SIR WILFRID LAURIER THE SAVIOR OF QUEBEC

(Continued from Page two.)

is needed in Canada at the present time, it is National Unity. We may all have our differences with respect to the government and the policies of that government, but they should be criticized, not from

the racial or sectarian viewpoint, but solely and wholly upon their merit. If we are going to do justice to Sir Robert Borden or to Sir Wilfrid Laurier, we will criticize them upon their records as Canadian leaders, not because of their sectional or racial likes or dislikes.

And when we English-speaking people are criticizing Laurier, as

we have a perfect right to do as Canadians, let it be not as a French leader from a French province, but as a Canadian leader who, in the years to come, we believe, will be known as the "Savior of Quebec"—the man who saved it for Canada at the most critical time in our history. And the fact that he has been able to save Quebec is about the best

argument that can be cited in his favor and against the false theory that he would be unsafe as Prime Minister under any circumstances. It is well, too, to give some little thought of conditions within our own English-speaking provinces before "throwing stones" at Quebec. The fact that 95 per cent of our own men of military age have applied for exemption

shows how extremely "popular" among our own people is the law which Sir Wilfrid opposed in Parliament, but to which, once law, he offered no further opposition. It will be strange—very, very strange—if more than 95 per cent of the young men of Quebec ask for exemption. We had better examine our own house before finding fault with others.

When the Victory Loan Campaign Opens on Monday—

the most widely organized force of Canadians ever devoted to a Patriotic purpose will be set in motion.

Thousands of workers will, during the next three weeks, make nearly a million calls, so that every person will have an opportunity to buy Victory Bonds.

These men will endeavor to visit every home, office and factory in the Dominion.

They know that upon the Success of this Loan depends Canada's full participation in the War, as well as her Industrial and Agricultural Prosperity.

They know too, that every penny raised by this Loan will be spent right in Canada for the benefit of Canadian men and women.

They know that Money is the Moral and Material support that we who stay at home must give to our Armies in the field.

They know that in every sector of the line our boys will be waiting to hear what Canada's massed battalions of finance have done to support them

Be ready for the worker who calls upon you. Buy Victory Bonds to the limit of your ability, so that our boys will be able to shout it from Flanders to Switzerland that Canada is putting it over---that

Victory Bonds are Going Strong!
