NATIONAL UNITY

Never before in the history of the British Empire and of the Dominion of Canada has there been a greater need of concerted action in all lines of national activity nor a more imperative call for unity in all parts of this vast country.

Viewing the situation from this remote corner of British Columbia, we frankly confess our inability to understand how the persistent attacks which are being hurled by the residents of one province against the residents of another province can in any way produce results which will advance the cause of harmony and unity. At this distance it appears to us that it might be worth while if certain Toronto newspapers would just let up for a while on Quebec and allow the resentment and the hostility to settle down a little. Almost as soon as war broke out, Quebec was assailed for alleged disloyalty and attacks have followed daily for the last three years.

The Toronto paper that six years ago in the reciprocity election of 1911 published a fake lodge notice advertising a meeting of the "Wilfrid Laurier Orange Lodge" of Toronto, so that this ad. could be and was commented upon by the newspapers of the province of Quebec can hardly be expected to be accepted as an authority on what is upright, true and loyal to the best interests of Canada. We would like to see a truce to this internal strife and an attempt made to attain by force of reason and mutual confidence that which can never be reached by bitter attack.

Conscription is now the law of the land, and will apply impartially to all parts of Canada. Quebec may find the enforcement of conscription a great deal less irksome if some of the newspapers of Ontario take a day or two off and give Quebec a chance to show what she can do.

The Methodist minister, who was sent to Quebec in charge of recruiting possibly secured many recruits there as a Jesuit priest would have secured in Toronto, had one been sent there for that purpose. Too much energy along a certain line of action in On-

tario is equally dangerous as the lack of energy along another line in Quebec.

NOTES AND COMMENTS

The Premier has brought into his resolution of which he gave notice some time ago for the extension of the life of the present Parliament for another year. The Borden Government has forfeited the confidence of the majority of the voters in the Dominion, and they are well aware of that fact, hence they do not view with any degree of pleasure their chances at a general election. The ordinary life of Parliament was up a year ago, but with the consent of the Opposition, and in special circumstances, the provisions of the British North America Act were abrogated and one year's extension was granted. But again? Not likely!

As a specimen of how the sentiment of the people have changed, and also of the boys overseas it was stated in Parliament the other day, that a Conservative colonel had taken over with him a regiment of 1,100 good Conservatives. But when he left them there to come over here, they were 1,100 opponents of the present government. The colonel himself said so.

Do the present government deserve an extension? Have they done anything to prevent the dependents of the soldiers overseas being mulcted in excess prices for food stuffs out of their separation allowances? Have they placed the burden of the war cost fairly on all classes of the community? The wage earner and the house wife know. And they both have votes now.

Twenty-two thousand aeroplanes for which the bill passed in the House in Washington should be virtually able to smother the German air service. The great number of machines engaged in war service now makes one wonder what commercial use they will be put to after the war. The idea of a weekend trip to Europe may not be so far-fetched after all.

An ex-minister in the Austrian House declares that Austria-Hungary ought to break their alliance with Germany. This

Why Wait for War to learn real food values? It is what you digest, not what you eat, that furnishes strength for the day's work. Many foods tax the digestive powers to the utmost without supplying much real nutriment. Shredded Wheat Biscuit is all food and in a form that is easily digested. It is 100 per cent. whole wheat. For breakfast, dinner or supper it takes the place of meat, eggs and potatoes. You don't know how easily you can do without meat or potatoes until you try it. Delicious with sliced bananas, berries, or other fruits, and milk. Made in Canada.

statement caused an uproar. Austria, of course, is a German State and before the rise of Prussia used to be the head of the German Confederation. There would not be, so much uproar in the Bohemian House, if there were one, nor in the Hungarian. Nor yet the Bulgarian nor Turkish. What the minority thinks today, the majority think tomorrow.

The quietness which has prevailed on the British front for the last few days may be taken to be ominous for Germany. Nothing but local raids have been reported for some time now. With most of the points of vantage on the western front in the hands of the Allies, the German High Command will be guessing where the next blow will fall.

BEFORE THE BOARD OF INVESTIGATION

In the Matter of all Streams in the Hazelton and Fort Fraser Water Districts.

A MEETING of the Board of Investigation will be held at the Court-house at Hazelton on Monday, the 23rd day of July, 1917, at 10 o'clock in the forenoon.

In the Matter of all Streams in the Prince Rupert Water District.

A meeting of the Board of Investigation will be held at the Court-house at Prince Rupert on Wednesday, the 25th day of July, 1917, at 10 o'clock in the forenoon.

At these meetings all statements of claim to water privileges under Acts passed before the 12th day of March, 1909, were before the 12th day of March, 1909, were on any of these streams, all objections thereto, and the plans prepared for the use of the said Board, will then be open for inspection.

All persons interested are entitled to examine these, and to file objections thereto in writing if they deem fit.

Objections will be heard forthwith if the party objected to has received sufficient notice of the objection.

The Board at the said meetings will hear the claimants, will determine the quantity of water which may be used under each record and the further works which are necessary for such use, and will set dates for the filing of plans of such works and for the commencement and completion of such works.

And whereas there may be persons who, before the 12th day of March, 1909, were holders of water records on the said streams and yet have not filed statements of their claims with the Board of Investigation, such persons are required to file, on or before the 15th day of July, 1917, a statement, as required by section 294 of the "Water Act, 1914." The forms (No. 50 for irrigation and No. 51 for other purposes) may be obtained from any Government Agent in the Province.

The claims of riparian proprietors who have filed, as required by section 6 of the "Water Act, 1914," statements of claim to waters of any of the said streams will be heard at the same times and places.

Dated at Victoria, B. C., this 7th day of June, 1917.

For the Board of Investigation, J. F. ARMSTRONG, Chairman.
