PRICE FIVE CENTS

BRITISH BOMB FOUR GERMAN AERODROMES

GOVERNMENT WILL MAKE ENQUIRY INTO QUESTION OF COLD STORAGE PROFITS

BRITAIN HAS SUPPLIES FOR ANOTHER YEAR

Problem Now is Only Price and Distribution—No Need of a Compulsory Rationing Scheme Now.

(Special to The Daily News.)
London, July 23.—Supplies for the year are now assured. Great Britain will start the cereal year with nearly seven months' stock in hand. The huge potato crop is now coming to market. The problem now resolves itself into one of price and distribution. The economy taught the people by the crisis will be permanent till the end of the war. The Government finds there is no need now of the putting into force of the compulsory rationing scheme which the Food Controller had ready. The whole country is now self-supporting to a degree unknown in the past hundred years. Every acre of ground that it has been possible to cultivate is now bearing crops of something or other and the fear of famine has been removed.

ACCIDENT TO ONE OF THE TILLAMOOK'S CREW

One of the crew of the G. T. P. "Tillamook," which plies between here and Ketchikan district, met with an unfortunate accident this morning. His name is Richard Hauken, and while he was engaged in swabbing down the decks, he fell over on his ankle, fracturing the leg between the ankle and the knee. The chief engineer of the boat, Mr. H. J. Furney, was on deck at the time and picked the injured man up. Dr. McNeill was at once called and after attention was taken to the general hospital, where he is progressing as well as can be expected.

MANSLAUGHTER

On Friday at Anyox, two men, Jim Loloff and Marengo Carlo, were committed for trial by Dr. E. H. Hyde, stipendiary magistrate, on a charge of manslaughter. It seems that after a blast at ten minutes to twelve, some boulders had rolled down onto the track. These men were supposed to clear the track, and make it safe, instead of which they went for dinner. Before they got back the train came along and hit the boulders, whereby one man was killed. The accused were taken to New Westminster by Constable Gordon, of Alice Arm, to await trial. Chief Gammon was at Anyox on prosecution duties.

NOTICE

The Royal Commission appointed by the Dominion Government Fisheries Department will sit at the City Hall, Prince Rupert, on the 26th and 27th of July for the purpose of taking evidence on the Fisheries of this district. Proceedings to commence at 10 a. m. each day. All fishermen are invited to attend.

The favorite household Coal is Ladysmith Wellington. Phone 15. Prince Rupert Coal Co.

CHANCELLOR'S SPEECH A SHAM SAYS PREMIER

Michaelis Will Soon Sing Another Tune—His Deliverance Shows Militarists in Ascendancy.

(Special to The Daily News.)
London, July 23.—The maiden speech of Dr. Michaelis, the new German Chancellor, shows that without doubt, the militarists in Germany are still in the ascendancy. Premier Lloyd George says that the Chancellor's deliverance of his dexterous facing all ways speech is but a sham. Europe has not sacrificed millions of her gallant sons to set up a sanctuary for sham. Belgium shall not be a scabbard for the German sword. Michaelis will soon sing another tune.

WILL INVESTIGATE INTO COLD STORAGE

(Special to The Daily News.)
Ottawa, July 23.—After consulting with Hanna, the Food Controller, the Government has decided to make further enquiries into the cold storage question, as a result of the report of the cost of living commissioner O'Connor.

RIOTS IN SPAIN

(Special to The Daily News.)
Madrid, July 23.—Soldiers, policemen and civilians were wounded, when shots were exchanged by strikers and police in Valencia.

JAPAN'S SHIPS

(Special to The Daily News.)
Tokyo, July 23.—In Japan, eleven shipbuilding yards have under construction at the present time one hundred and ninety-eight steamers exceeding a thousand tons.

THE KAISER

(Special to The Daily News.)
London, July 23.—The Kaiser had a conference with the members of the Reichstag on Saturday and thereafter left for the eastern front.

Mr. H. O. Bell Irving, president of the A. B. C. Packing Co., arrived from Vancouver on the Venture and will be here a short time before leaving for the Naas river and Ketchikan. Mr. Irving has six sons in khaki, which is a record for British Columbia.

