Completely Restored To Health By "Fruit-a-lives"

332 St. Valier St., MONTREAL.

"In 1912, I was taken suddenly ill with Acute Stomach Trouble and dropped in the street. I was treated by several physicians for nearly two years, and my weight dropped from 225 pounds to 100 pounds. Then several of my friends advised me to try "Fruit-a-lives". I began to improve almost with the first dose, and by using them, I recovered from the distressing Stomach Trouble—and all pain and Constipation were cured. Now I weigh 208 pounds. I cannot praise "Fruit-a-lives" enough". H. WHITMAN.

SIR CLIFFORD SIFTON AND BIG BUSINESS

(Continued From Page One.)

knows when to quit—which is when there is no more to get.

Sir Clifford, as the Financial Post says, has enjoyed a well earned leisure ever since 1911. What the Financial Post means is that nobody asked him back into public life, not even the Conservatives whom he helped to win in 1911. They were afraid of Sir Clifford. He was too clever for them. Now he is obliged to ask himself back. During all the years Sir Clifford has been out of public life his animating motive has been hatred of Sir Wilfrid Laurier. He fed that hate fat in 1911 when he fought Laurier and reciprocity and delivered this country into the hands of the food pirates, and now he is trying to feed it again in 1917. Such is the impulse behind Sir Clifford's alleged patriotism—nothing better than a personal grudge.

What did Sir Clifford do in 1911? Well using "no truck or trade with the Yankees" as his slogan, he recanted his free trade doctrines, fought reciprocity, organized Canada against the Laurier government, defeated the Old Chief and incidentally handed Canada over body, bones and breeches to the food exploiters like Sir Joseph Flavelle, who have doubled the cost of living in seven years and bled the people of this country of the last cent for the necessities of life. That was Sir Clifford's great feat in 1911—that and the downfall of Sir Wilfrid Laurier as prime minister of Canada. Sir Wilfrid's defeat was a moral triumph—he went down on a bed-rock Liberal principle, freer trade, cheaper food for the common people.

When Sir Clifford set out to stab his party in 1911 he did it in no half-hearted way. No indeed. He handled the campaign fund for the Big Interests, distributed it where it would do most good—or most evil—and made a special point of wrecking the Laurier cabinet individually and collectively. He succeeded all too well. He waved the Old Flag with one hand until the people forgot what the other hand was working for. The people had to learn their bitter lesson through short rations and famine prices. They are fully awake now to the fact that Sir Clifford did them in 1911 and he can hardly do it again. The people always have to learn by experience it is their noble weakness to believe that a big man cannot tell anything but the truth. The voice of the people may be the voice of God but the mind of the people is often that of a twelve year child. Otherwise they could not be deceived by the smooth words of a Sir Clifford Sifton. To be deceived twice by the same person would show that they had no mind at all.

In 1911 Sir Clifford Sifton used "no truck or trade with the Yankees" to deliver this country over to the Big Interests. He also used Arthur Hawkes to excite the British born. In 1917 Sir Clifford Sifton used two cries "win the war" and "union government" with the same object in view—namely to tie the country up to Big Business again. He issues a manifesto to the effect that the Borden Government is no good, but he does not dwell on that thought very long. Fully three quarters of the manifest is occupied with invidious remarks about Sir Wilfrid Laurier—his old bete noir. Sir Clifford lacks the art to conceal his real feelings.

Strangely enough Sir Clifford is again using Arthur Hawkes as his little tin bugle in Ontario. This chartered crusader who has (continued on Page Four.)

Saves Eggs

Dr. Price's Cream Baking Powder makes it possible to produce appetizing and wholesome cakes, muffins, corn bread, etc., with fewer eggs than are usually required.

In many recipes the number of eggs may be reduced and excellent results obtained by using an additional quantity of Dr. Price's Baking Powder, about a teaspoon, in place of each egg omitted. The following tested recipe is a practical illustration:

Sponge Cake	Direction: Roll sugar and water until syrup spins a thread and add to the stiffly beaten whites of eggs, beating until the mixture is cold. Stir together three times, the flour, salt and baking powder; beat yolks of eggs until thick; add a little at a time flour mixture and egg yolks alternately to white of egg mixture, stirring after each addition. Add 1/4 cup cold water and flavoring. Mix lightly and bake in moderate oven one hour.
1 cup sugar	
3/4 cup water	
3 eggs	
2 teaspoons Dr. Price's Baking Powder	
1 cup flour	
1 teaspoon salt	
1/4 cup cold water	
1 teaspoon flavoring	

The old method called for six eggs and no baking powder

Booklet of recipes which economize in eggs and other expensive ingredients mailed free. Address 6 St. Lawrence Boulevard, Montreal.
