WORDS BUT NO DEEDS FROM FOOD CONTROLLER

(Continued From Page One)

province where shortage exists. If it was minding its own business one of its first duties would be to equalize distribution throughout Canada and put the kibosh on No. 3 of Food Controller Hanna's objections to doing anything about it. But the Department of Agriculture, which has as its Minister, a fox-trotter, a golfer and a social butterfly, seems to have overlooked this little matter. As for the Borden Government generally it has the C. N. R. deal to pull off, which aims to loot this country of \$200,000,000, and it can't afford the time to put a little pep in the Hon. Mr. Burrell and his associates.

Food Controller Hanna mentions very briefly both in his text and in his exposition of his subject—the food speculator, Sir Joseph Flavelle, the chief friend and backer of the Borden Government, the man who gave a million dollars to the Tory campaign fund in 1911, with the full assurance of getting it back a hundredfold, out of the bacon and egg eaters of Canada—Sir Joseph Flavelle is the arch-type of the food speculator. In him stand up all the qualities that make the food speculator the biggest hog on earth. Sir Joseph not only collects two profits on the bacon he sells to the British army, and what is equivalent to four profits on the bacon he sells to us poor people at home, but he hides his Canadian profits away as "rest funds" and his English profits as "commissions" and dodges the war tax in both countries.

Sir Joseph is a food speculator. He is not only a food speculator in Canada, but a food speculator in the United States and a food speculator in England. And he does it all under the shelter of the Borden Government, Finance Minister White being his man Friday, and letting him dodge what taxes he pleases. To curry favor with the great man, Finance Minister White only the other day did all he could to take the tax off the war profiteer and put it on the little fellow who is earning three thousand dollars a year and having a hard time to keep his head above water. Sir Joseph is not only a food speculator in two continents, but rumor has it that he is a munition speculator both in Canada and the United States, where he gets his bit in several companies which have him as a sleeping partner. Sir Joseph, his bank and his trust company are also interested in the C. N. R. deal, the object of which is to make Canada pay two hundred million dollars more for a railway which it owns already. This is one of the reasons why the Borden Government goes on stacking the cards in order to win the election. It has got to get back to see the thing through.

Food Controller Hanna promises to issue statements from time to time giving further reasons why he doesn't dare to disturb current prices. Evidently Food Controller Hanna believes in the east wind as a nourishing diet. At any rate that is all Canada has got from his so far or has any chance of getting from him in the future.

Fuel control is another joke. A hard winter is approaching. The rich people bought their coal at bottom prices in April. The coal companies, fostering an artificial scarcity, tell the poor people that they can't deliver coal now and that when they do it will be at top prices. There is more coal available in this North American continent now than there ever was, but that doesn't make any difference to the coal profiteers. Everybody's doing it, and they are going to have their share of the swag. Fuel Controller McGrath, though animated by the highest motives, has done nothing at all to alleviate the situation. One wonders if Canada wouldn't get more action from a Fuel Controller whose relations are not in the coal business.—H. F. Gadsby.

Bathe Internally

Over 500,000 People Are Now Doing So.

For many years physicians have agreed that the vast majority of human ills were caused by accumulated waste in the Lower Intestine; that in our present way of living Nature could not remove all this waste without assistance, no matter how regular we might be, and that the poisons from this waste circulating through the blood pulled us away down below par and were responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of their recommendation and those of its users, been steadily growing in favor.

Recently, however, the startling news which has been covering this country, that great surgeons and specialists have been operating on the Lower Intestines for the most chronic and serious diseases, has caused America to become thoroughly awake to the importance of keeping this Lower Intestine free from all poisonous waste matter, and over 500,000 are now using Internal Baths.

If you try the "J. B. L. Cascade" you will find yourself always bright, confident and capable—the poisonous waste makes us bilious, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

Call and see it at Cyril H. Orme's Drug Store, cor. 3rd Avenue and 6th Street, Prince Rupert, or ask there for "Why Man of Today is Only 50 Per Cent. Efficient," a booklet of great interest, which is given free on request. If you prefer, write for booklet to Dr. Chas. A. Tyrrell, 163 College Street, Toronto.

Pay Will Be The Same

Men selected under the Military Service Act will receive the same pay as those now on active service receive. Pay will start from the time a man reports for duty. Money from the Patriotic Fund and Separation Allowance will also be available for selected men.

Canadian soldiers are well paid. The fact that wages in Canada are generally higher than those paid in Europe is recognized in the system of remuneration for men on active service. Clothing and all equipment in addition to food is also supplied to the Canadian soldier, leaving him with no expense except personal incidentals.

The rate of pay for men in the Canadian Expeditionary Force, other than commissioned officers, is as follows:

Rank	Pay	Field Allowance
Warrant Officers	\$2.00	30 cts.
Regimental Sergt-Major, if not a Warrant Officer	1.85	20 "
Quartermaster-Sergeants	1.80	20 "
Orderly Room Clerks	1.50	20 "
Orderly Room Sergeants	1.50	20 "
Pay Sergeants	1.50	20 "
Squad., Batt., or Co. Sergt-Major	1.60	20 "
Colour-Sergeant or Staff-Sergeant	1.60	20 "
Squad., Batt., or Co. Q.M.S.	1.50	20 "
Sergeants	1.35	15 "
Lance-Sergeants	1.15	15 "
Corporals	1.10	10 "
Lance-Corporals	1.05	10 "
Bombardiers, or Second Corporals	1.05	10 "
Trumpeters, Buglers, and Drummers	1.00	10 "
Privates, Gunners, Drivers	1.00	10 "
Sappers, Batmen, etc.	1.00	10 "

As in the case of those already gone overseas, Separation Allowances will be available for those dependent for livelihood upon selected men. The Separation Allowance is \$20.00 per month for the rank and file, \$25.00 for sergeants and staff-sergeants and \$30.00 for warrant officers. The experience is that many men can afford to assign half their pay to dependents, in addition.

A considerable number of men who have enlisted in the Canadian forces have found themselves better off under the army rate of pay, which is granted in addition to board, lodging, clothing, equipment, transportation, etc., than they were while in civilian positions. Their wants are provided for, and they receive a steady addition to the bank account each month.

The Military Service Council.

Keep up the Food Supply and Help Make Victory Sure

I AM assured that my people will respond to every call necessary to the success of our cause—with the same indomitable ardour and devotion that have filled me with pride and gratitude since the war began.
HIS MAJESTY KING GEORGE

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unending flow of food to England and France must be maintained.

**This is National Service—
Not to the Farmer only—
But to YOU—to everybody—
This appeal is directed**

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.

PLANT a garden—small or large. Utilize your own back yard. Cultivate the vacant lots. Make them all yield food.

WOMEN of towns can find no better or more important outlet for their energies than in cultivating a vegetable garden.

Be patriotic in act as well as in thought.

**Use every means available—
Overlook nothing.**

**Dominion Department of Agriculture
OTTAWA, CANADA.**

HON. MARTIN BURRELL, Minister.
