Would you renounce the man you love? If you had gained his love through fraud, and he forgives you after the truth appears, would you marry him? This is the situation which confronts Theda Bara in "Her Double Life," six acts. Westholme, tonight only.

The regular meeting of the school board was held last evening in the city hall. The board will request the city council to have a ditch dug to drain off the surface water which at present floods the basement of the King Edward School. Changes in the teaching staff were also discussed.

### "HER DOUBLE LIFE"

A thrilling story of a woman's deception is to be told by the pictures at the Westholme tonight. The tale is a striking one, and Theda Bara in the title role, makes it doubly attractive. Here are some of the little bits of acting that Theda Bara has to do in the filming of this photoplay. She begins the picture by scrubbing floors in a London tenement. Then she has a fight with a drunken man of the slums, and flies from him. Later she enlists as a war nurse, and tends the wounded in a field hospital. She has to stay in the hospital while it is being bombed from the outside. She takes the place of another girl, and has to live the life of the other until the final disclosure. For variety, this role is certainly exacting.

**Women Know More Than The Scientific Men**

PACIFIC MILK is the cheapest milk there is to be used in cooking. It's been proved. First scientists tested it. You know how they do things. They proved it to be unusually rich and absolutely pure. Scientific cooks took it in hand and tried it in their ways, and sent in the results in glowing but scientific terms. They proved that if measured correctly and everything else weighed it was very inexpensive as compared with fresh milk or with all the other samples submitted. But it remained for our young lady "investigators" to find out that the women themselves had put all the scientific demonstrations in the shade as far as knowing how to use it in cooking so as to make good cakes and things for very little money. Have you tried PACIFIC MILK in your cooking?
