**UNION GOVERNMENT**

The pressing necessity of Canada today is a Union Government which does not include Sir Robert Borden nor Sir Thomas White. The events of the past six, may even three years is enough to prove that these gentlemen being continued in office is not conducive to the best interests of Canada. Sir Robert as premier has proved that he has been unable to restrain his henchmen. As a leader, Sir Robert does not lead. It is the other way about. Sir Robert makes a good follower. He follows, not the dictates of his own heart, necessarily, but rather the bidding of the coterie of financial magnates, headed by Sir Joseph Flavelle, for which Toronto is famous. This is claim to fame of which the city of Toronto may not approve of.

Most of the doings of Sir Thomas White as Minister of Finance, or rather the things he did not do, have been in the interests of his masters, Sir Robert Borden is not, neither are the people of Canada, who by their suffrage have elected him to misrepresent them. His delicacy with regard to the income tax and the war profits tax is sufficient to brand him as no friend of the people of Canada.

In the interests of the manufacturers, and the moneyed classes who draw their unearned incomes from the labors of other people, Sir Thomas White refuses to think about any reduction of the present tariff, which would tend to make the food of the people and the implements for such food production cheaper. He would rather that the manufacturing interests would be permitted to soak the people all the time. Sir Thomas as a financier may be able—he would not have held his job down were he otherwise—but the more able he is in working against the true interests of the Canadian people, the more necessary there is for a more honest man in the responsible position he holds.

The real issue before the people at this coming election

is not conscription. The Military Service Act is the law of the land. It is being obeyed, and the first class to be called have to report for duty before the date of the election. They will then be in uniform. That is not an issue. The real point for the consideration of the voters is whether they are going to permit the scandalous circumstances which have prevailed during the past six years continue. The people of Canada are being robbed in every bite they eat and in wherewith they shall be clothed. If the excess profits realized were going to win the war, few would have any objection. But most people have a very strong objection to being mulcted in these strenuous times for another man's private profit. The late Borden Government encouraged war profiteering. The late Borden Government has done nothing for the people of Canada in the way of reducing the increasing cost of living. The chief concern of the late Borden Government has been for its own friends.

They have regarded the masses of the working people as a likely field for exploitation. And we have been exploited, sure enough. There is no one but must admit it.

So long as the men who are responsible for this state of affairs are permitted to retain the direction of the nation's affairs, then just so long will this state of affairs continue.

Let the voters regard things as they really are. The real thing is whether it is possible to have a better administration of the affairs of the nation. Canada could hardly have worse than she has had lately. Sir Wilfrid Laurier, the Canadian Statesman, has pledged himself to provide the men, money and resources necessary for the support of the men at the front. His policy is to accord the first place to the soldier and the sailor in the concern of the State. His policy is to invite the ablest men in the country to form a Union Government. His policy is the organizing of the entire nation for the prosecution of the war. His policy

is for a "United Canada. His policy is for women suffrage, not only to the relatives of the soldiers. His policy is for the maintenance, care and comfort of the dependents of the soldiers. His policy is for the elimination of profiteering and the reduction in the high cost of living.

These are the things to which Sir Wilfrid Laurier is pledged. These are the things which the late Borden Government have not done. The electors want these things, and they will vote for them.

**CLEANSE THE LARGE INTESTINE**

Prevent War Cry of Advanced Physicians.

Some of the leading surgeons of the world have gone so far recently as to remove parts of the Large Intestine in cases so serious as that of Tuberculosis and restored the patient to perfect health by so doing.

The New York American has recently said: "During Intestine the poisons in the Large Intestine often become so great as to form a serious menace to health and even to life. Through the walls of the Intestine they enter the blood and consume the healthy blood cells, impoverishing the blood, and if this process is continued long enough an acute poisoning is produced."

It is impossible under our present-day mode of living for the Intestine to rid itself of all waste, and it is easily proven that there is an accumulation, no matter how regular we are.

Drugs, if taken regularly, form a habit, but Internal Bathing by means of the "J. B. L. Cascade" cleanses the Lower Intestine its entire length with pure warm water and makes it clean, sweet and healthy.

At the same time it regulates the system and makes one feel that every function is working smoothly and naturally—and, indeed, this is so.

This letter will convey a message of good cheer to many:

Welland, Ontario.  
Dr. Chas. A. Tyrrell,

163 College Street, Toronto, Ont.:  
Dear Sir,—We heartily endorse the J. B. L. Cascade, as we find in our work that a loaded colon means a poisoned system, which, in turn, means ligamentous contraction of the spinal muscles, against which our work is directed.

Anything helping us in gaining relaxation we consider a boon, both to ourselves and our patients.

Most sincerely,  
Drs. Hoxley and Garland.

Over five hundred thousand are now enthusiastic users of the "J. B. L. Cascade," which is now being shown and explained at Cyril H. Orme's Drug Store, cor. 3rd Avenue and 6th St., Prince Rupert.

Ask or write now, while you think of it, to Chas. A. Tyrrell, M.D., 163 College Street, Toronto, for free and interesting booklet, "Why Man of Today is Only 50 Per Cent. Efficient."

**Keep up the Food Supply and Help Make Victory Sure**

"I AM assured that my people will respond to every call necessary to the success of our cause—with the same indomitable ardour and devotion that have filled me with pride and gratitude since the war began."

HIS MAJESTY KING GEORGE

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unfailing flow of food to England and France must be maintained.

This is National Service—  
Not to the Farmer only—  
But to YOU—to everybody—  
This appeal is directed

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

PLANT a garden—small or large. Utilize your own back yard. Cultivate the vacant lots. Make them all yield food

WOMEN of towns can find no better or more important outlet for their energies than in cultivating a vegetable garden.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.

Be patriotic in act as well as in thought.

Use every means available—  
Overlook nothing.
