For years, I was a dreadful sufferer from Constipation and Headaches, and I was miserable in every way. Nothing in the way of medicines seemed to help me. Then I finally tried 'Fruit-a-lives' and the effect was splendid. After taking one box, I feel like a new person, to have relief from those sickening Headaches."

Bathe Internally

Over 500,000 People Are Now Doing So.

For many years physicians have agreed that the vast majority of human ills were caused by accumulated waste in the Lower Intestine; that in our present way of living Nature could not remove all this waste without assistance, no matter how regular we might be, and that the poisons from this waste circulating through the blood pulled us away down below par and were responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of their recommendation and those of its users, been steadily growing in favor.

Recently, however, the startling news which has been covering this country, that great surgeons and specialists have been operating on the Lower Intestines for the most chronic and serious diseases, has caused Americans to become thoroughly awake to the importance of keeping this Lower Intestine free from all poisonous waste matter, and over 500,000 are now using Internal Baths.

If you try the "J. B. L. Cascade" you will find yourself always bright, confident and capable—the poisonous waste makes us bilious, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied, draws force Nature—the "J. B. L. Cascade" gently assists her.

Call and see it at Cyril H. Orme's Drug Store, cor. 3rd Avenue and 6th Street, Prince Rupert or ask there for "Why Man of Today is Only 50 Per Cent. Efficient," a booklet of great interest, which is given free on request. If you prefer, write for booklet to Dr. Chas. A. Tyrrell, 163 College Street, Toronto.

ALL MAILS LEAVING U. S. WILL BE CENSORED

Washington, Oct. 17.—A censorship of mails leaving this country is being planned today. Under the President's proclamation, putting the enemy trading law into operation, George Creel is considering measures for stopping military information leaking through letters.

Issuance of licenses to foreign language newspapers also is under way. At the first signs of disloyalty these organs will be curbed.

The President has under advisement appointment of a custodian of alien property, another feature of the new law. This official may transfer to himself any money, property or lien owned by an enemy. Many Germans are expected in self protection to place their property under the custodian's powers.

The enemy trading law further tightens the strings around Germany. By presidential proclamation the exports council becomes the war trade board with Vance McCormick still chairman. A special committee will censor outgoing mail and radio and cable messages.

The law shuts down on trade with Germany or her allies; gives power to stop trading with countries openly aiding Germany, and guards war patents.

THE FUEL CONTROLLER'S DRASTIC REGULATIONS

Ottawa, Oct. 17.—Regulations are being framed by C. A. Magrath, fuel controller, for the fixing of profits on the sale of coal by brokers, wholesalers and retailers throughout Canada. It is understood that retail profits will be limited to fifty cents a ton and wholesale dealers and brokers' profits will be on a still lower scale. It is also likely that provision will be made to restrict undue accumulation of coal in the hands of consumers. Complete machinery will be provided for the prosecution of any infractions of the regulations, which are said to be very drastic in scope.

More money must be forthcoming to enable the British Red Cross Society to continue its beneficent work of mercy among the sick and wounded. Besides the satisfaction of having contributed to a most worthy cause, you can feel in your heart that you have practically helped towards victory in the war. October 20th a collection will be made. Get ready.

"How Many of our Men are Liable to be Drafted?"

The Canadian business man is asking this question often, now that the Military Service Act is the law of Canada. A simple means of answering it at once is being provided.

Medical Boards are in process of formation throughout the country for the free physical examination of all men who apply. The first class liable to call includes all single men and widowers without children between the ages of 20 and 34 inclusive, all men married after July 6, 1917, being classed as single for the purposes of the Act. In a very short time, the average employer may learn how many of his staff are liable for selection. Those adjudged physically unfit will be given a certificate which will secure them exemption from any Exemption Tribunal. Those found physically fit may still apply for exemption on any ground. The employer will be given a chance to decide if he should seek exemption for any employee whose physical condition renders him liable for selection.

This early medical examination, which quickly decides if a man is liable for selection or not, is a feature of the operation of the Military Service Act calculated to appeal strongly to the business community. It assists in definite planning for the future, enabling an employer of labor to learn at once what men will be left at their work and those who may be removed for military service. Haphazard withdrawals, the nightmare of business men of method and precision, are insured against by this timely arrangement.

Every employer of labor will find it to his advantage to note carefully the formation of Medical Boards in his locality and to be sure that his employees secure as early as possible this very important information as to their status under the Military Service Act.
