VANCOUVER MEAT PACKERS ON STRIKE

Vancouver, Nov. 9.—In an effort to enforce their demands for increased pay and shorter hours, the packing-house employees, union members of the butchers, meat-cutters and packing-house employees, went on strike this morning at the P. Burns and Vancouver-Prince Rupert (Swift Canadian) packing plants. Any attempt on the part of the packers to operate their establishments with non-union help, it was stated by labor men this morning, will be met with a further strike of the meat-cutters in the retail stores throughout the city.

The union men are demanding an eight-hour day with a 10 per cent. increase over present wage schedules, and time and a half for overtime. Failing to secure these demands, the strike was called late last night to go into effect this morning, and pickets were assigned to duty about the plants. Over 200 men are said to have been affected by the dispute, while as many more are employed in the retail establishments as meat-cutters and will hold themselves in readiness to go on strike at a moment's notice.

INCREASED IMMIGRATION INTO WESTERN CANADA

Winnipeg, Nov. 10.—Immigration into western Canada during the 10 months of the present year has more than doubled the returns for the same period in 1916 and more than tripled the 1915 figures.

A statement secured from the department of immigration today shows that 33,134 persons have migrated from the United States up to October 31, this year. In the first 10 months of 1916, 15,960 persons crossed the line, and in 1915 only 9,191.

WHAT B. C. HAS LOST!

Ottawa, Nov. 10.—That twenty-two times as much timber has been destroyed by fire in British Columbia as has been cut by the lumbermen is the conclusion reached by officials of the commission on conservation, who have been inquiring into the fire losses in various provinces.

The investigation shows that on 95,000 square miles the timber has been uselessly destroyed, mostly many years ago. The amount of timber so destroyed is estimated to be not less than 650,000,000,000 feet.

The destroyed timber is equivalent to almost twice the amount of saw lumber now standing in the Province, and to nearly as much saw lumber as is now standing in the forests of all Canada.
