KORNILOFF WOULD SURRENDER ON TERMS

MILITARY SERVICE EXEMPTION TRIBUNALS TO BE READY BY SEPTEMBER 30

KORNILOFF'S FORCES HAVE SURRENDERED

Kerensky Leaves Petrograd at the Head of Government Army to Meet Korniloff, Who Offers Terms.

(Special to The Daily News).
Petrograd, Sept. 14.—M. Skobelev, the Russian Minister of Labor in the Kerensky Cabinet, and member of the Council of Workmen and Soldiers' Delegates, announced through the official Russian News Agency today that General Korniloff's adventure has collapsed. The army at his headquarters has surrendered to the Provisional Government.

Offers Terms.
General Korniloff, the leader of the rebellion against the Provisional Government, has expressed his willingness to surrender on certain terms, but the Provisional Government demands his unconditional surrender. Numerous delegations from Korniloff's army are arriving at the staff headquarters in the Petrograd Military District in a penitential mood. It is possible that the revolting officers may suffer punishment. Capital punishment may be meted out to the revolutionary converts to necessity for military discipline. No fighting has been reported so far. The Provisional Government has declared Korniloff to be a rebel and a traitor. It is possible that negotiations may be entered into.

Suicidal Fighting.
The Russian armies in the field are fighting desperately and successfully against the Germans in the northern front despite the civil war between Korniloff and Kerensky.

Leaves Petrograd.
London, Sept. 14.—Swedish newspapers say that Kerensky has left Petrograd at the head of the Provisional Government's forces to meet Korniloff.

ENEMY SUB SUNK BY U. S. DESTROYER

A Gulf Port, Sept. 12.—The capturing by an American destroyer and the killing of four members of the submarine crew who had boarded a British steamer, is reported by Wm. Raymond Brown, an American seaman, who arrived here yesterday aboard a British steamer.

According to the story told by Brown, the submarine emerged near the steamer, but soon after she came alongside the American destroyer came up and destroyed the U-boat.

After the submarine was destroyed the men who had previously gone aboard the British steamer tried to take charge of the vessel.

One of the German officers was hit on the head and killed as he was going to the engine-room, and three others were killed in the fight that followed.

Brown said that only two Germans remained aboard the submarine after she came alongside the steamer.

The Germans who were not killed in the fight on the destroyer were turned over to the steamer as prisoners.

A FOOD CONTROLLER WHO CONTROLS PRICES

Washington, Sept. 12.—Food Commissioner Herbert C. Hoover struck his first smashing blow at exorbitant retail prices today. He enlisted an army of housewives to watch prices in every community of 3,000 or over. They will report to him by mail weekly. On the basis of these reports and aided by public opinion, Hoover will lash profiteering retailers to the mast and hammer prices down to reasonable levels.

The plan was put into effect through the treasury department today. A letter addressed to the president of every national bank, asked the appointment of a "food reporter" from the staff of each bank, or from among the women in the homes of the bank officials. "Hoover desires," said the letter, "to find correspondents in each place who will inform themselves at the end of each week the prices being charged by retail grocers and food dealers for thirty articles named."

GERMAN PAPER RAIDED IN PHILADELPHIA

Philadelphia, Sept. 13.—In a raid on the Philadelphia Tageblatt, a long established German language morning newspaper, which is charged with having been attacking government war policies for several months past, federal agents arrested the editor and business manager and confiscated large quantities of correspondence, files and documents. The prisoners, who are charged with violating the Espionage Act, are Dr. Martin Darkow, editor, and Herman Lemke, business manager. Warrants also have been issued for the president, treasurer, editor-in-chief and an editorial writer.

The government agents in one warrant charge certain members of the staff with "wilfully making and conveying false reports and statements with the intent to promote the success of the enemies of the United States, while the United States is at war."

A second warrant charges the staff with using the mails for the same purpose.

The raid follows an announcement from Washington that the government intended to take drastic action against all foreign language newspapers circulating anti-war propaganda.

MEAT SCARCITY WILL LAST FOR MANY YEARS

Toronto, Sept. 10.—At the directors' luncheon at the Canadian National Exhibition, W. J. Black, commissioner of agriculture for Canada, stated that prices of meat products would remain high after the war.

He declared that Canada would send two hundred million bushels of wheat to the Allies this year. Since the outbreak of war there were 28,000,000 fewer cattle, 50,000,000 fewer sheep and over 30,000,000 fewer hogs. The result would be that in the years after the war the prices of meat products and live stock would still remain high. The farmers were not receiving prices out of proportion when compared with prices of other products which the people were buying.

MORAL FORCE IS ON RUSSIANS' SIDE

Petrograd, Sept. 12.—The committee of the 12th Russian Army, before leaving Riga left an appeal printed in German and addressed to the German soldiers, pointing out that the latter was making war on the side of autocracy and against a revolution of liberty and justice. The appeal said the victory of Kaiser Riga would mean the end of democracy.

"We are leaving Riga," says the appeal, "but we know the revolutionary spirit will prove stronger than your cannon, we know that in the end your conscience will see more clearly and that you will march on to victory and liberty side by side with the revolutionary army."

"Your strength is greater than ours, but your superiority is merely of physical force. Moral force is on our side. History will relate that the German proletariat marched against their Russian brothers forgetting the dictates of international solidarity."

The appointments to Mr. W. P. Hinton and Mr. W. E. Duperow marks the rapid promotion of two officials who have served the company with all due diligence and have won their advancements strictly on their own merits and

In 1905 the Grand Trunk absorbed the Canada Atlantic and he became general agent in the passenger department. He occupied several other important positions in the East, gradually working up the ladder until in 1915 he became traffic manager of the Grand Trunk Pacific at Winnipeg, having charge of both freight and passenger traffic and at the same time receiving the appointment of western traffic manager of the Canadian Government Railways.

Mr. Duperow became well-known in Victoria when he occupied a position with the company there, having been transferred to Winnipeg in 1913.
