FLAVELLE TRIUMPHS, SAYS GENERAL HUGHES

Lindsay, Ont., Oct. 20.—That union government was not necessary and that party government in Canada has not had a fair show in the past is the opinion of Lieut. General Sir Sam Hughes in a long interview published today in the Lindsay Warder, of which Sir Sam is at one time was editor. Personally, the former Minister of Militia thinks the Union Government is a "splendid triumph for the plans laid long ago by Sir Joseph Flavelle and Sir Thomas White."

Sir Sam said: "It is more than a year since the movement to form a National, or 'National Trust' Government as it is sometimes called, was proposed by Sir Joseph Flavelle and his friends. It is understood that the undertaking at that time involved the replacement of Sir Robert Borden by Sir Thomas White. "The Government had done its full duty during the last year," said Sir Sam, "and there was no pressing need for coalition or union." He admitted that, as men, the new Cabinet had good qualities.

"Some weeks ago," he said, "when General Mewburn and Col. Ballantyne, both my boys, were individually condemning conditions under Borden, and when each asked me why I did not break out and take hold of things myself, I thanked them for their confidence and loyalty, but showed that the results might be the placing of Sir Wilfrid Laurier in power."

Sir Sam said he would give his support to Liberals or Conservatives who are advocating active and not passive war measures. He had himself received and refused from tens of thousands of sources requests and demands to come out and lead an aggressive fight for the war.

Internal Bathing's Rapid Growth

It is but natural to expect that a relief from constipation and the many ills which it causes, which is so effectual and so natural as Internal Bathing, should quickly make many converts.

But its general use has increased so tremendously in the past few years as to suggest other reasons, and these are found in the statement of users that they feel as if "made over new" the morning after an Internal Bath.

The elimination of the pernicious and poisonous waste which is ever present in the Lower Intestine gives Nature a chance to work unhampered. And one arises in the morning clear-headed, able, bright, confident and eager for the day's duties.

Mr. F. E. Smith writes: "Dear Doctor,—Your 'Cascade' made a new man of me at the age of 49. I persuaded my wife to use the treatment also, and to-day she has better health than ever before. Since the use of the 'Cascade' she sleeps better and can walk for hours without fatigue. Fainting spells have become a condition of the past; can eat anything on the bill of fare and drink all beverages. Does not take cold when exposed; hot weather does not cause oppression."

The "J. B. L. Cascade," the most efficient device for Internal Bathing, is being shown and explained in detail at Cyril H. Orme's Drug Store, cor. 3rd Avenue and 6th St., Prince Rupert.

Medical Boards are Ready!

Medical Boards are now ready to examine all men who apply as to their physical fitness for military service. These boards are established throughout this district.

Upon examination, the medical board will classify each applicant according to his fitness; into Category A if he is fit for service in overseas fighting units; Category B if fit for service overseas in Army Medical Corps, Forestry Battalions, etc; Category C if fit for service in Canada only, etc.

Only men whose medical examination places them in Category A will be included amongst those required to join the colours in the first instance; the man placed in any other category will remain at home until men in the category to which he has been assigned are called to the colours. The men placed in Category A may still apply for exemption on any ground.

Men between the ages of 20 to 34 inclusive, who were unmarried or widowers without children on July 6th, 1917, are strongly advised to report before a Medical Board at once. This is the quickest and surest way for them to find out their status under the Act.

Parents and employers are also urged to have those in whose cases they are specially interested visit a Medical Board and undergo examination. The methods of examination are simple and will result in no discomfort or inconvenience.

Now is the time for employers to obtain facts of the greatest value to them in making their calculations. The Medical Boards will determine how many of their employees will be left at home for physical reasons and how many will be selected for service unless an application for exemption be made with success.

Issued by The Military Service Council.
