RUSSIANS PROPOSE AN IMMEDIATE PEACE

KERENSKY FLEES FROM PETROGRAD -- BRITISH SUCCESSFUL IN MESOPOTAMIA

KERENSKY OVERTHROWN BY ANOTHER UPHEAVAL IN RUSSIA

MAXIMALISTS OBTAIN CONTROL OF PETROGRAD WITHOUT BLOODSHED--ARREST OF KERENSKY ORDERED, WHO HAS FLED FROM THE CITY--IMMEDIATE PEACE IS NOW PROPOSED

(Special to The Daily News.)

London, Nov. 9.—Semi-official News Agency has announced that the Maximalists, with the assistance of the garrison in Petrograd have obtained control of the city, without bloodshed. A proclamation has been issued which declares that the new government has the intention of proposing an immediate peace with the Central Empires. The proclamation has been transmitted from the Russian Government's wireless stations stating that the garrison and the proletariat of Petrograd have deposed the Kerensky government.

The new powers in control of the situation have ordered the arrest of Kerensky, who has fled from the city and his present whereabouts are unknown. The Maximalist element comprises the most extreme class of the Russian revolutionary Socialists.

Economic Reorganization.

Petrograd, Nov. 9.—Russia is in the throes of another political convulsion following upon the seizure of the government and the arrest of several of its ministers by the executive council of the Soldiers' and Workmen's Council. The coup d'état was accomplished without bloodshed, and the city is orderly; the streets being patrolled regularly and guarded by the soldiers and workmen.

The new masters of the situation have issued a proclamation to the army today, which sets forth as its aims to seek an immediate peace, and also the economic reorganization and distribution of the proprietorial lands to the peasants.

NEW KING OF GREECE IS FOR THE ALLIES

Washington, November 7.—Despatches from Athens to the Greek Legation today told of a visit by King Alexander to the barracks yesterday to witness drill and get into personal touch with the soldiers training to join the allies at the front. In a speech to the officers the King said:

"I am very happy realizing that you are working hard. I want to recommend you to be all heart with your service and to keep away from politics. You must keep on working more and more, because we have to be ready the earliest moment possible so as to participate in this war with our allies to try to break down our enemies."

DOMESTIC FIRES ARE VERY FEW IN BERLIN

Copenhagen, Nov. 7.—According to The Vorwaerts of Berlin, many residents of that city are shivering in unheated homes, owing to their inability to obtain even the scanty allowance of a quarter of a ton of coal per room. Fuel delivery was promised by November 1, but the only hope expressed is that it may be all delivered by the new year. Lines of persons waiting to purchase coal are now a regular feature of life in Berlin. Buyers are compelled to stand in line all day to obtain a few scoopsful, which they have to carry home themselves. To the scantily-clad and miserably-shod women and children of the poor this is a severe strain.

IMPORTANT WAR NEWS

The gigantic wheels of the world's commerce would instantly come to an absolute standstill; indescribable misery would suddenly seize upon the entire civilized world, and man would rapidly lapse into the throes of Hun barbarism, if this war is not won for the allied cause.

Our soldiers give their lives, surely you can lend your money! And preserve for the world liberty and freedom. What is the use of your money without it? Buy a Victory War Bond as evidence of having done your bit.

ONE GENERAL STAFF FOR ALL THE ALLIES

(Special to The Daily News.)

London, Nov. 9.—The Allies may select a general staff to have supreme control of the war, as the unification of commands of considered essential. With the concentration of resources for one single front being urged, one supreme commander in chief is not considered practicable. The need of a collectively considered war policy is emphasized.

The Allied Conference.

Several commissioners to the allied conference arrived in London last night, headed by Colonel House, who ranks as special American ambassador.

BRAZIL WILL ACT AGAINST GERMANS

Rio Janeiro, Nov. 8.—Popular manifestations against German business houses in this city assumed a violent character Sunday. The damage was heavy. Anti-German outbreaks also are reported from Curitiba and Sao Paulo. The guard detachments over the Central Railway of Brazil have been doubled, all officers have been recalled to their garrisons and furloughs suspended. In response to the demand for reprisals against German aggressions the President has sent to Congress a message containing the following recommendations: "First, annulment of contracts for public works entered into with Germany; second, prohibition of new land concessions to German banks and eventual annulment of their licenses; the extension of these measures to German commercial firms; fourth, prohibition of the transfer of ownership of German property; fifth, the internment of German suspects.

Various measures were presented in the Chamber, one of which proposes that the crews of the merchant marine be utilized in the war. The Chamber adopted a vote of 97 to 17, a motion for the inclusion in the order of the day of all projects of a military nature.

IMPORTANT SUCCESS IN MESOPOTAMIA

Turks Hurriedly Retreat North-West of Bagdad Before General Maude.