Mr. P. Campbell and Mr. T. S. Baird arrived in the city from Claxton cannery on last night's train. Mr. Campbell returned early this morning, but Mr. Baird will be here for some time, as he is looking for men for the cannery.

Mr. J. C. Brady, of the high school, left this morning for Swanson Bay on a holiday. Mr. Brady will spend the rest of the summer vacation there enjoying life with Raymond Fisher, who is also down there to spend the holidays.

Fifteen empty refrigerator cars arrived in Prince Rupert yesterday for the fish traffic. A special train with ten full carloads of fish left for the East on Saturday morning.

Gossard Corset demonstration Tuesday afternoon—Wallace's.

For dressed lumber of all kinds—Albert & McCaffery. Phone 116.

PREMIER LLOYD GEORGE AND HIS ENLARGED FAMILY.—From left to right, Premier Lloyd George, Captain T. J. Carey Evans, M. C., son-in-law; Mrs. T. J. Carey Evans, daughter; Mrs. Lloyd George; Major Lloyd George, son; Mrs. (Major) Lloyd George, daughter-in-law. The two little girls are Miss Wendy Armstrong, niece, and Miss Megan Lloyd George, daughter.

SOCIALIST CAUSES TUMULT IN REICHSTAG

(Special to The Daily News.)
Amsterdam, July 23.—Herr Haase, a radical Socialist member of the Reichstag, attacked the Government's home and foreign policy. He demanded immediate peace negotiations, atonement for the wrongs committed and the establishment of a Socialist republic. Haase also demanded the release of Dr. Leibknecht and cried from the floor of the house that the prison authorities were starving Leibknecht. His speech caused a tumult in the house.

VILLA AT HIS USUAL TRICKS IN MEXICO

Juarez, Mexico, July 21.—Leading his men in person, Francisco Villa yesterday took possession of Jimenez, an important junction point on the Mexican Central Railroad, 131 miles south of Chihuahua City. Passengers who reached here today from the south report the massacre of the small government garrison and the looting of the town by Villa. The capture of Jimenez cuts off both Torreon and Parral from communication with Chihuahua City.

DROWNED AT PORT SIMPSON

An investigation is being conducted into the drowning of Alex. Swein, a fisherman of Port Simpson. The accident happened on Friday night. The drowned man was getting rock ballast for his boat, and on going ashore, he fell overboard. The body was not recovered until the next morning at low tide by dragging operations. The investigation is being conducted by Coroner Dr. Large.

WHOOPIING COUGH

NOTICE IS HEREBY GIVEN THAT it is the duty of parents to report to the Medical Health Officer, or at the City Hall, every case of whooping cough within 24 hours after its occurrence. Failing to do this renders the offender liable to severe penalties, for which prosecution will be brought in every case.

By order, MEDICAL HEALTH OFFICER.

THE PRINCE RUPERT SHIPBUILDING PLANT

The greatest immediate demand of the British Empire and its allies is ships. The largest and best equipped shipbuilding plant on the British Pacific coast was ready for use when the war broke out. Both steel and wooden ships can be built at this plant more cheaply than anywhere else in British Columbia. The large floating drydock in connection with this plant—the best on the Pacific coast—with a lifting capacity of 20,000 tons—has been ready for operation for the past two years, but no ships have been built and very little has been done in the drydock and that little was when the Admiralty requisitioned it. This plant has cost \$2,199,000. It was designed by William T. Donnelly and constructed by the Grand Trunk Pacific Railway Co. After the completion of the plant and acceptance, interest on the bonds at 3½% is guaranteed by the Dominion government. At the present time, there is a question of tools and equipment valued at \$3,438 before the government will accept the plant as complete—the merest trifle in a plant of this magnitude. Pending the acceptance of the plant as complete, the G. T. P. either will not, or cannot, operate it, and have refused to grant leases to substantial people, who are anxious to use this plant for shipbuilding purposes.

In as much as the liability of the Government of Canada to the bond holders does not become operative until the plant is accepted by the inspector as complete, it is apparent that the government may be desirous of deferring its liability to the bondholders. On \$2,199,000 this would be \$76,965 per annum.

