

NOTED MUSICIAN OF MONTREAL

Advises The Use Of "FRUIT-A-LIVES",
The Famous Fruit Medicine.

MR. ROSENBERG
689 Casgrain St., Montreal.
April 20th, 1915.

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-lives'." I have suffered from these complaints for many years, and my sedentary occupation, Music, brought about a kind of Mental Paralysis—with daily headaches, belching gas, drowsiness after eating, and Pain in the Back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try "Fruit-a-lives", and now for six months I have been entirely well. I advise any one who suffers from that terrible trouble—Chronic Constipation with the resultant indigestion, to try "Fruit-a-lives", and you will be greatly surprised at the great benefit you will receive". A. ROSENBERG.

PROFITEERS SHOULD BE CONSCRIPTED FIRST

out of their own pockets for the new levy of one hundred thousand men who are to help defeat the Germans and make the profiteers' wealth secure. It has not been suggested in so many words but the thought dwells in many minds.

The other day Mr. Middleboro, the Chief Conservative whip, gave a list of some twenty-two companies which had paid in war taxes \$5,268,811 during the year 1915. This amount represents the twenty-five per cent, tax paid on any profits they made over a legitimate peace profit of seven per cent. Multiply \$5,268,811 by four and you get what they made over and above what they should have made—namely \$21,075,244. Multiply the same amount by three and you get what they kept for themselves after paying the pittance to the state—namely \$15,806,433.

And these figures represent only twenty-two companies. Of course there are hundreds of others. It is apparent that the money power of the country is not being conscripted to nearly the same degree as the man power.

In time of need

Every woman should know the comfort, and experience the relief of a reliable remedy that can be depended upon to right conditions which cause headache, dizziness, languor, nausea and constipation. At such times, nothing is so safe, so sure and speedy as

BEECHAM'S PILLS

During the past sixty years, millions of women have found them most helpful in toning and strengthening the system, and for regulating the stomach, liver and bowels. These famous pills are entirely vegetable and contain no harmful or habit-forming drugs. Use them with entire confidence for they cause no unpleasant after-effects, and

list one observes that the William Davies Company, one of Sir Joseph Flavelle's numerous activities, paid in 1915 an excess profits tax of \$109,623, which means that the William Davies Company made in one year \$438,492 more than it should. When one considers Sir Joseph's protean disguises as a food exploiter, the many packing companies in which he is interested here and in the United States and in England, one begins to understand the causes of the high cost of living. One also begins to understand how Sir Joseph can scourge the other profiteers for making hogs of themselves when he is making so much money on his own account. Sir Joseph, who is chairman of the Imperial Munitions Board, and supposedly the power behind the Borden Government's throne, has said that Canadians should be ashamed to make so much money. Everybody will admit that Sir Joseph ought to know.

Another company which made considerable hay while the sun was shining in 1915 is the Imperial Oil Company. In fact the very top of Mr. Middleboro's list. Like Abou Ben Adhem its name heads all the rest. The Imperial Oil Company is the name the Standard Oil Company—Mr. John Rockefeller—takes to do business in Canada. In 1915 the Imperial Oil Company paid an excess profits tax of \$734,045. This means that the Imperial Oil Company made almost three million dollars more than a legitimate profit of which it kept two million three hundred thousand dollars. Every farmer's coal oil lamp, every motor truck, every automobile paid cess to John D. Rockefeller. There is nothing like making the old man happy. He needs the money for his philanthropies.

The Imperial Oil Company's representative in Ontario is the Hon. W. J. Hanna who was but lately appointed food controller. Mr. Hanna is working without salary and it therefore behooves us not to look a gift horse in the mouth. But the question naturally arises what is Mr. Hanna's personal attitude toward the people who in 1915 were squeezed of an extra three million dollars by the company he represents. One hopes that Mr. Hanna's efforts for the public good will not have a kerosene flavor. Mr. Hanna is said to be working for the good of the cause, a more plentiful supply of limelight for himself than he has lately enjoyed and—a knight-hood.—H. F. GADSBY.

Help Canada Maintain Her Financial Freedom!

Do Your Share towards Financing the War with Canadian Savings Rather than with Outside Capital.

THE problem of meeting the enormous cost of this war is twofold. Not only must Canada get the money—most of it, of course, as loans—but she must get as much of it as possible here in Canada.

We can carry the war-debt if the bulk of the interest goes to Canadians, and so is used again in the country's development. But it will be a serious matter for us if a large proportion of the interest has to be sent outside the Dominion.

For the sake of our own and our children's future this drain on our resources must be avoided! Canada's financial freedom can and must be maintained! An average saving of 15 cents a day, invested by each man, woman and child in Canada in War Savings Certificates, would enable us to carry the whole cost of the war. To approach this average, hard work, thrift, self-denial and sacrifice are required of every citizen.

For each \$21.50 you lend the Government now, you will receive \$25.00 in three years—or you can get your money back at any time. Certificates are issued in denominations of \$25, \$50 and \$100, and may be purchased at any Bank or Money Order Post Office.
