## ITALIANS HOLDING AUSTRO-GERMAN ARMY

### FRENCH BRING DOWN TEN ENEMY AEROPLANES — DOMINION ELECTION DEC. 17

#### ITALIANS AND ALLIES WILL MAKE A COUNTER OFFENSIVE

AUSTRO-GERMAN PATROLS ARE REPULSED ON THE BANKS OF  
TAGLIAMENTO RIVER—FRENCH REPULSE GERMAN AT-  
TACKS ON THE AISNE—BRITISH POSITIONS  
ARE IMPROVED NEAR YPRES

London, Nov. 3.—Official dis-  
patches received here from Rome  
state that Austro-German patrols  
have been repulsed by the Italian  
troops on the banks of the Tagliamento river. A correspondent  
writing from the front says that  
the Italians and the allied troops  
are preparing for a counter of-  
fensive. A great battle is fore-  
casted.

##### French Front.

Paris, Nov. 3.—Artillery on both  
sides has been particularly active  
north of the Aisne. We repulsed  
two enemy attacks elsewhere.  
Yesterday we brought down, or  
forced to land damaged, ten Ger-  
man aeroplanes.

##### British Front.

London, Nov. 3.—In minor op-  
erations we slightly improved our  
lines south and west of Paschen-  
daele and south of Poelcapelle.

##### Another Naval Mutiny.

Details of another German  
naval mutiny, which happened on  
board some of the vessels of the  
German High Seas Fleet stationed  
at Kiel sometime during the  
month of September, have come  
to light.

##### RIOTING AT ESSEN

Amsterdam—Anti-Government  
demonstrations took place on  
Saturday at Essen. Women de-  
monstrators formed the majority,  
and they threw missiles through  
the windows of the Town Hall,  
and shouted demands for more  
food, for peace, and for the re-  
turn of their men folk.

The police and the military had  
to be called out to quell the riot.  
Several women were arrested, and  
two were seriously injured. The  
whole of Essen is in a state of  
ferment.

#### RUSSIA IS NOT YET OUT OF THE WAR

Secretary Lansing States there is  
no Basis for Idea—Russia  
Will not Quit.

Washington, Nov. 3.—Secre-  
tary Lansing says that neither on  
the basis of the official Russian  
dispatches, nor on the basis of  
Kerensky's statement can it be  
said that Russia is about to quit  
the war. The allied diplomats at  
Washington have faith in the  
statement by Kerensky that Russia  
though war worn, is not out of  
the war.

##### CONSERVING FOOD IN GERMANY

Amsterdam—The Rotterdam  
correspondent of the "Telegraaf"  
learns from a good source that a  
bill is being prepared in Germany  
authorizing the Government, in  
view of the scarcity of foodstuffs,  
to remove from Germany all  
foreigners who are not employed  
on war industries. The bill will  
probably be enforced within three  
to four weeks.

Last night's regular passenger  
train carried a special car with a  
party of farmers from Saskatche-  
wan, on their way to California  
for the winter. One of them had  
quite a romantic story to tell of  
his fortunes on the prairie. Five  
years ago, he was farming in Iowa  
and had not been fortunate. He  
left there, even against the wishes  
of his wife, who thought fifty  
years were too many to be carry-  
ing to a new country. However,  
this farmer, Mr. Smith, arrived  
at Louverna in Saskatchewan with  
five cents and two teams of old  
horses. He took up a farm and  
traded his old horses for two  
steers and after five years has  
now retired. There have been  
some enquiries at the ticket office  
about the fare to Louverna.

Look your best and be com-  
fortable in a La Camille Corset.  
Prices very moderate. Phone Red

#### BOARD OF TRADE DISCUSS COW BAY

Want Matter Held up Until Posi-  
tion of G. T. P. is Known  
on the Matter.

At the meeting of the Board of  
Trade held last evening in the  
rooms on Second Avenue, the  
question of the disposal of Cow  
Bay was brought up and dis-  
cussed. It was intimated that the  
feeling in town was that Cow Bay  
should not be closed up. Mr. G.  
W. Nickerson, speaking on the  
subject was insistent that in a  
fishing centre like Prince Rupert,  
fishermen with little boats should  
have somewhere to go for repairs  
and building. Mr. J. C. Gavigan  
pointed out that the point of view  
of the fishermen and those using  
Cow Bay would be interesting.  
Mr. Nickerson finally moved, se-  
conded by Mr. Stanley Parker, that  
the department of lands be wired  
and requested to hold the whole  
matter in abeyance until the posi-  
tion of the G. T. P. was made  
known.

##### Islands Service.

The matter of steamship ser-  
vice to the Queen Charlotte Is-  
lands was also brought up. Mas-  
sett and New Massett are two  
different points on Massett Inlet,  
and the steamer only calls at one  
of them, although freight is ac-  
cepted for both points. The mat-  
ter was referred to the transpor-  
tation committee.

The action of the Victoria Board  
of Trade in wanting the repeal of  
the weekly half-holiday was also  
discussed. As this was a local  
matter in Victoria no action was  
taken.

A communication asking for the  
co-operation of the Board of  
Trade regarding the Victory Loan  
was also read.

