WHY GERMANY FOSTERS DISUNION IN RUSSIA

The German press displays the greatest interest in the fate of the Ukraine. In the "Rheinische Westfälische Zeitung," for example, Dr. Hennig, formerly an official in the Foreign Office, discusses the question to what extent the success of the Ukraine movement will affect the interests of the Allied Central Powers. It is a most serious business, he says, for the sundering of the Ukraine from the Russian State shuts off the latter completely from the Black Sea, and deprives her of her most valuable slice of territory. Should it happen that differences of interest arise between the Ukraine and Russia the Ukraine can only preserve its independence by complete association with the dependence of the Central Powers on Mittel Europa. The perspectives which this thought opens up simply bewilder Dr. Hennig, and fill him with an enthusiasm which occasionally reaches incoherence. Dr. Hennig gives an account of the economic riches of the Ukraine, with its 35 million inhabitants, its illimitable wheat zone, which is over 30 per cent. of the entire cultivated land of Russia, its 30 million cows, pigs and horses. Three-quarters of the entire Russian production of coal come from the Ukraine, and its coalfields cover 16,000 square miles. Nearly three-quarters of the iron raised in Russia is also of Ukrainian origin. One must consider likewise that in peace time 70 per cent. of Russian exports were shipped from Ukrainian harbors—Odessa, Nicolaieff, and the rest. In Dr. Hennig's opinion the Ukraine movement will be more dangerous for Russia than any other Nationalist effort.

Adroit Diplomacy Desirable.

It is with much satisfaction that the writer notes the progress of this movement, which is no longer on the surface and shared only by a few enthusiasts, but has penetrated deeply in the ranks of the people. Russia in her old days recognized no Ukrainian movement, and always spoke of the Ukrainians as Little Russians, but those days have passed. The separatist tendencies in the country are now fully alive and must be given expression to. There are, Dr. Hennig alleges, movements towards an approach to the Central Powers, movements which will doubtless strengthen. "An adroit diplomacy on our side will powerfully further the secessionist movement." It goes without saying, says the writer, that in a future economic struggle the position of the Central Powers would be enormously strengthened if they could draw on the Ukraine and its unlimited resources of corn, coal, iron, and other minerals. "These resources would be developed to their utmost by German intelligence, and would produce magnificent fruit. And for Russia the loss of the Ukraine would mean the loss of her position as a European Great Power. The Central Powers would powerfully support an independent Ukraine—which militarily would flank Russia and render her helpless. The Black Sea would become a mere nostrum for the Quadruple Alliance—and the question of the Straits would have no further significance. Does one say too much when one declares that the declaration of Ukrainian independence would be one of the most magnificent events of the war, and for Germany one of its most promising results?"

BE CLEAN INTERNALLY

Over 500,000 People Are Now
Doing So.

For many years physicians have agreed that 95 per cent. of human ills was caused by accumulated waste in the Lower Intestine, that in our present way of living Nature could not remove all this waste without assistance, no matter how regular we might be; and that the poisons from this waste circulated through the blood pulled us away down below par and were responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of their recommendation and those of its users, been steadily growing in favor.

Recently, however, the startling news, which has been covering the country that great surgeons and specialists have been operating on the Lower Intestine in such serious diseases as Tuberculosis, and attribute such conditions of chronic ill-health as Nervous Debility and Rheumatism to this cause, also saying that these poisons are favorable to the development of cancer and Tuberculosis (as stated in a recent article in The New York Times), has caused people to become thoroughly awake to the importance of keeping this Lower Intestine free from all poisonous waste matter, and over 500,000 are now using Internal Baths.

This enthusiastic and grateful letter is by no means an exceptional one amongst the hundreds on our file:—

703 7th Ave. South, Lethbridge, Alberta.

Dr. Tyrrell, Toronto:

Dear Doctor Tyrrell:—After using your "J. B. L. Cascade" for four months, I feel it my duty as a thankful patient to express my enthusiasm for the great blessing it has been to me. You cannot feel my emotions as I write this letter in praise of you in your great work. Words simply fail to express my thankfulness for first learning of your Cascade. Previous to using it I could not go a day without a drug of some sort, and since using it I have not, on my word of honor, swallowed five cents' worth of drugs. I spent over \$300.00 in the two years previous to hearing of the "J. B. L." Would that all the young men and women I see in this town with their faces covered with horrid, unsightly pimples would use it. They would soon get rid of them, as I did. I must stop, or I will be keeping you from your work, but I could fill ten more pages of my past condition of health, also in praise of the "J. B. L." May you enjoy this life to the full.

Sincerely yours,
William Devoy.

If you try the "J. B. L. Cascade" you will find yourself always bright, confident and capable—the poisonous waste makes us bilious, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

Call and see it at Cyril H. Orme's Drug Store, Cor. 3rd Avenue and 6th St., Prince Rupert.
Ask for "Why Man of Today is Only 50 Per Cent. Efficient," a booklet of great interest, which is given on request. If you prefer, write at once to Chas. A. Tyrrell, M.D., 163 College Street, Toronto, for this book.
