Bathe Internally and Keep Well!

Nature has mightily equipped us all, old and young, to resist disease—but she requires that we give her a chance.

We give her no chance if we permit the lower intestine to be more or less clogged with accumulated waste. Yet that is a normal condition today, as is proven by the number of laxative drugs that are consumed.

You can help Nature in Nature's most effective way by Internal Bathing, and in so doing, you will be more or less clogged with accumulated waste. Yet that is a normal condition today, as is proven by the number of laxative drugs that are consumed.

Mrs. C. G. M. (Name on request), of Stratford, Ont., writes:—
I am pleased to have this opportunity of testifying to the merits of the J. B. L. Cascade. I have been using it now for a year with satisfactory results. I am an old woman, but my health is so improved that I have a renewed lease of life. You are at liberty to give my address to anyone privately who may desire to write to me regarding the Cascade.

Just call at Cyril H. Orme's Drug Store, 3rd Avenue and 4th Street, Prince Rupert, and request free booklet, "Why Bathe Today is Only 50 Per Cent. Efficient." The most efficient device for internal bathing. The "J. B. L. Cascade" will also be shown and explained to you if you so desire. If you prefer, write for booklet to Dr. Chas. A. Tyrrell, 163 College Street, Toronto.

"Fruit-a-tives" Soon Relieved This Dangerous Condition

632 GERRARD ST. EAST, TORONTO.

"For two years, I was a victim of Acute Indigestion and Gas In The Stomach. It afterwards attacked my heart and I had pains all over my body, so that I could hardly move around. I tried all kinds of medicine but none of them did me any good. At last, I decided to try 'Fruit-a-tives'. I bought the first box last June, and now I am well, after using only three boxes. I recommend 'Fruit-a-tives' to anyone suffering from indigestion".

HUNS OVERHAULING A GERMAN "SAUSAGE"

Observation balloons, commonly called "sausages," are delicate things to handle, and when in hard service, they must often be inspected. Inspection is made of the inside and outside of the envelope. Our photo shows officers and soldiers in the sausage inspecting the inside.

TELKWA HAPPENINGS

Dr. J. T. Mando paid a visit to Telkwa with his Travelogue moving picture show. The public turned out in large numbers and showed their appreciation in no uncertain manner.

The ladies of the Red Cross took advantage of the occasion of so many people coming to town for the pictures and ran an impromptu dance with coffee and sandwiches immediately after the show. A nice little sum was netted which will augment the funds of the Red Cross Society.

Mr. E. Hoops left Telkwa on a business trip through the St. Francois lake district. He expects to be away eight or ten days.

The Telkwa tennis court is still in fine shape, and is largely being taken advantage of by young and old alike. Telkwa is always pleased to have Smithers players visit them.

Bill Thompson, the village blacksmith, has rented the Feddie residence, and will move in the course of a day or so.

The road between Telkwa and Barrett Lake was never in worse condition. Almost every culvert is out, making it almost impossible for cars to make headway.

Ira Short brought in about a ton of spuds from his ranch on the train road near Smithers and had to use a double team.

As a result of the heavy rains and the snow on the mountains, the Telkwa river has risen about two feet.

The annual meeting of the Bulkley Valley Red Cross Society was held on Saturday in the school house. The district was well represented and many took part in the proceedings. The officers for the ensuing year were elected and are as follows: President, Mr. H. Caldwell; first vice-president, Mrs. Geo. P. McColl; second vice-president, Mrs. W. Sproul; secretary-treasurer, Mrs. R. M. Barns. A strong working executive was also elected, from whom good team work is expected during the coming season.

LUX and the way to use it

Pour boiling or very hot water over the LUX flakes—"pure essence of soap."
Whisk into a lather. At once you get the richest, creamiest lather you ever saw, which dissolves dirt without rubbing.
After cooling, stir the clothes about in this heavy lather. Do not rub or twist them. Rinse in two or three relays of water of the same temperature you washed them in.
So thoroughly is LUX dissolved that not a trace remains in the garment to discolor it. LUX won't harm anything that pure water alone will not injure. For silks use lukewarm water.

These Men Will Help You Decide

Are you liable to be selected for service under the Military Service Act? The answer to this question is being made readily available for you. Remember that the first class to be called includes only men between the ages of 20 and 34, both inclusive, who are unmarried or widowers without children, those married after July 6, 1917, being deemed single for the purposes of the Act.

Medical Boards are now being established throughout Canada. These Boards will examine, free of charge and obligation, all men who wish to be examined as to their physical fitness for military service. They will tell you in a very short time whether your physical condition absolves you from the call or makes you liable for selection.

It is important that you obtain this information as soon as possible. A certificate of unfitness from a Medical Board will secure for you freedom from responsibility under the Military Service Act from any Exemption Tribunal. A certificate of fitness will not preclude an appeal for exemption on any ground.

In order that you may be able to plan your future with certainty, visit a Medical Board as soon as possible and find out if you are liable to be selected. Your family and your employer are interested as well as yourself.
