

### Don't Send Money in a Letter

WHEN you send subscriptions to magazines, or order goods out of town, or pay small accounts at a distance, do not place the actual cash in the envelope. Thousands of dollars are lost every year through fire, robbery or mis-direction. Use the Bank Money Orders, issued by this bank. They are payable in Canada and the United States in any sum up to fifty dollars.

Their protection is well worth their small cost.

##### So That the People May Know.

Dear Mr. Editor:—As introducer of the proposed bylaw to reduce the number of aldermen for the city of Prince Rupert, I consider it only fair to set forth to the electors how this bylaw was defeated while in committee of the whole.

The clause providing for a reduction in the number of aldermen from eight to four was under consideration and a motion to adopt said clause was duly made, whereupon Ald. Montgomery offered an amendment to strike the number four out of the clause, which in itself would annul the bylaw. It was thus contrary to the motion, not an amendment, and should have been rejected. However, the chairman, Ald. McClymont, entertained the "amendment." Ald. Casey offered an amendment to the amendment to substitute 6 for 4, and this was in order as an amendment. This last amendment was voted down, whereupon the chairman proceeded to call for a vote on Ald. Montgomery's so-called amendment. Two votes were cast in favor of it, and in calling for the negative votes, two were cast against it, the other aldermen not voting. Ald. Montgomery took the view that those who did not cast their vote were to be considered as being in favor of his amendment, and it was consequently declared carried.

The chairman then proceeded to put the original motion and called for the vote in favor of same. Two votes were cast. Without calling for the negative vote on this motion, Ald. McClymont declared the motion lost.

That the whole proceeding in connection with this so-called amendment was irregular and entirely out of order is shown by the following, taken from a "Manual of Parliamentary Practice:—

"The term 'amendment' is in strictness applicable only to those changes of a proposition, by which it is improved, that is, rendered more effectual for the purpose which it has in view, or made to express more clearly and definitely the sense which it is intended to express."

From the above it will be clearly seen that the means adopted by the majority of the council for the purpose of suppressing this bylaw from the people at the

present time were absolutely irregular and in my opinion unknown in Parliamentary Procedure.

Your obedient servant,  
JOHN DYBHAVN, Alderman.

### An exquisite "newness" for all woollens

Somehow, with ordinary washing, one always thinks of woollen garments coming out of the wash a little worse off than when they went in.

Far otherwise when you let LUX wash them. They come out of the wash with a soft, fleecy "new" feeling, as well as being absolutely clean—quite unshrunk, and quite unthickened.

How is it done? Allow 3 tablespoonfuls of LUX for each gallon of water, which should be near the boiling point. Put the woollens in and stir them about with a stick. Then let them soak until the solution is cool enough for you to squeeze the woollens with the hands—when the dirt will run out. Then rinse in 2 or 3 relays of tepid water and hang to dry.

## Will Class One Provide The One Hundred Thousand Men?

It will be greatly to the advantage of Canada if the entire quota of 100,000 men to be raised under the Military Service Act can be secured from the first class; that is, from the men between the ages of 20 and 34 who were unmarried or widowers without children on July 6th, 1917.

This is almost self-evident for the following reasons:

It is admitted that, between the ages of 20 and 34, the average man is at the height of his physical strength and is most adaptable to the change of conditions from civilian life; the military Service of unmarried men and widowers without children would occasion less distress than that of most others, since they are largely without dependents. Also, it would entail less financial burden for Canada, through separation allowances, etc.

Authorities estimate that, after all proper examinations have been allowed, Canada should be able to produce from the first class 100,000 men fit for service, so the drain upon the man power of the country will not be severe.

Members of Class One will be well advised to present themselves for examination immediately to the Medical Board in their district. Upon examination as to their physical fitness, they will be placed in one of the following categories:

- Category A—if fit for service in overseas fighting units.
- Category B—if fit for service overseas in Army Medical Corps, Forestry Battalion, etc.
- Category C—if fit for service in Canada only.
- Category E—if unfit for military service of any nature.

If not placed in category A, the applicant will know that he is not liable for immediate service, but will go to the Post Office and send in a claim for exemption with his Medical Certificate attached, when he will receive in due course a certificate of exemption until those in his medical category are summoned for service.

Where a man, who is placed in category A, feels that exemption should be allowed, an application form can be secured from the postmaster. This form, when filled in, will be forwarded by the postmaster to the registrar of the district, and the applicant will be informed by mail as to the time and place for the consideration of his application by the Exemption Board.

Issued By  
The Military Service Council.
