Hard to Drop Meat?

All depends on what you eat as a substitute. It is a good time to study "food value." You may be eating the wrong foods, the foods that cost most and give the least nutriment. **Shredded Wheat Biscuit** contains more real, body-building nutriment, pound for pound, than meat, eggs or potatoes and costs much less. Two of these Biscuits with milk and a little fruit make a nourishing meal at a cost of a few cents. Make **Shredded Wheat** your "meat." A satisfying breakfast on which to start the day's work. It is ready-cooked and ready-to-eat. **Made in Canada.**

Local News Notes

Mr. C. G. McLean, of Smithers, arrived from up river last night.

Mrs. Birchell, of Port Essington, left for Vancouver this morning.

Mr. H. W. Smith, of Bulkley Canyon, arrived in town last evening.

WESTHOLME THEATRE

The story told by the photoplay "The Highway of Hope," to be shown at the Westholme Theatre tonight is a gripping one, into which has been breathed the spirit of the great out of doors. It is a smashing big story of the gold rush days, when desert spots bloomed into towns overnight, and withered between suns. "The Highway of Hope" leads the star actress from being an ordinary help in a typical mining town saloon into being a wealthy woman. She struggles and fights with death itself for the gold which she finally wins, and when the husband whom she has lost returned to her, one feels she has deserved the happiness which is hers. There will also be a Topical Budget and a fine comedy.

Mr. J. Muir, Mr. A. S. Hanna, and Mr. A. H. Beamer, of Swanson Bay, have arrived in the city.

The Prince John arrived from Alaska at 5:45 a. m. this morning with a heavy list of passengers, coming out for the winter.

Women Know More Than The Scientific Men

PACIFIC MILK is the cheapest milk there is to be used in cooking. It's been proved. First scientists tested it. You know how they do things. They proved it to be unusually rich and absolutely pure. Scientific cooks took it in hand and tried it in their ways, and sent in the results in glowing but scientific terms. They proved that if measured correctly and everything else weighed it was very inexpensive as compared with fresh milk or with all the other samples submitted. But it remained for our young lady "investigators" to find out that the women themselves had put all the scientific demonstrations in the shade as far as knowing how to use it in cooking so as to make good cakes and things for very little money. Have you tried PACIFIC MILK in your cooking?
