

# THE CHIEF CHARM OF LOVELY WOMAN

Soft, Clear, Smooth Skin Comes With The Use Of "FRUIT-A-LIVES".

**NORAH WATSON**  
86 Drayton Ave., Toronto,  
Nov. 10th, 1915.

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—glowing with health—is only the natural result of pure blood.

"I was troubled for a considerable time with a very unpleasant, disfiguring Rash, which covered my face and for which I used applications and remedies without relief. After using 'Fruit-a-lives' for one week, the rash is completely gone. I am deeply thankful for the relief and in the future, I will not be without 'Fruit-a-lives'."

**NORAH WATSON.**

**HUMAN TANKS TO FACE MACHINE GUNS.**—Though modern science has invented terrible weapons, there has been a tendency to use the ancient appliances in a new form. For instance, various experiments have been tried with different kinds of body armour, and this photo shows how the Italian soldiers go forward to attack against the Austrian's machine guns.

### PLANS FOR AERIAL TRANSIT AFTER WAR

**British Government Making Arrangements for Inter-Empire Air Travelling.**

London, Oct. 24.—The Daily Express says that as soon as the war is ended aerial navigation plans which are being drawn up by Lord Northcliffe's committee, appointed by the Government, will be put in operation step by step, and the ends of the world will be brought together by long-distance airplane service.

The Express says it has information that if favorable weather conditions prevail it is likely that the Atlantic will be crossed by an airplane before the end of this year. It understands that the flight will be made by way of the Azores, so that the journey may be broken.

#### London to Cape Town.

The bridging of the Atlantic by airplane, it says, will be only the beginning of things. Plans are being laid for regular air service, not only to America, but to India, South Africa, and Australia. If they are brought within eight and one-half days of London; India three days, and Cape Town, four or five. The bee-line to Cape Town would, of course, cross the Sahara, but the winds of the desert raise obstacles to this route, and the route chosen is by way of Malta, Cairo, Khartoum and Victoria Falls.

The Express says that the machine which will be used for these world-journeys will be of the type developed by Handley Page, will travel 200 miles an hour, will have multiple engines, to avoid the necessity of descending if one engine gives out, will carry four or five passengers, and will be able to cover about 3,000 miles in fifteen hours. Two pilots will take turns at the wheel. There will be comfortable enclosed quarters, and the journey will not be more exhausting than a railway trip of similar duration.

### WATER NOTICE

TAKE NOTICE that Dolly Varden Mines Company whose address is Alice Arm, B. C., will apply for a license to take and use ten cubic feet of water per second out of Trout Creek, a tributary of Kit-sault River flowing into Alice Arm, Cassiar District. The water will be diverted at the head of the Falls on the Silver Horse Mineral claim, Lot 3804, and will be used for power purposes on the Wolf and Dolly Varden Groups of Mineral Claims being Lots 3794 to 3797 inclusive, and Lots 3182 to 3197 inclusive and Lot 3854, Cassiar District.

Application will be made also for the right to store 350 acre feet in First Trout Lake and 2,200 acre feet in Second, Third and Fourth Trout Lakes. The water will be stored in First Trout Lake by the construction of a dam at its outlet and in Second, Third and Fourth Trout Lakes by the construction of a dam at the outlet of Second Trout Lake. The estimated area of land to be flooded at First Trout Lake is 17 acres and at Second, Third and Fourth Trout Lakes is twenty acres.

This notice was posted on the ground on the 18th day of October, 1917. A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Prince Rupert, B. C. The date of the first appearance of this

notice in the local newspaper was the 23rd day of October, 1917, and objections may be filed with the comptroller or Water Recorder within thirty days after the said date.

DOLLY VARDEN MINES COMPANY,  
B. B. McGinnis, Agent, per E. A. Cleveland.

### MINERAL ACT

#### NOTICE TO DELINQUENT PARTNER

To C. W. Calhoun:

Take notice, whereas I have done and caused to be done assessment work on the Midnight Fraction mineral claim, situated on the Illiance river, about fourteen miles from the head of Alice Arm, in the Skeena mining division of Skeena district, assessment work for 1914, 1915, and 1916, and have paid for said work and recording same the sum of \$307.50. Unless you pay me the sum of \$102.50, for your share of the said assessment work, together with the cost of this advertisement, I shall, at the expiration of ninety (90) days from the date hereof apply to the mining recorder at Prince Rupert, B. C., to have your interests in the Midnight Fraction mineral claim vested in me, in pursuance of the provisions of the mineral act.

Dated at Prince Rupert, B. C., this 20th day of September, 1917. D21.  
H. C. PHILLIPS.

CANADA

## Will Class One Provide The One Hundred Thousand Men?

It will be greatly to the advantage of Canada if the entire quota of 100,000 men to be raised under the Military Service Act can be secured from the first class; that is, from the men between the ages of 20 and 34 who were unmarried or widowers without children on July 6th, 1917.

This is almost self-evident for the following reasons:

it is admitted that, between the ages of 20 and 34, the average man is at the height of his physical strength and is most adaptable to the change of conditions from civilian life; the military Service of unmarried men and widowers without children would occasion less distress than that of most others, since they are largely without dependents. Also, it would entail less financial burden for Canada, through separation allowances, etc.

Authorities estimate that, after all proper examinations have been allowed, Canada should be able to produce from the first class 100,000 men fit for service, so the drain upon the man power of the country will not be severe.

Members of Class One will be well advised to present themselves for examination immediately to the Medical Board in their district. Upon examination as to their physical fitness, they will be placed in one of the following categories:

- Category A—if fit for service in overseas fighting units.
- Category B—if fit for service overseas in Army Medical Corps, Forestry Battalion, etc.
- Category C—if fit for service in Canada only.
- Category E—if unfit for military service of any nature.

If not placed in category A, the applicant will know that he is not liable for immediate service, but will go to the Post Office and send in a claim for exemption with his Medical Certificate attached, when he will receive in due course a certificate of exemption until those in his medical category are summoned for service.

Where a man, who is placed in category A, feels that exemption should be allowed, an application form can be secured from the postmaster. This form, when filled in, will be forwarded by the postmaster to the registrar of the district, and the applicant will be informed by mail as to the time and place for the consideration of his application by the Exemption Board.

Issued By  
The Military Service Council.
