## HON. T. D. PATTULLO ON CONSCRIPTION

Victoria, Aug. 17.—"The unanimity of viewpoint at the Winnipeg Convention was so marked as to leave no room for doubt as to the attitude of mind of Western Canada upon the problems confronting us," said the Hon. T. D. Pattullo to a press representative here. "We must show ourselves big enough to accomplish two great purposes. The first of these purposes is to win the war, and the second one is properly and adequately to take care of the internal economy of Canada. In other words, we must win the war and at the same time preserve internal unity."

"Those who give no thought to internal conditions," continued the Minister, "but blindly rush to the single solution of coercion, in which they are encouraged by the profiteers who are holding Canada in thrall, are unconsciously doing the Empire and the cause of freedom and justice a poor service."

"The Liberal party is in favor of conscription of all our resources for the winning of the war, including man-power," went on Mr. Pattullo, "but it is in favor of the intelligent application of measures to this end and not a super-hysterical application. This is the time for sensible men to hold their heads. All our material resources must be marshalled in every form to the service of the state, including also the regulation of wages and prices."

### Unequal Burdens.

Passing on to the economic conditions now prevailing in the Dominion, the Minister of Lands continued: "The purchasing power of the dollar is every day diminishing, while the rich are getting richer and the poor becoming poorer. From present indications before the war is over the interest on Canada's debt will be as large or larger than the ordinary revenue. Who is to pay this debt and provide the amounts necessary to carry on? The mass of the people will owe the money to a few of the people, and the masses, though seemingly able to come and go, will as truly be economic slaves as were the negroes in the south actual chattels."

### Away With Theories.

"It won't do," went on the minister. "I wish to reiterate what I have several times stated, that no man has the right to a single dollar of abnormal profits from the operations of the war. All the superprofits must be taken by the state for the liquidation of our national indebtedness. The will and welfare of the people as a whole must be supreme. In this epochal time, those who fight, and those dependent upon those who fight, must be thoroughly and adequately provided for. All others must give time and service and wealth for the benefit of all. This aspect must not remain a nebulous theory; it must be put into actual practice. We must have a government with the will and the foresight to do. "The citadel of privilege is tottering and those in command," concluded Mr. Pattullo, "are seeking to deceive by loud shoutings of lip loyalty designed to mislead the unthinking, but the intelligent understanding is now aroused, and nothing will satisfy but the sovereign will and good of all the people shall and must be paramount."

## You Can Make Excellent Cake With Fewer Eggs

Just use an additional quantity of Dr. Price's Cream Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

### CREAM LAYER CAKE

#### Old Way

1 cup sugar  
1/2 cup milk  
2 cups flour  
2 teaspoons Dr. Price's Baking Powder  
3 eggs  
1/2 cup shortening  
1 teaspoon flavoring

#### New Way

1 cup sugar  
1 cup milk  
2 cups flour  
4 teaspoons Dr. Price's Baking Powder  
1 egg  
2 tablespoons shortening  
1 teaspoon flavoring

### Makes 1 Large 2-Layer Cake

**DIRECTIONS**—Cream the sugar and shortening together, then mix in the egg. After sifting the flour and Dr. Price's Baking Powder together, two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes.
