## MORIBUND AND INEFFICIENT

"Whereas, there has been no time since war has been declared when Premier Borden could not have had the unreserved co-operation of the Liberal members of the Dominion House and the able assistance of the Federal leader of the Liberal party in the formation of a national administration for the purpose of co-ordinating the wealth, resources and man power of Canada to the end that the maximum strength of the nation be mobilized for the prosecution of the war, and

"Whereas, the Borden Government has chosen rather to exploit the war as a profit sharing enterprise, conducting the affairs of the country in the interests of profiteers, even to the extent of slacking off in recruiting, and

"Whereas, patronage and party profit have superseded military necessity, and

"Whereas, this sordid treachery to the allied cause and the blundering of the Borden Government has brought about an impasse wherein members of the Government are driven to the realization of their own inability to carry on and now send out the cry to Liberals to come over and save them

"Therefore, this convention is of opinion that duty to country in this crisis cannot consist in perpetuating and galvanizing into new life the moribund and hopelessly inefficient Borden Government, and

"It is hereby resolved that, in the opinion of this convention, the affairs of the Dominion are safe only in the hands of Sir Wilfrid Laurier, whom this convention endorses."

This resolution is one brought forward to the convention at Winnipeg by Attorney-General Cross of Alberta, as representing the views of the Alberta delegation. This resolution is one which represents the views of many other than the people of Alberta, and it expresses succinctly just what the country thinks of the present incumbents at Ottawa. Sir Robert Borden, in his time of need, is said to be striving for a Union Government. The country is

dissatisfied with the manner in which his Government has conducted the affairs of the nation during the time it has held office, and he knows it. Sir Robert may be Prime Minister, but he does not lead. The necessity for a Union Government was as great three years ago as it is today for the nation. That was the country's time of need.

Sir Robert Borden, at the outbreak of the war, had the opportunity to invite the co-operation of the Liberal party in forming a strong national government, which would have been representative of all that was best in Parliament. By means of a national government, party issues would have been forgotten, but it suited many of the politicians—not statesmen—to retain office, and to place their own consideration above that of the Dominion. The Hon Robert Rogers would be very certain that he would have no place in a national government. Neither would several other members of the present cabinet. But they preferred to remain clinging to office, rather than Canada should put forth her every effort in the winning of the war. Fat munition contracts had to be placed, and the friends of the Government had to get profits. These considerations came before Canada United. Sir Robert Borden was not strong enough to overcome the disinclination of his colleagues then, for the formation of a national government. Now, Sir Robert is not strong enough to form a national government. He lost the opportunity.

The necessity exists today as ever for a strong government, with the confidence of the people behind it, to undertake all measures for the purpose "of co-ordinating the wealth, resources and man power of Canada to the end that the maximum strength of the nation be mobilized for the prosecution of the war." That is the prime necessity. The Borden Government has failed lamentably in this co-ordinating of the whole strength of the Dominion. Having been tried and found wanting, the Borden Government will have to give place.

## HIGH COST OF LIVING DOESN'T WORRY THESE

Ottawa, August 10.—When C. A. Magrath was appointed Dominion Fuel Controller it was proudly announced by the Borden Government that he was working without a salary. Yesterday, however, it was stated in the House of Commons that H. P. McCue, of Pittsburg, U.S.A., had been appointed his assistant at the princely salary of \$25,000 a year. When W. J. Hanna was appointed Food Controller it also was announced that he would work without pay. But S. E. Todd and W. A. Willison, the son of Sir John Willison, were appointed his assistants at \$4,500 a year each and both are very young men. F. W. French, another assistant, is receiving \$250 a month and living expenses (not to exceed \$100 per month).

Meatless days and baconless mornings will have no terrors for these.

## Navigable Waters Protection Act. R. S. C. Chapter 115.

The Grand Trunk Pacific Railway Company hereby gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry Office, District of Prince Rupert, at Prince Rupert, a description of the site and plan of wharf and fish curing plant and other works proposed to be built in Prince Rupert harbor at Prince Rupert, British Columbia, in front of Waterfront Block "1," according to registered plan of the townsite of the said City of Prince Rupert registered in the aforesaid land registry office as No. 923, Section 7.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, the Grand Trunk Pacific Railway Company will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plan and for leave to construct the said works.

## You Can Make Excellent Cake With Fewer Eggs

Just use an additional quantity of Dr. Price's Cream Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

## CREAM LAYER CAKE

## Old Way

1 cup sugar  
1 cup milk  
2 cups flour  
2 teaspoons Dr. Price's Baking Powder  
3 EGGS  
1 cup shortening  
1 teaspoon flavoring

## New Way

1 cup sugar  
1 cup milk  
2 cups flour  
4 teaspoons Dr. Price's Baking Powder  
1 EGG  
1 tablespoon shortening  
1 teaspoon flavoring

## Makes 1 Large 2-Layer Cake

DIRECTIONS—Cream the sugar and shortening together, then mix in the egg. After sifting the flour and Dr. Price's Baking Powder together, two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.
