Nothing Helped Him Until He Took "FRUIT-A-TIVES"

**ALBERT VARNER**  
Buckingham, Que., May 3rd, 1915.  
For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-tives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-tives", and you will get well!"

Box a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

aged to tell on the floor of the House.  
Whereupon Sir James Lougheed shrugged his shoulders and hoped that they would "express their opinions frankly." Sir James probably regards the gag clause as another bluff—something to scare the bystanders but not meant for real use. Some persons have been unkind enough to say that the Military Service Act is built on that principle all through. Its bark is very savage but its bite has no teeth in it.

The Military Service Act is now law. That is to say it is on the statute book and all it awaits is the word of the Government for

## LAND ACT

**SKEENA LAND DISTRICT—DISTRICT OF COAST, RANGE 5.**

TAKE NOTICE that the Grand Trunk Pacific Railway Company of Winnipeg, Manitoba, intends to apply for permission to lease the following described lands:—Commencing at a post planted at the most northerly point of Lot 507 at or about high-water mark, thence northerly, easterly, southerly and westerly, following the sinuosities of the shore-line to a point of commencement, including all that foreshore between high-water and low-water. its enforcement. Quebec is almost docile under the prospect. Sir Wilfrid Laurier tells his fellow countrymen to obey the law and Sir Lomar Gouin reiterates the good advice. The position of these two great statesmen is sound. The law is the law even if it is disagreeable to minorities.

Conjecture is rife as to when the Borden Government intends to bring the Act into force, do the conscripting and set up the exemption tribunals. Will it be before the general election? Or what is more to the point will it be before the harvest? The Ontario Government is clamoring for ten thousand men to work in the fields. The Northwest wants thirty thousand more. If one hundred thousand men are shifted from this country to the battlefields of Europe how is the agricultural industry of Canada going to supply their places? How is Canada going to produce more food to send overseas to the allies as Food Controller Hanna wants us to do? No doubt the Borden Government will take these matters into account in carrying out the Act.

Another point which must be troubling the Government is the pay and upkeep of one hundred thousand men which amounts, roughly speaking, to one hundred million dollars a year. Finance Minister White finds it increasingly difficult to borrow money. Canada is spending \$850,000 a day on the war now. The new levy of one hundred thousand men will bring our outlay on war up to a round million dollars a day.

It has been suggested that the Government save money by dropping hundreds of ornamental officials from the pay roll, but so far they show no disposition to do this. According to Sir Edward Kemp's own figures seventy-six thousand units have been let out. Most of these units were on the pay roll for a year or over. The waste of money from this cause probably aggregates a hundred million dollars or more. Sir Edward Kemp also revealed the fact that there are 143,000 Canadian soldiers in France. One hundred thousand able-bodied Canadian soldiers in England, and 22,000 in Canada. In other words there are nearly as many Canadian soldiers in reserve in England and in this country as there are in the war areas of Europe. Another hundred thousand will make the reserve about double the number at the front. Meanwhile recruiting progresses at the rate of 4,257 a month, which is 600 more than the casualties for the same time.—H. F. Gadsby.

## The LUX Bath

To-night—sprinkle 2 or 3 spoonfuls of LUX into the bath water. Stir it about. What happens? The LUX flakes dissolve instantly, making the water as soft as that from the old time "cistern" or rain-barrel on the farm—do you remember?

## Soft as Summer Rain

Becomes the water into which you have stirred a few LUX flakes—pure essence of soap. An exquisite, soothing and refreshing quality is given the bath, or shampoo, and what's more, no further soap will be needed.

It's the modern, quick way of using soap—and it's by far the best way for the bath. Use soap in the ordinary way and you rub or force some of it into the pores.
