ROCHON, Que., March 2nd, 1915. "I have received the most wonderful benefit from taking 'Fruit-a-tives'. I suffered for years from Rheumatism and change of life, and I took every remedy obtainable without results. I tried 'Fruit-a-tives' and it was the only medicine that really did me good. Now I am entirely well—the Rheumatism has disappeared, and the terrible pains in my body are all gone. I hope that others, who suffer from such distressing diseases, will try 'Fruit-a-tives'. NOTES AND COMMENTS

One of the most violent and costly attacks of the entire campaign has been delivered by the Germans last Sunday on the Aisne. The total success of this massive attack was a feeble foothold on the French trenches at one point. The Crown Prince has proved to be a costly commander to Germany. After more than a year of fighting at Verdun, his armies are where they were, having gained permanently nothing, while their losses have been tremendous. And still the Crown Prince is throwing away the lives of men.

Notwithstanding the trouble among the Russian troops in Galicia, the army to the north has made good progress. They have broken through the German lines for two miles and taken many prisoners. Russia has got lots of punch left yet, as she will show the Allies before she gets through.

The little kingdom of Siam has decided to throw in her lot with the Allies against the enemy of civilization, the Hun. Lying between British Burma, the Straits Settlement and French Indo-China, this little country has been the centre of a large German trade in pre-war days, and many of the German merchant marine took shelter in Bangkok at the beginning of the war. Siam has now taken possession of these vessels and has interned the crews, as alien enemies. The additional tonnage will come in very handily for the Allies.

Sir Thomas White, the Minister of Finance, is at present at Washington trying to negotiate a loan from the United States. This is the same minister who was elected in 1911 on the policy of "no truck nor trade with the Yankees." Politically, memories are short, but only six years ago, when reciprocity was defeated, the patriotic strains of "God Save the King" were heard on Prince Rupert's streets, when the election results came in. Canada had been saved. Saved for the Empire. "No truck nor trade with the Yankee." Instead of which it had only been saved for the food profiteer. It saved him competition. The Borden Government was compelled to go back on its election pledge. It had to adopt reciprocity with wheat and wheat products.

Don't merely smother your cough CURE IT

Mathieu's Syrup of Tar and Cod Liver Oil not only promptly arrests coughing, but thanks to its tonic and strengthening properties it helps the system to throw off the cold and thus effects a permanent cure. It is this quality which has won for it the largest sale of any cough and cold remedy in Canada.

Pay Your Debt To Your Defenders

Turn Your Luxuries Into Comforts For Those Who Have Sacrificed Most.

"Self-sacrifice, self-denial and service lie at the basis of the highest personal and national development."

Sir Thomas White, Minister of Finance.

IS it nothing to you that men from all round you have sacrificed home and salary, safety and life, to defend your home as well as their own?

IS it nothing to you that their wives and families tremblingly scan each casualty list, and pale at the step of the postman or telegraph messenger?

Can you see others giving their dearest, without feeling that you must do something yourself? Do you wonder what to do?

You can at least save—and lend your savings to the nation. Canada needs every dollar her loyal sons and daughters can spare, to meet the growing expenses of the struggle.

Every dollar you invest in Canadian War Savings Certificates helps the nation to deal generously with those who are defending you.

Certificates in denominations of \$25, \$50 and \$100, repayable in three years, may be purchased at any Bank or Money Order Post Office at \$21.50, \$43 and \$86 respectively. This means over 5% interest—making them a profitable as well as a patriotic investment.