(Special to The Daily News.)

London, Nov. 9.—The British forces under General Maude have pushed forward on both banks of the river Tigris from Samarra and have captured the town of Tekri. The enemy troops did not stay to fight, but retired hurriedly after the capture of the town, and are now in full flight towards Mosul, which lies one hundred and twenty miles north.

In Palestine.

London, Nov. 9.—The British forces are now pushing on towards Jerusalem today by both the coast route from Gaza and through the valley from Beer-sheba. There is every indication of a general retirement of the Turks northward in Palestine.

GERMAN SUBMARINES SHELL LIFEBOATS

Hun Atrocities on the High Seas Continue no Regard for Lives of Sailors.

An Atlantic Port, Nov. 7.—A German submarine torpedoed and sank the British steamship East Wales, of 4,321 tons gross, off Queenstown on October 14, according to a survivor who arrived here today. One of two U-boats which took part in the attack shelled the open lifeboats and four of the crew perished and five others were wounded.

The survivor, a passenger on a British steamship, is George W. Finnegan of Baltimore, the port from which the East Wales sailed for England with mules and steel. The vessel had discharged its cargo at Southampton and was on her way to Queenstown when, at 6:30 a.m., a submarine, believed to have been the one which had been observed the night before sinking a freighter, approached unexpectedly.

On the East Wales were fifty-one men. The U-boat's third shell carried away the wireless and wounded the operator. Steering gear and bridge were destroyed and the crew then took to small boats. A second submarine joined in the shelling and a shot decapitated one man in a small boat, killed two others and wounded four. British patrol vessels hove in sight, but the East Wales was sent to the bottom with two torpedoes before the submarines fled, escaping the patrols.

STATE CONTROL OF SCOTCH WHISKEY

London, Nov. 7.—The British government, according to the Daily Express, is considering making its first experiment in state control of the liquor trade by assuming control of the manufacture and supply in Scotland. On the success of the test would depend the extension of control to England, Ireland and Wales.

GERMANY'S LAST HOPE

(Special to The Daily News.)

London, Nov. 9.—Germany is now calling on her last reserves. All men, who have been previously rejected are now being reexamined and large numbers have been hurried to the training centres.

GERMAN SHIPS ARE MENACING HELSINGFORS

French and British Engage in Local Attacks on Western Front--Italy Loses Many Prisoners.

(Special to The Daily News.)

London, Nov. 9.—Welsh troops made a daring raid upon the German positions and brought back prisoners. Very heavy losses were inflicted upon the enemy during this raid, which was in the neighborhood of Armentieres.

French Front.

Paris, Nov. 9.—During the night we made two surprise attacks upon the enemy trenches. One attack was made to the east of Rheims and the other in the Woeuvre, east of Mouilly. Prisoners were captured in both cases.

The German Navy.

Stockholm, Nov. 9.—A large German squadron of warships is off the Finnish naval station at Helsingfors. Germany apparently intends to continue her naval operations in the Baltic.

Per Berlin Wireless.

Berlin, Nov. 9.—The Austro-German naval forces in north-western Italy have crossed the Livorno River. Seventeen thousand Italian troops were cut off from the Tagliamento river and were taken prisoner. The total number of prisoners taken by the Austro-Germans is now over two hundred and fifty thousand, together with twenty-three hundred guns.

Ships Lost.

London, Nov. 9.—A new low level has been established in the losses of ships by German submarines and mines. Only twelve vessels of all tonnages were sunk last week.

GERMAN EFFORTS TOWARDS PEACE

Washington, Nov. 8.—Germany and Austria are making strong efforts to further the pacifist conference to be held at Berne, Nov. 12 to discuss a basis for an honorable peace, according to an official cablegram received here today from Zurich, Switzerland. Even the Swiss, the despatch said, regard this solicitude of the Central Powers as in strange contrast to their recent declarations that they were entirely satisfied with their military status.

Germany will be represented at the conference by Dr. Bernhardt Dernberg, expelled from the United States for spreading German propaganda; Pastor Frederick Naumann, director of the Review Die Hilfe, one of the defenders of the ambitious "Middle Europe" German expansion doctrine; Walter Rathenau, director of the Allgemeine Elektrizitäts-Gesellschaft, and Dr. Frestner, director of the Allgemeine Elektrizitäts-Gesellschaft.

U. S. STEAMER ROCHESTER SUNK BY SUBMARINE

Washington, November 9.—The United States vessel Rochester has been sunk by a German submarine. Four of the sailors have been killed and fourteen are still missing.

When the Germans instituted their alleged blockade of the allied coasts, the Rochester was the first American vessel to pass through the dangerous zone on her voyage to France.
