## WITHOUT ANNEXATIONS OR INDEMNITIES, PEACE WOULD RUIN GERMANY

Amsterdam.—The "Deutsche Tageszeitung" has a noteworthy article on the Reichstag resolution of peace without annexation or indemnity. Such a peace, it says, would spell ruin to Germany. Before the war the wealth of the German people amounted to between 330 and 390 billions of marks, of which nearly half have been spent on the war. Without an indemnity there is no hope of carrying on during the first ten years after the conclusion of peace. Germany would have to bear extra taxation amounting to 12 billions of marks, as compared with the pre-war taxation of 3 1/2. How can the country in the state of ruin in which it will find itself, and in view of the enormously increased cost of living, shoulder an added burden of that magnitude, when the sum of six millions would be a maximum effort, and even that could only be endured with the greatest effort.

Have the Socialists, asked the writer, who prate of peace, of Germany being able to meet her liabilities, considered how she is to care for her military sick and wounded, and pick up the threads of her export and import trades, unless she seizes the opportunity of a peace to impose such terms as will secure for her a sufficiently large indemnity to meet her liabilities, and further enable her to procure the raw materials she must have to rebuild her trade connection. Germany is not blind enough, after all her sacrifices, to accept in lieu of the material compensation she must have, fine phrases about peace and goodwill amongst men.

## Bathe Internally

Over 500,000 People Are Now Doing So.

For many years physicians have agreed that the vast majority of human ills were caused by accumulated waste in the Lower Intestine; that in our present way of living Nature could not remove all this waste without assistance, no matter how regular we might be, and that the poisons from this waste circulating through the blood pulled us away down below par and were responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of their recommendation and those of its users, been steadily growing in favor.

Recently, however, the startling news which has been covering this country, that great surgeons and specialists have been operating on the Lower Intestines for the most chronic and serious diseases, has caused Americans to become thoroughly awake to the importance of keeping this Lower Intestine free from all poisonous waste matter, and over 500,000 are now using Internal Baths.

If you try the "J. B. L. Cascade" you will find yourself always bright, confident and capable—the poisonous waste makes us bilious, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

Call and see it at Cyril H. Orme's Drug Store, cor. 3rd Avenue and 6th Street, Prince Rupert, or ask there for "Why Man of Today is Only 50 Per Cent. Efficient," a booklet of great interest, which is given free on request. If you prefer, write for booklet to Dr. Chas. A. Tyrrell, 163 College Street, Toronto.

## DARING EXPLOIT AT LENS BY CANADIAN SOLDIERS

Paris.—(By mail). Last night, following upon a heavy thunder-storm, the Canadians carried out a daring little enterprise in the city of Lens on Monday morning last. During the dark hours they had established a series of posts in the ruins of houses on the southwest side of a street. Apparently the Huns were not quite sure as to whether they were there or not, because they lay quite doggo, and made no response to the bombs which the enemy lobbed across. They had anticipated some such form of activity and taken good cover against it. Last night the German troops were relieved, and the new-comers evidently counted themselves safe against attack in such weather. But whilst the thunder was still growling, the sleeping and lounging Huns were suddenly assailed by a terrific shower of Mill's grenades. A regular stampede ensued, but the bombs continued to rain upon the fleeing enemy with such intensity that very few of them got away.

The gallant exploit carried the Canadians across the street which had heretofore separated them from the Germans, and cost the latter heavily in casualties. Lens is indeed becoming a name of ill-omen with those who are bidden still to cling to it against such a remorseless and resourceful foe.

# Pay Will Be The Same

Men selected under the Military Service Act will receive the same pay as those now on active service receive. Pay will start from the time a man reports for duty. Money from the Patriotic Fund and Separation Allowance will also be available for selected men.

Canadian soldiers are well paid. The fact that wages in Canada are generally higher than those paid in Europe is recognized in the system of remuneration for men on active service. Clothing and all equipment in addition to food is also supplied to the Canadian soldier, leaving him with no expense except personal incidentals.

The rate of pay for men in the Canadian Expeditionary Force, other than commissioned officers, is as follows:

	Pay \$2.00	Field Allowance 30 cts.
Warrant Officers		
Regimental Sergt-Major, if not a Warrant Officer	1.85	20 "
Quartermaster-Sergeants	1.80	20 "
Orderly Room Clerks	1.50	20 "
Orderly Room Sergeants	1.50	20 "
Pay Sergeants	1.50	20 "
Squad, Batt., or Co. Sergt-Major	1.60	20 "
Colour-Sergeant or Staff-Sergeant	1.60	25 "
Squad, Batt., or Co. Q.M.S.	1.50	20 "
Sergeants	1.35	15 "
Lance-Sergeants	1.15	15 "
Corporals	1.10	10 "
Lance-Corporals	1.05	10 "
Bombardiers, or Second Corporals	1.05	10 "
Trumpeters, Buglers, and Drummers	1.00	10 "
Privates, Gunners, Drivers	1.00	10 "
Sappers, Batmen, etc.	1.00	10 "

As in the case of those already gone overseas, Separation Allowances will be available for those dependent for livelihood upon selected men. The Separation Allowance is \$20.00 per month for the rank and file, \$25.00 for sergeants and staff-sergeants and \$30.00 for warrant officers. The experience is that many men can afford to assign half their pay to dependents, in addition.

A considerable number of men who have enlisted in the Canadian forces have found themselves better off under the army rate of pay, which is granted in addition to board, lodging, clothing, equipment, transportation, etc., than they were while in civilian positions. Their wants are provided for, and they receive a steady addition to the bank account each month.

Issued by  
The Military Service Council.

# Keep up the Food Supply and Help Make Victory Sure

"I AM assured that my people will respond to every call necessary to the success of our cause—with the same indomitable ardour and devotion that have filled me with pride and gratitude since the war began."

HIS MAJESTY KING GEORGE

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unflinching flow of food to England and France must be maintained.

This is National Service—  
Not to the Farmer only—  
But to YOU—to everybody—  
This appeal is directed

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.
