

Showing at the Westholme Theatre tonight.

WHY ARMY IS LIKE A CIRCUS

Ottawa, Oct. 11.—An army in the field has been compared with a circus travelling about the country. The comparison is a rough and ready one but, according to military officers back from the front, it suffices to show certain essential features of the fighting force.

One is that a large number of men are needed to look after the transportation and care of equipment, to cook the meals and put up the tents, etc., while the number of actual performers is comparatively few. Many more work outside the ring than in it.

The army has many disadvantages, however, from which the circus does not suffer. It has to build its own railroads, as a rule, run them and keep them in repair, while it must also bring in with it nearly all the food and other supplies it needs. It must be braced also for a constantly increasing burden of casualties, requiring special care and comfort, and in modern war the big guns consume vast quantities of shells daily which must be replaced immediately.

Ever noticed the number of men who are engaged to keep the circus in running order? If you have, you may be able better to understand why an army needs thousands of men behind the lines.

Subscriptions to the "Our Day" fund received in advance of Oct. 20th will be acknowledged in the Press.

Salvation Army.

Public meetings, Tuesdays, Thursdays and Saturdays at 8 p. m. Sundays at 7:30 p. m.

MAIL SCHEDULE

For the East. Mondays, Wednesdays and Saturdays at 9:30 a. m.

From the East. Sunday, 5:30 p. m.; Tuesday, 3:30 p. m.; Thursday, 5:30 p. m.

For Vancouver. Monday 7 a. m. Tuesdays 5 p. m. Thursdays 10 p. m. Saturdays 4 p. m.

From Vancouver. Sunday 10 p. m. Mondays 9 a. m. Wednesdays 10:30 a. m. Fridays 6 p. m. Saturdays 10:30 a. m.

For Anyox. Sundays 10 p. m. Wednesdays 10 p. m. Fridays 8 p. m. Saturdays 10 p. m.

For Anyox. Sundays, a. m., Mondays, a. m., Tuesdays, p. m., and Thursdays, p. m.

Port Simpson & Naas River Points. For—Sundays, 10 p. m. From—Tuesdays, p. m.

Queen Charlotte Islands. Mails Close—Oct. 10 and 24. Ev. 7th and 21st., Dec. 5th and 19th—10 p. m.

Mails from—Oct. 14th and 28. Nov. 11th and 25th, Dec. 9th and 23rd—p. m.

Stewart, Maple Bay and Swamp Point. For—Thursdays, 10 p. m. From—Saturdays, p. m.

Alaska and Yukon Territory. For—Mondays 9 p. m. From—Saturdays, p. m.

Ideal For Wash-Day

The Kootenay Range accommodates the wash boiler and still leaves four holes free for cooking. This allows you to serve wash-day dinners that are just as good as other days and doesn't interfere with your laundering. Ask our dealer or write for booklet.

NOTABLE FEAT OF A BRITISH AVIATOR

London—Reuter's correspondent at British Headquarters in France telegraphs:

"An exciting experience was that of one of our young airmen who crossed the enemy line near Zonnebeke at a height of about 2,000 feet. He dived upon a little party of about fifteen Huns and scattered them with his machine-gun. A little farther on he dropped eight bombs upon an ammunition dump. Being attacked by superior forces he dived and came down right through the artillery barrage into our own line. His machine was badly crippled and he himself was wounded in the leg. Two stretcher-bearers ran out to his assistance and got him into the stretcher. As they were carrying him back a shell burst, killing one and knocking over the other stretcher-bearer. The wounded aviator, half dazed though he was, got up to help the injured man, when another shell burst in almost the same spot, and he was hit himself. Thereupon, although suffering acute pain, the aviator succeeded in limping away to cover.

"The exploit of a single flying man in attacking what looked like an entire battalion on the march, inflicting considerable casualties and dispersing the rest, was a fine act of daring.

"Four British planes fell in with nine German machines and immediately attacked them. As a result one of the enemy disappeared in flames, three more crashed down out of control, and another went down apparently out of control. All our machines returned safely to their airdromes."

Bathe Internally

Over 500,000 People Are Now Doing So.

For many years physicians have agreed that the vast majority of human ills were caused by accumulated waste in the Lower Intestine; that in our present way of living Nature could not remove all this waste without assistance, no matter how regular we might be, and that the poisons from this waste circulating through the blood pulled us away down below par and were responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of their recommendation and those of its users, been steadily growing in favor.

Recently, however, the startling news which has been covering this country, that great surgeons and specialists have been operating on the Lower Intestines for the most chronic and serious diseases, has caused Americans to become thoroughly awake to the importance of keeping this Lower Intestine free from all poisonous waste matter, and over 500,000 are now using Internal Baths.

If you try the "J. B. L. Cascade" you will find yourself always bright, content and capable—the poisonous waste makes us illious, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

Call and see it at Cyril H. Orme's Drug Store, cor. 3rd Avenue and 6th Street, Prince Rupert, or ask there for "Why Man of Today Is Only 50 Per Cent. Efficient," a booklet of great interest, which is given free on request. If you prefer, write for booklet to Dr. Chas. A. Tyrrell, 163 College Street, Toronto.

SKEENA LAND DISTRICT—DISTRICT OF COAST, RANGE 5.

Take notice that J. M. Collison, of Naas River, occupation patrolman, intends to apply for permission to purchase the following described lands:—Commencing at a post planted on Observatory Inlet at Naas River, one mile below the old cannery site; thence south 40 chains, thence west 40 chains, thence north 40 chains, thence east 40 chains to point of commencement, containing 80 acres more or less. J. MAXWELL COLLISON, August 29th, 1917.

"How Many of our Men are Liable to be Drafted?"

The Canadian business man is asking this question often, now that the Military Service Act is the law of Canada. A simple means of answering it at once is being provided.

Medical Boards are in process of formation throughout the country for the free physical examination of all men who apply. The first class liable to call includes all single men and widowers without children between the ages of 20 and 34 inclusive, all men married after July 6, 1917, being classed as single for the purposes of the Act. In a very short time, the average employer may learn how many of his staff are liable for selection. Those adjudged physically unfit will be given a certificate which will secure them exemption from any Exemption Tribunal. Those found physically fit may still apply for exemption on any ground. The employer will be given a chance to decide if he should seek exemption for any employee whose physical condition renders him liable for selection.

This early medical examination, which quickly decides if a man is liable for selection or not, is a feature of the operation of the Military Service Act calculated to appeal strongly to the business community. It assists in definite planning for the future, enabling an employer of labor to learn at once what men will be left at their work and those who may be removed for military service. Haphazard withdrawals, the nightmare of business men of method and precision, are insured against by this timely arrangement.

Every employer of labor will find it to his advantage to note carefully the formation of Medical Boards in his locality and to be sure that his employees secure as early as possible this very important information as to their status under the Military Service Act.

Issued by The Military Service Council.
