NOTICE TO CONTRACTORS

GRANBY BAY SCHOOL.
SEALED TENDERS, superscripted "Tender for Granby Bay Addition," will be received by the Honourable the Minister of Public Works up to 12 o'clock on Tuesday, the 10th day of October, 1917, for the erection and completion of a two-room addition to the existing two-room school house at Granby Bay, Anyox, in the Athlun District.

Plans, specifications, contract, and forms of tender may be seen on and after the 1st day of October, 1917, at the office of I. S. Gordon, Government Agent, Prince Rupert, B. C., and at the office of the School Board, Anyox; J. Mahony, Government Agent, Vancouver, and the Department of Public Works, Victoria.

An application to the undersigned, contractor, may obtain a copy of the plans and specifications for the sum of ten dollars (\$10) or a marked cheque, which will be refunded on their return in good order. Each proposal must be accompanied by a certified bank cheque on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 20 per cent. of tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques of successful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The Agent for the tenderer must be a Canadian citizen.

A. E. FOREMAN,
Public Works Engineer,
Public Works Department, Victoria, B. C.,

New Dangers of Constipation

A recent issue of The New York Times says—

"Recent researches of Prof. Metchnikoff and others have led doctors to suppose that many conditions of chronic ill-health, nervous debility, rheumatism and other disorders are due to poisoning set up by unhealthy conditions in the large intestine, and it has been suggested that the lowering of the vitality resulting from such poisoning is favorable to the development of Cancer and Tuberculosis."

"At Guy's Hospital Sir William Arbuthnot Lane decided on the heroic plan of removing the diseased organ. A child who appeared in the final stage of what was believed to be an incurable form of tubercular joint disease was operated on. The lower intestine, with the exception of nine inches, was removed, and the portion left was joined to the smaller intestine."

"The result was astonishing. In a week's time the internal organs resumed all their normal functions, and in a few weeks the patient was apparently in perfect health."

"The Lower Intestine can never get into this condition if internal baths are used. The 'J. B. L. Cascade' cleanses the Lower Intestine in its entire length thoroughly with pure warm water, and removes all this poisonous waste, which is such a menace to health."

This is a sample only of many hundreds of letters we have in our files:
Dept. Public Works,
Ottawa, Ont., Jan. 31, 1916.

Dear Sir:—
Words, I can assure you, quite fail me to express my satisfaction and gratefulness to you for inventing such a humane and common-sense remedy for stomach troubles as the "J. B. L. Cascade." For the past 15 years I have suffered from such, and have never had the permanent relief from medicines as I have had from your "Cascade." I consider it the best instrument I have ever made, and would not be without it for one hundred times its cost. I consider that those who are afflicted as I was are making the mistake of those who live without one of your Cascades.

Wishing you every success in your efforts for suffering humanity,
I am, Dear Sir, yours truly,
"Grateful."

P.S.—Name and address will be furnished if requested.
It is Nature's own cure for Constipation, and is now being used by over 500,000 Canadians and Americans with great success.

The "J. B. L. Cascade" is now being shown and explained at Cyril H. Orme's Drug Store, cor. 3rd Avenue and 6th St., Prince Rupert, where a most interesting booklet, called "Why Man of Today is Only 50 Per Cent. Efficient," is given on request. If you prefer, write today for this booklet to Chas. A. Tyrrell, M. D., 163 College Street, Toronto.

TELKWA HAPPENINGS

Douglas Campbell, one of Telkwa's most popular young men, left by Thursday's train en route for Vancouver where he will join the colors. A farewell dance was given him the previous evening at the hotel. Dainty refreshments were served under the charge of Mrs. Burns and Mrs. Jefferson. During the evening appropriate remarks were heard from Mr. Tom Thorp and Mr. Tom Jefferson, the proceedings finishing up with Auld Lang Syne. Douglas takes with him the best wishes of the Bulkley Valley.

Nels White and Ed. Simpson came back Saturday from a prospecting trip in the Babine mountains.

Round Lake Tommie brings in word of having bagged a rather unique specimen of a black bear, with white legs and sides.

Jack McNeil came back Sunday morning from a cattle buying trip. He visited Burns Lake, Francois and Ootsa districts and reports crops all in good condition and things generally progressing as well as could be expected.

Telkwa people, generally speaking, took the 1st of October very quietly. Rumor says certain of the inhabitants had already made ample preparations.

Carl Wakefield (whom visitors to our Barbecue will remember as the anchor man on the tug-of-war team) was in town last week making preparations for threshing his grain.

The G. T. P. official party made a short stop at Telkwa on their way through to the coast. Mr. Jefferson of the Santa Maria mine, joined the train here and accompanied the party part of the way.

Messrs. Haynes and Wyllie of the Tonapah Mining Co., have started development work at the Wilson Bros. mine, which they bonded a few weeks ago. This is a fine property and holds out great promise of being of some account in the near future.

George Hazelton is just down from the Dome Mountain property where he was doing assessment work.

One of Bob Burns' milk cows had the misfortune to get into a mixup with a locomotive on Saturday. The results proved fatal to the cow.

These Men Will Help You Decide

Are you liable to be selected for service under the Military Service Act? The answer to this question is being made readily available for you. Remember that the first class to be called includes only men between the ages of 20 and 34, both inclusive, who are unmarried or widowers without children, those married after July 6, 1917, being deemed single for the purposes of the Act.

Medical Boards are now being established throughout Canada. These Boards will examine, free of charge and obligation, all men who wish to be examined as to their physical fitness for military service. They will tell you in a very short time whether your physical condition absolves you from the call or makes you liable for selection.

It is important that you obtain this information as soon as possible. A certificate of unfitness from a Medical Board will secure for you freedom from responsibility under the Military Service Act from any Exemption Tribunal. A certificate of fitness will not preclude an appeal for exemption on any ground.

In order that you may be able to plan your future with certainty, visit a Medical Board as soon as possible and find out if you are liable to be selected. Your family and your employer are interested as well as yourself.

The Military Service Council.

The Bath Delightful

You would enjoy your bath twice as much if you could get water as soft as summer rain—the kind they used to have in the old-fashioned cistern or rain-barrel. There is a better way now, to get the same result, with any water, and that is to use

LUX

You sprinkle in a few spoonfuls of these dainty, transparent little flakes of the purest soap, and stir them about. Instantly they dissolve, imparting their satiny softness to the water. Be sure to have a LUX shampoo, too—it makes the hair silken and healthful.

LUX—it won't shrink woollens either.
