

THE TONIC THAT BRINGS HEALTH

"Fruit-a-lives" Builds Up The Whole System

Those who take "Fruit-a-lives" for the first time, are often astonished at how it builds them up and makes them feel better all over. They may be suffering from "Fruit-a-lives" for some specific disease, as Constipation, Indigestion, Chronic Headaches or Neuralgia, Kidney or Bladder Trouble, Rheumatism or Pain in the Back. And they find that "Fruit-a-lives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit juices. Box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

SOLDIERS' MEALS

On the average every Canadian family wastes enough to feed a soldier. Such is the declaration of Miss B. M. Philip of Macdonald College, who urges every Canadian woman, as a necessary war measure, to at once examine the details of her household expenditure. She says:—"The average Canadian household is not organized with a view to the greatest measure of efficiency. The possibilities in the way of economies are enormous. It has been calculated that on the average each Canadian family wastes enough to feed a soldier! The most satisfactory economies that may be effected are in small things. They involve no sacrifices or even discomforts. On the contrary, they promote orderly habits, simplify routine and contribute materially to domestic happiness."

More than this, such economies mean saving. National saving is essential to victory. The Government needs every dollar it can secure for war purposes. Practise economy and invest your money in War Savings Certificates.

COLLAPSE OF MARK IN SWITZERLAND

London—Financial circles, says the London "Evening Standard," are watching with interest the present rapid and irregular decline of the mark.

During the present month the German rates of exchange on Zurich, Christiania, Copenhagen, Stockholm and Amsterdam have fallen seriously and without exception.

The course of the Swiss exchange is particularly to be observed, for Switzerland is the Hindenburg line of German finance. In the first week of July the rate of exchange on Zurich was never below 75. By July 11 it stood at 65.50. It should be noted that the par of exchange is 123.44 francs to 100 marks, and that the mark in Zurich is now only about one-half its normal value.

The collapse in Switzerland has synchronized with a less serious collapse in the other neutral capitals.

Cause of Decline.

One reason for this decline is Germany's diminishing power to find the necessary exports with which to pay for the imports which she is obtaining from neutral countries. It is more and more difficult for Germany to find coal and iron from Holland and Switzerland with which to pay for Dutch produce or for Swiss munitions, and the balance has to be made up in hard cash; but the prevailing reason for the sharp fall during the present month is probably due more than anything else to the closing of Germany's best market for financial facilities and credit of all kinds. Germany can no longer obtain the florins or crowns necessary for the discharge of her debts through New York. Credits and transfers can no longer be arranged with America by wireless.

We may reasonably expect the position to grow steadily worse in the coming months. Switzerland is the barometer of German credit, and the layman in finance cannot do better than watch the Swiss rate and draw his conclusions from that. The German authorities control their exchange transactions in Switzerland very thoroughly, and when the position goes against them in Zurich we may infer that German credit is seriously imperilled.
