STRAIGHT ISSUES OF THE COMING ELECTION

(Continued From Page One.)

some honest English-conscriptionist Liberals in and out of the House of Commons—twenty-six of them you will remember voted against Sir Wilfrid Laurier on the question—but the win-the-war crowd in Toronto is under suspicion of seeking other objects than winning the war. What they want to win is a toehold in federal politics. I name no names but I look straight at him. Of course everybody wants to win the war but some of us differ as to ways and means. What we don't want to win is a lot of Pharisees who couldn't get into public life any other way.

Mr. Atkinson has found it good for the circulation of his newspaper to pose as a Liberal in theory and a Tory in practice, the editorial page always being in a condition of stable equilibrium. He believes in justice to the worker and is worth two million dollars. Mr. Atkinson is in favor of winning the war, unionizing the government and retiring Laurier. Dr. Michael Clark of Red Deer is under engagement by the Borden Government to preach to hell-with-Laurier in Ontario and the West. Dr. Clark has just been given the bounce by his Liberal supporters in Red Deer who are nominating another candidate who will have a kinder feeling toward the Old Chief.

Red Michael is the trumpet and Arthur Alfalfa Hawkes is the little tin bugle of the movement in Ontario. Arthur is a chartered crusader. He is always in favor of any noble thought that has money in it. Up to 1911 Arthur was a Liberal. Then he turned on his friends and inflamed the British-born as far as he could against cheaper food from the United States than we were getting from Sir Joseph Flavelle and his friends.

A year or two later the Conservative party decided that Arthur wasn't much good to them after the election was over and let him go. For a while after that he was Canada-First, ran a by-election on it, got twenty-seven votes and gave it up as a bad job. More recently Arthur was a Bonne Entente—that is to say he was in favor as long as the pay held out, of a better understanding with Quebec. Now that he is a win-the-war man he is in favor of fighting the Plains of Abraham all over again to put Quebec in her place.

Such are some of the men and some of the motives behind the movement which takes win-the-war and union government as disguises but whose real object is to behead Sir Wilfrid Laurier and the Liberal party. The archplotter, the Big Man Behind, beside whom Mr. J. E. Atkinson is only a tin Machiavelli, is Sir Clif-
