After Taking Only One Box Of "Fruit-a-fives"

EAST SHIP HARBOUR, N. S.
 "It is with great pleasure that I write to tell you of the wonderful benefits I have received from taking "Fruit-a-fives". For years, I was a dreadful sufferer from Constipation and Headaches, and I was miserable in every way. Nothing in the way of medicines seemed to help me. Then I finally tried "Fruit-a-fives" and the effect was splendid. After taking one box, I feel like a new person, to have relief from those sickening Headaches".

HON. JOHN OLIVER ON THE BORDEN GOV'T.

Victoria, August 7.—"The Borden Government has failed, and failed miserably, because they have as yet taken no steps to ascertain the real stock of the resources of the country and in consequence have neither utilized nor apportioned them in the direction from which the best results might be secured." The foregoing was one of the forcible observations of the Hon. John Oliver, Minister of Agriculture, when addressing the joint meeting of the Victoria Men's and Women's Liberal Associations in the Knights of Pythias Hall here.

Despicable Trick.

He deplored the tactics of Sir Robert Borden, who had literally told Sir Wilfrid Laurier that it was his duty to assist in the prosecution of an already formulated plan, which would have amounted to a consent on the part of the Liberal Leader to coerce his compatriots and rescue Sir Robert from the fruits of the Conservative campaign waged in Quebec at the last election.

The issue had been made one between "traitor" Laurier and the patriot Borden. It was a despicable attempt to cover up the misdeeds of the present administration.

MARGUERITE SNOW in "HIS GREAT TRIUMPH" Showing at the Westholme Theatre tonight.

able attempt to cover up the misdeeds of the present administration. "I look upon Sir Wilfrid Laurier as one of the wisest men in the Dominion today," continued Hon. Mr. Oliver. "He weighs up very carefully what he says and does. He is in a better position than any man in public life to judge of the needs of the country from every point of view and I am quite prepared to stand by his judgment."

Sound Argument.

The minister asked his audience if they considered Laurier to be a traitor to the Empire when he reduced the tariff on raw materials in 1906 to the benefit of the British manufacturer, an action which had had the effect of binding the Dominion and the Motherland in closer ties than ever. Was he a traitor, when he conceived, with his wonderful breadth of vision, a Canadian navy? Was he not looking forward to the day when Canada could take her part with effect as occasion might demand?

This was the statesman who was to be branded to the ends of the earth as a traitor to his country if he did not permit himself to be coerced by Sir Robert Borden. And all this with a retentive memory of the days when the seeds were being planted in Quebec in 1911 against naval and military service for the Empire. The charge against Sir Wilfrid was the most far-fetched one that any public man could utter. "Sir Wilfrid Laurier's honesty, integrity and loyalty are beyond the slightest suspicion and I challenge any man to gainsay that," stoutly protested Hon. Mr. Oliver.

Where You Cannot Prophecy — PREPARE !

NOT even the best-informed man in government or business circles dares to attempt a prophecy of conditions after the war. We hope for the best—meantime wise men are preparing now for anything.

How ?

By regulating their expenditures according to their actual needs rather than by their prosperity—by husbanding the surplus—and by investing to the limit in Canadian War Loans that help so much to maintain present prosperity.

Money saved and loaned to Canada by Canadians is a two-fold safeguard for the future. The lenders will benefit directly from the excellent interest return and absolute security—and indirectly because the interest thus kept in Canada will help to keep business good after the war.

Canadian War Savings Certificates are issued in denominations of \$25, \$50 and \$100, repayable in three years. At the purchase prices of \$21.50, \$43 and \$86 respectively, they yield over 5% interest. Buy them at any Bank or Money Order Post Office.