It is also well known that the G. T. P. is in financial difficulties and has to appeal to the Dominion Government for financial assistance. Consequently the railway company while begging for millions, is not in a strong position to complete the drydock against the will of the government, thereby fixing a liability on the government. Hence the situation arouses the suspicion that the railway company is desisted from

GERMANY IS LACKING SUPPLIES TILL HARVEST

(Special to The Daily News.)
Washington, July 23.—Reports reaching the State Department from persons coming out of Germany regarding the food conditions and the outlook in the Central Empires say that Germany lacks six hundred thousand tons of wheat to carry the population through to the middle of August, when the new harvest will be gathered. The harvest is poor in East Prussia, which is the great agricultural area. The tension between Austria and Germany is declared to have grown so great that suspected Austrians are now being interned in Germany.

completing the plant at the suggestion of the government and for fear of alienating the sympathy of the government from whom it is begging. Until the plant is completed the G. T. P. cannot well operate it and the government will accept no responsibility. In any case the plant is kept idle to the detriment of the Empire. Such conduct to the ordinary man looks like a conspiracy to defraud the bondholders, and a gross indifference to the Empire's call for ships.

There is also a widely recognized contention that the present government owes its existence to the efforts of the C. P. R., the Canadian Manufacturers' Association and the Nationalists. That these three Godmothers have tenderly guided the Dominion government in ways to their liking and that this government is returning their maternal desires to their utmost satisfaction; that these three organizations are the real bosses of Canada today and that the Dominion government exists only to do them service; that little matters such as hauling war explosives from Vancouver to Montreal en route to the old country and from Montreal to Vancouver en route to the Orient are quite proper, as thereby the C. P. R. has a profit; that the millions of war profits reaped by the Canadian Manufacturers' Association.

Just arrived, 250 tons of lump coal. Phone 116—Albert & McCaffery.

KERENSKY IN COMMAND AT PETROGRAD

Calls Upon the Regiments and the Battleships in Disgrace to Arrest Leaders of Revolt for Trial.

(Special to The Daily News.)
Petrograd, July 23.—Kerensky, the new Premier, is grappling with the latest revolt. He calls upon the disgraced regiments and battleships to arrest the ring leaders of the revolt, and send them to Petrograd for trial. He declares that vigorous measures will follow a refusal of his request. He appeals to all true sons of democracy to rally round the Government in its time of need. General Korniloff has been appointed commander-in-chief of the forces in Galicia. A further retreat was necessarily made by the Russians in Eastern Galicia, because the troops did not show the necessary stability, and at points did not fulfil commands.

Roumanian Front. Fighting began yesterday on the Roumanian front. The Austro-German troops were repulsed by the Roumanians.

British Front. The enemy artillery has shown great activity during the day at Lombaertzde. Four enemy aerodromes were successfully bombed yesterday by our air planes. Bombs were also dropped upon important railway junction, causing a great explosion. The British government intends to adopt a policy of reprisals for the German air raids.

HE KIDNAPPED HIS VERY OWN CHILDREN

Prince George, July 21.—Judge Robertson, in the county court here, granted extradition papers to the State of California in the case of Henry Uyttenhove, a Belgian, who is charged with child stealing. Uyttenhove was divorced in Arizona and is alleged to have stolen his two little daughters from the custody of his former wife. He came to Vanderhoof, B. C., a town on the G. T. P., 70 miles west of here, arriving about June 10th. The alleged theft took place June 3rd. Ex-judge P. E. Wilson is acting for Uyttenhove and has been given leave to bring habeas corpus proceedings. W. P. Ogilvie is appearing for the State of California.

Escaped From California. Considerable amusement is furnished by a report of Uyttenhove's escape from California, which appeared in the Los Angeles Times, which states that he got off the train at Prince George, then went by a logging road into the wilderness a hundred miles north, when he was caught by the Canadian police. As a matter of fact, he got off at Vanderhoof on the main line of the G. T. P. and was apprehended there.

THE PROGRESS OF VILLA

(Special to The Daily News.)
Juarez, July 23.—Francisco Villa with six thousand followers is reported to be moving upon Torreon.
