FILIPINOS READY TO HELP IN WAR

Manila, Nov. 9.—In an address to the Senate today Manuel Quezon, president of the Senate, urged that the Philippine people show their gratitude to the United States by espousing its cause in the war, in which he asserted the Philippine people have more vital interest at stake than America herself. He said the United States would not be endangered by a defeat, whereas the Philippines stood to lose all their hopes of liberty in the event of a German triumph.

"Let us fight for America and the cause of small nations, which means the ultimate fulfillment of the hopes of the Filipinos," he said. "If assistance of the Filipinos is accepted there will be no need of compulsory service. The Filipinos, even veterans of the insurrection, will volunteer to fight for the sake of liberty."

When the Victory Loan Campaign Opens on Monday—

the most widely organized force of Canadians ever devoted to a Patriotic purpose will be set in motion.

Thousands of workers will, during the next three weeks, make nearly a million calls, so that every person will have an opportunity to buy Victory Bonds.

These men will endeavor to visit every home, office and factory in the Dominion.

They know that upon the Success of this Loan depends Canada's full participation in the War, as well as her Industrial and Agricultural Prosperity.

They know too, that every penny raised by this Loan will be spent right in Canada for the benefit of Canadian men and women.

They know that Money is the Moral and Material support that we who stay at home must give to our Armies in the field.

They know that in every sector of the line our boys will be waiting to hear what Canada's massed battalions of finance have done to support them

Be ready for the worker who calls upon you. Buy Victory Bonds to the limit of your ability, so that our boys will be able to shout it from Flanders to Switzerland that Canada is putting it over—that
