**CONSCRIPTION**

The conscription issue is once more before the Canadian people and this time in a manner which may cause serious perturbation throughout the whole Dominion. The third Annual Convention of the Trades and Labor Congress of Canada are now meeting in Ottawa and the matter has been discussed there, to some considerable length. The attitude of organized labor throughout the Dominion is not at all friendly towards the policy of the present Government nor yet to its compulsory Military Service Bill, for exactly the same reasons which prompted the Opposition of the Liberal members in the House and Liberals through the Dominion to that act.

No objection is taken to the principle of conscription. At the necessity of the country, both Liberals and Labor will do their respective share. And they expect that every other party and individual in the Dominion to do likewise. The objection taken is to the provisions of this bill itself. It is frequently called the "Conscription" Bill although it is merely a Military Service Bill. The word conscription has an infinitely wider significance than merely compulsory military service. The attitude of Labor is simply this, that if man power is to be conscripted for war purposes, the principle of conscription should be applied all round.

The worker who is conscripted gives his all to the service of his country, willingly or unwillingly. The man who does not go, either from choice or necessity, in the opinion of Labor, is not required to make any sacrifice at all, except for the shadow of an income tax, imposed by the gentle hand of a Finance Minister of much delicacy. Considering the matter as a whole, the inequality in the distribution of the burden of war is apparent. The continuance of this inequality, however, is profitable to that section of the community which is very well able to carry a much greater share of the burden.

The Labor Congress is discussing the possibility of a

general strike throughout the Dominion. This might be a very effective protest, the most effective, indeed, provided that it could be carried out. But this is open to question. There are many in the ranks of organized labor whose patriotism would not permit of their adopting such a course. And while every man is entitled to his own ideas regarding patriotism, and conscription, too, the calling of a strike would very probably result in the disruption of Organized Labor. Which would be a bad thing—for Labor.

The conscription of wealth is a very live issue in the ranks of Labor. Conscription of wealth is one of the chief planks of the Liberal platform. By a policy of a sane co-operation at the coming Dominion election, the object of both parties will undoubtedly be attained.

**WINNIPEG GOES INTO THE COAL BUSINESS**

Winnipeg, Sept. 18.—Following Vancouver's lead, Winnipeg citizens have forced the city council to establish a coal and wood yard. Following the advance of fifty cents a ton, by local dealers in defiance of the fuel controller's orders, a big row developed. A showing was made that hard Pennsylvania coal is brought into this territory actually cheaper than in other years because of the increased tonnage secured from American cities, which have established civic fuel yards, show a heavy reduction to consumers. Kalamazoo, for instance, is reducing each ton by \$2.50 and still leaving a fair margin of profit to dealers if they desire to compete. Winnipeg will ascertain the cost of delivering coal in Winnipeg and charge a profit of fifty cents per ton.

If the dealers don't like it they can retire from business.

**KAISER WORTH ONLY A THOUSAND DOLLARS**

Minneapolis, Minn., Sept. 17.—Labor's Loyal Legion, recently organized here, will pay \$1000 to the American soldier who might succeed in capturing dead or alive the Kaiser or the Crown Prince.

This was decided at a meeting of the executive committee last night. The legion will pay \$500 to the first American soldier to take prisoner, dead or alive, a member of the general staff of the German army, and \$200 to the first American soldier who captures, dead or alive, a German soldier.
