THE VICTORY LOAN

All over the city today, the request is being made to everyone to buy a Victory Bond. Everyone who buys a Victory Bond is doing a double duty—a duty for personal benefit and a duty to Canada.

This Victory Bond proposition is not a one-sided thing. The request to buy a bond is not made as a charitable act. Subscribing for a bond is not like giving a subscription to the many worthy objects for which subscriptions have been asked of late. It is a business proposition pure and simple, in the first place. The Victory Loan offers an investment of the guilt edged class, at a high rate of interest, with absolute security, so far as security can be guaranteed in this world.

For the loan of your money, you get 5½ per cent. interest, for the next twenty years if you will. Then you get your money back. As an investment, it will be hard to beat. With Victory Bonds, there is no speculation as to how it will pay. The interest is guaranteed. There is no speculation as to whether you will get your money back or not. The security is the whole of Canada. It is a safety first proposition all the way through. No one can go wrong with Victory Bonds.

The success of this loan guarantees the provision of war material, manufactured in Canada, for use against the Germans. The money is necessary to win the war. The money is necessary to keep the industries of Canada going, that wages and salaries may be paid. The money will circulate in Canada. The prosperity of the Dominion and the continuance of her activities depend almost entirely upon the extent of the ability of the Canadian people to invest in war loans.

QUEBEC AND CONSCRIPTION

A dispatch published on Wednesday last from Ottawa disclosed the information that at that time, the Military District of Montreal led the whole of Canada in the percentage of Class A men who had registered, under the provisions of the

Military Service Act. And further than that, the Military District of Quebec came second. The dispatch stated that gratification had been expressed at Ottawa at the manner in which Quebec had "obeyed the law" in this respect.

This gratification is doubtless because of the fears which were held in many quarters being unfounded that Quebec would resist the law of the land. The people of Quebec were mistrusted. Their loyalty as Canadians was doubted. This mistrust and doubt has been expressed and doubtless generated in the hearts of the French-Canadians in Quebec a similar mistrust and doubt of the late and the present Borden Government, it is not to be wondered at. Such is only to be expected. But notwithstanding, the people of Quebec "obey the law."

UNION GOVERNMENT

One of the peculiar things to be noticed among the discussions of many people who advocate Union Government is that their desire for a United Canada is lost in their desire for a Union Government. To the doubtless, the two things are the same. But first things must come first. When we have a United Canada there will be a much greater chance for a true and real Union Government. The whole trouble is that a great number of the rabid flagwaggers, and they exist in Prince Rupert as elsewhere, have no desire to unite with the other parties. They want the other parties to unite with them. That is their idea on union as applied to government as to other things.

The same idea was in the mind of Sir Robert Borden when he asked Sir Wilfrid Laurier to join him last June. He did not say to Sir Wilfrid, "Join with me in a Union Government and together we will evolve a policy for the good of Canada." Instead he said in effect, "Join with me in a Union Government and help me to carry out my policy." Borden would not join with Laurier, but he wanted Laurier to join with him. That is Sir Robert's

"Her Money Troubles"—They get more vexatious as the cost of foods climbs skyward. Meat, eggs and vegetables are almost beyond the family purse. Happy is the housewife who knows **Shredded Wheat**, its low cost and its high food value. A better balanced ration than meat or eggs and costs much less. Two Shredded Wheat Biscuits with milk or cream make a complete, perfect meal, supplying all the nutriment needed for a half day's work at a cost of a few cents. Delicious for any meal with milk or cream, or with fresh or stewed fruits. Made in Canada.

idea of a Union Government. "Heads I win and tails Laurier loses," Sir Robert's idea of a Union Government seems to be rather one sided.

If you are too old to enlist, you are better able to invest; therefore, buy Victory War Bonds.

BE CLEAN INTERNALLY

Over 500,000 People Are Now Doing So.

For many years physicians have agreed that 95 per cent. of human ills was caused by accumulated waste in the Lower Intestine, that in our present way of living Nature could not remove all this waste without assistance, no matter how regular we might be; and that the poisons from this waste circulated through the blood pulled us away down below par and were responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of their recommendation and those of its users, been steadily growing in favor. Recently, however, the startling news, which has been covering the country that great surgeons and specialists have been operating on the Lower Intestine in such serious diseases as Tuberculosis, and attribute such conditions of chronic ill-health as Nervous Debility and Rheumatism to this cause, also saying that these poisons are favorable to the development of Cancer and Tuberculosis (as stated in a recent article in The New York Times), has caused people to become thoroughly awake to the importance of keeping this Lower Intestine free from all poisonous waste matter, and over 500,000 are now using Internal Baths.

This enthusiastic and grateful letter is by no means an exceptional one amongst the hundreds on our file:—
703 7th Ave. South, Lethbridge, Alberta.
Dr. Tyrrell, Toronto:

Dear Doctor Tyrrell,—After using your "J. B. L. Cascade" for four months, I feel it my duty as a thankful patient to express my enthusiasm for the great blessing it has been to me. You cannot feel my emotions as I write this letter in praise of you in your great work. Words simply fail to express my thankfulness for first learning of your Cascade. Previous to using it I could not go a day without a drug of some sort, and since using it I have not, on my word of honor, swallowed five cents' worth of drugs. I spent over \$300.00 in the two years previous to hearing of the "J. B. L." Would that all the young men and women I see in this town with their faces covered with horrid, unsightly pimples would use it. They would soon get rid of them, as I did. I must stop, or I will be keeping you from your work, but I could fill ten more pages of my past condition of health, also in praise of the "J. B. L." May you enjoy this life to the full.

Sincerely yours,
William Devoy.

If you try the "J. B. L. Cascade" you will find yourself always bright, confident and capable—the poisonous waste makes us bilious, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

Call and see it at Cyril H. Orme's Drug Store, Cor. 3rd Avenue and 6th St., Prince Rupert.

Ask for "Why Man of Today is Only 50 Per Cent. Efficient," a booklet of great interest, which is given on request. If you prefer, write at once to Chas. A. Tyrrell, M.D., 163 College Street, Toronto, for this book.

IN THE LETTER BOX

To the Editor—I wish to more fully explain to those whom it may concern what I said at the Trades and Labor meeting about the Victory Loan.

I am an International union man and I claim the right to express my views before an assembly of my class, on any question that directly or indirectly affects their interests, and I am not easily swayed by popular waves of public sentiment. I am not a public speaker and was not at the time aspiring publicity, yet our press committee was acting entirely within their rights and the statements they published were in the main correct, but are not self explanatory.

I was speaking at the time in support of Sir Wilfrid Laurier's manifesto and referring to the part on war profiteering where he says he would not hesitate to take over factories and industries supplying war material and food production, in order to stop this evil following along the lines of wealth conscription. I made the statement that the policy of issuing Victory loans for such a cause as this only encouraged war profiteering. Hence followed the criticism as appeared in the press. It was not directed against the (Continued on page three.)

Keep up the Food Supply and Help Make Victory Sure

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unfailing flow of food to England and France must be maintained.

*This is National Service—
Not to the Farmer only—
But to YOU—to everybody—
This appeal is directed*

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.

PLANT a garden—small or large. Utilize your own back yard. Cultivate the vacant lots. Make them all yield food.

WOMEN of towns can find no better or more important outlet for their energies than in cultivating a vegetable garden.

Be patriotic in act as well as in thought.

*Use every means available—
Overlook nothing.*
