Local News Notes

Mr. C. E. Brunelle, of Juneau, has arrived in the city.

Developing films 10c; Velox prints, 3c to 5c—McIntae Bros.

Mr. Thomas Cosgrove was admitted to the general hospital last evening with a badly wrenched ankle.

Some of the liquor seized by the police department at the recent raid has been sent to the General Hospital for medical purposes.

The Red Cross sale of home-cooking to be held tomorrow in the Red Cross tent will be under the charge of Mrs. Hogan and Mrs. Kergin.

Mr. C. R. Stewart, who has been on the Naas river at Port Nelson all summer, arrived back again in town yesterday. He says that things have quieted down on the Naas now. The fishing is over for another season and the Indians have all packed up and left for their winter quarters.

SENT MANY TO AIR SERVICE.

Ottawa, Oct. 3.—Nearly five thousand Canadians are helping the Allies in the air. The number is increasing almost daily and before long the figure may be such as to suggest that Canadians take particularly well to the new element man has mastered.

Not all of the five thousand are aviators. More than one thousand have joined the Royal Flying Corps as aviation cadets and more than three thousand are attached to this corps as mechanics, helpers, etc. Upwards of 550 are in the Royal Naval Air Service as officers; mechanics and helpers not being accepted for this service.

It is important for the sake of history, especially, that Canada is so well represented amongst the airmen. Nothing will appeal to historians so much as the romance of air fighting in the present war, when the art of flying in heavier-than-air machines has gone forward by leaps and bounds, and the world has watched in amazement dreams of famous fiction writers come true. The Allies have learned to regard Canada's help in the air fighting as most important, according to recent advices from abroad.

THE FUEL CONTROLLER FIXES PRICE OF COAL

(Continued From Page One.)

out to sections seven and eight. In his opinion it was only reasonable that the teamsters should charge more for hauling coal away across Hays Creek than they would for deliveries in section one.

Development.

"One thing which might be done, possibly to advantage in this matter," said Mr. Thompson, "would be for the people of Prince Rupert to use their influence with the Grand Trunk Pacific to open up the coal lands adjacent to the railroad. It is possible even that domestic coal might be brought from the mines already working, namely Jasper or Pochontas. If the G. T. P. would arrange a reasonable rate, they would develop more traffic over their road, and besides being a good thing for the people it would also be good for the railway company. I do not have the figures of the cost of producing coal at these mines, but it seems to me that it would be cheaper to haul coal in by rail. Wharfage and unloading charges would thus be eliminated.

"The way things are at present I do not see that any better results can be had from the dealers, without some consideration from the mines and the transportation companies."

WESTHOLME THEATRE

The photoplay billed for tonight at the Westholme is entitled "The Quitter." This is a story of the wild West, as it was not so very long ago. The scene is laid in Paradise Gulch, and the story tells of the scape goat of the mining town turning a practical joke into a real romance. It is a very vivid representation of the days that are past, never to return in this western country. There will also be a fine comedy and a Pathe Gazette, which makes up a very fine programme.

Showing at the Westholme tonight.

We are in the market for 1 in., 1 1/2 in., 2 in. and 2 1/2 in. **Give each of Your Children a War Savings Certificate.**

LET them feel that they are Canada's partners—that they have each a definite share in the stern struggle—the certain victory—and the free and glorious future.

Encourage them to save and buy Certificates themselves! You'll be developing their patriotism, their thrift and their business sense—for Canadian War Savings Certificates offer absolute security and excellent interest return. More important still, you will be guaranteeing their future, for every dollar lent to Canada helps win the war.

For each \$21.50, \$43 or \$86 lent now, the Government issues a Certificate, payable in three years, for \$25, \$50 or \$100. This means that interest is added at over 5% per annum. Certificates may be purchased at any Bank or Money Order Post Office.

For the sake of Canada and your children, save and invest in War Savings Certificates.
