nd Seaforth Highlanders, and is now in France. A younger brother, Lieut. Andrew Pattullo, went from Winnipeg with the Winnipeg Artillery. A sister, Mrs. Bowie, has been doing work behind the lines while her husband, Dr. Bowie, is with one of the Canadian field hospitals.

BISHOP OF LONDON PREACHING in the PARK

SEEKING DIVINE AID.—The Bishop of London organized an impressive open air service of intercession and parade on June 9. Beneath the reverend banner, shown in the upper picture, the head in the Anglican Church in the Metropolis marched through the streets and afterwards delivered a sermon.

CHANGES IN GERMAN CABINET SETTLED

(Special to The Daily News.)
London, July 12.—The German Chancellor Bethmann-Hollweg has decided to fill the vacancies in the German cabinet with certain members of the Reichstag and will create a new ministry of labor to which post a Socialist will be appointed. The retirement of Ministers Helfferich and Zimmermann were gazetted on Tuesday. The Junkers still control Germany.

Dispatches indicate the increased tension in Berlin through the Socialists' attempts at reforms and to pledge the Government to a policy of no annexations. The Junkerites are exhibiting growing strength. A compromise based upon the idea of Germany fighting a defensive war, is expected, the agreement being effected by the fight for peace aims, while the demand of the reformers for electoral changes will be quieted by the replacement of a number of Prussian state ministers by Liberals.

Party Differences.
Zurich, July 12.—The full meeting of the Reichstag scheduled for today has been postponed on account of "party differences."

MORE RUMORS OF A COALITION GOVT.

(Special to The Daily News.)
Ottawa, July 12.—Many more rumors are going around about the forming of a coalition government. It is said that all the pro-conscriptionist element will be included. To secure a stable administration, it is thought in Ontario that a Union Government is the only way. Vacancies in the Senate will be filled before the vote is taken on the Military Service Bill.

UP-TO-DATE METHODS AT THE EMPRESS HOTEL

The Empress Hotel is the first one in the city to have a thoroughly up-to-date electric range installed in their restaurant kitchen. The range is heated entirely by electricity, thus obviating all the dust and smuts inseparable from the use of a coal-burning range. Also it ensures more exactitude in cooking of all kinds by its uniform and easily-regulated supply of heat. Chef George Regles is enthusiastic over his new implement, and knows how to handle it to the best advantage.

GERMANS MAKE GREAT EFFORT ON THE YSER

On the Belgian Coast Attempt is Made to Break through British Lines to Get Dunkirk or To Calais.

(Special to The Daily News.)
London, July 12.—The enemy penetrated the British positions in Belgium on a front of fourteen hundred yards to a depth of six hundred yards. In their advance, the Germans reached the right bank of the Yser near the sea. This sector has been isolated by the destruction of the bridges across the Yser. One of the heaviest big gun duels of the war raged yesterday on the Belgian coast. The sounds of the firing were heard in London from six in the morning till midnight. In the London suburbs, tremors like a slight earthquake were felt. The battle is still in progress.

Berlin Report.
A Berlin wireless dispatch claims more than twelve hundred and fifty prisoners captured. Dunkirk is the objective, then Calais. An enemy attack further south failed. The British counter attack forced the invader back to his original positions.

GERMANS GO BARE-FOOT

Washington, July 11.—The State Department has received a cablegram announcing that the city council of Zittau, Germany, is urging the entire population to go barefooted in order to harden their feet to be prepared for the winter ordeal, when there will be no shoes. The pupils of Wuerzburger started the shoeless style on June 28.

Another message says that 60 per cent. of the milk cows in many districts have been killed for meat, so there is a great shortage of dairy products.

The German Government is selling the former homes of dispossessed Frenchmen in Alsace-Lorraine.

BRITISH MAKE AIR RAID ON TURK CAPITAL

Successful Attack From the Air Damages Battle Cruiser Goeben—Direct Hit On War Office.

(Special to The Daily News.)
London, July 12.—The British aviators made a daring and entirely successful attack on Constantinople. The Turkish fleet in the Golden Horn was bombed and the Turkish war office buildings were also attacked. The former German battle cruiser Goeben, which escaped out of the Mediterranean through the Dardanelles at the beginning of the war was damaged. Bombs made direct hits from the height of eight hundred feet on the war ships. The enemy gunners were flabbergasted and the attackers returned unscathed from the raid. A direct hit was also made on the War Office building in Constantinople and much damage was done.

French Front.
Paris, July 12.—German raids were repulsed around Sarineul in Champagne. On the left bank of the Meuse, fighting is active. In the Woevre, north of Flirey, the Germans were thrown back in sharp fighting.

For Muddling.
London, July 12.—The British Government took active steps today to punish those of its officials responsible for the failure of the first Mesopotamia expedition. Bonar Law announced that the officials concerned ceased their Governmental functions pending the report of the new enquiry.

U. S. Fleet Welcomed.
Monte Video, July 12.—The United States fleet was accorded an enthusiastic welcome on its arrival here.