##### WESTHOLME THEATRE

The play to be screened to-  
night at the Westholme Theatre  
is one which will create a great  
interest in Prince Rupert. The  
star artist being Fannie Ward,  
a fine picture is assured. The  
role she undertakes is one won-  
derfully appealing and pathetic,  
being that of a young mother who  
in her desperation is ready to  
sacrifice everything that she holds  
dear, to save her little son. The  
cast is a good one, and Fannie  
Ward has the support of many  
fine actors. In addition there will  
also be displayed a Topical Bud-  
get, together with a fine comedy.

#### \*\*\*\*\* IN THE LETTER BOX \*\*\*\*\*

Prince Rupert, Nov. 2, 1917.

To the Editor, Daily News.

Dear Sir:—In your issue of the  
"News" of today under the head-  
ing of "Notes and Comments" you  
ask the following question, which,  
I presume, you expect the citizens  
of this city to answer as they see  
it individually:

"How much better off will  
Prince Rupert be with four hun-  
dred and sixty feet of waterfront  
instead of about a thousand feet  
of mud flat at low tide in Cow  
Bay?"

As I see it and as others are  
seeing it, there is little waterfront  
in Prince Rupert harbor more  
valuable than Cow Bay, which is,  
without doubt, capable of being  
made a convenient and safe shel-  
ter for smaller craft, such as  
fishing boats, pleasure boats, etc.,  
to say nothing of its value from a  
commercial point of view. It oc-  
curs to me that this tract of Gov-  
ernment foreshore together with  
the land contained in Block "F"  
is capable of being improved and  
the waterfront of the bay en-  
larged through dredging, the erec-  
tion of wharves and such other  
improvements as may be found  
expedient from time to time. As  
I know the Prince Rupert water-  
front, there are but two bays  
which afford shelter which prop-  
erly admits of repairs to small  
craft and to which access can be  
had without the necessity of  
crossing the G. T. P. tracks. One  
of these is Cow Bay and the other  
Seal Cove. Cow Bay being con-  
venient to the business district of  
the city is a constant refuge for  
smaller craft for minor and other  
repairs and is at present about  
the only place in the city where  
shipbuilding of any kind is being  
followed and there are always  
small boats under construction at  
this point, the development of  
which industry should be encour-  
aged. The type of vessels being  
built at the present time at Cow  
Bay may be said by some to be of  
no account, but to those I would  
answer that during the past three  
or four years, and during the  
times made abnormally hard  
through the unfortunate war, that  
the success of this city, and of  
many of our business men, has  
been largely due, either directly or  
indirectly, to the business fur-  
nished by the fishermen who are  
using a large number of this class  
of boat in the halibut and salmon  
fisheries, and surely the lesson of  
the past should teach the encour-  
agement of the fishing industry of  
the city wherever and whenever  
possible. To deprive the owners  
of boats of Cow Bay, by its ob-  
literation, means the sending of  
at least a large number of them  
to Seal Cove, if indeed this bay  
will take care of them, or possibly  
drive them out of town, and cer-  
tainly it cannot bring them near-  
er to the merchant and outfitter  
who prizes this trade.

A few years ago we heard that  
there were not street ends enough  
on the waterfront, and permit me  
to point out that this (Cow Bay)  
is the only waterfront within the  
city limits which can be reached  
by any street with a good grade  
without the necessity of crossing  
railway tracks. Few will contend  
that we have too many street ends  
on the waterfront and now that  
we have the means of getting at  
least one independent street end  
on the waterfront without the  
necessity of crossing railway  
tracks would it not be folly to dis-  
pose of, or consent to the dis-  
posal of, or other cities are re-  
claiming waterfront instead of  
destroying it and this particular  
bay should be guarded by the peo-  
ple of the city as one of its most  
valuable assets.

We have been given as a reason  
(Continued on Page Three).

#### DATE OF ELECTION IS FIXED FOR DECEMBER 17

Candidates have to be nominated  
by November 19—House will  
Have 234 Members.

Ottawa, Nov. 2.—The date of  
the Dominion election has been  
decided for the 17th of December  
by the issuing of the writs.  
Monday, November 19, has been  
fixed for nomination day, and the  
new Parliament will meet for the  
first time on February 28th.

There will be a great lot of  
extra work attached with the lists  
of voters at this election, com-  
pared with any others. The new  
women voters' names will have to  
be added and the names of those  
disenfranchised by the War Time  
Elections Act will have to be  
taken off.

The military voters will also be  
something extra and it is expected  
that about five weeks will elapse  
between the day of the polling and  
the final announcements of the  
general returning officers.

Mr. J. Flewin, of Port Simpson,  
has been appointed returning of-  
ficer for the Skeena district.

#### EXPECTS EATING BEEF TO BE PROHIBITED

Calgary, Nov. 2.—Dr. J. W.  
Robertson, chief adviser to Food  
Controller Hanna, speaking here,  
predicted that before next spring  
the consumption of beef would be  
prohibited. He also promised to  
use his influence to secure the  
prohibition of the manufacture of  
ice cream, although at the same  
time he predicted that to abolish  
ice cream would increase the price  
of milk. He gave as a reason why  
the killing of young animals was  
not forbidden that it takes two  
years for them to grow, and will  
not affect the quantity of meat  
now.

On Monday, November 5th, the  
Sisters of St. Joseph will open  
their Kindergarten and Commer-  
cial Day Classes in the Convent  
on Fourth Avenue. Intending  
pupils should apply at once. Full  
particulars will be given on ap-
