CANADIAN SOLDIERS
DID IT MIGHTY WELL

Ottawa, Nov. 20.—Lieut.-Gen. Sir Arthur Currie, commander of the Canadian Corps, in a communication to Sir George Perley in London, under date of November 7, wrote:

"As the press will have told you this morning, we attacked all afternoon yesterday, and succeeded in taking all our objectives and doing it on time. The village of Passchendaele is ours. This has been the goal fought for so hard all summer. Yesterday's fight made the third successful battle we have fought since coming up here.

Before we came, the situation was that certain tactical features had to be taken. The Canadians were brought up to do the job; so far they have done it mighty well. Our success means everything to those who have to hold the line.

"The cost has been severe, but I believe the results more than justify the cost. We came at a bad season as far as weather is concerned, and a bad season for roads, trails, tramways and other communications."

ITALIAN POET-AVIATOR
IS REPORTED MISSING

THE STRIKE AT
TRAIL SMELTER

No Truth in Victoria Dispatch
That Smelter Men Object
to Obey the Law.

Nelson, Nov. 19.—The situation at the Trail smelter, where 1,500 men went on strike last week is unchanged today. A proposal to arbitrate has been made by the company, but the men so far have refused.

The question at issue is said to be the demand for an 8-hour day by 450 men at the plant who have been working nine hours. The other men are out in sympathy. It is denied that the operation of the Military Service Act has caused the men's action.

The Trail Board of Trade has made a vigorous protest against the widespread and erroneous statements given out to the press that the smeltermen have walked out in protest to the Military Service Act. The demands of the men are for an eight-hour day and that alone. The statement that the Victory Loan literature was made into a bonfire is deliberate falsehood.

PERSECUTION OF
THE POLISH JEWS

The Hague, Nov. 20.—The Jewish correspondent bureau hears grave complaints from the Jews in Polish territory occupied by the Austrians. The occupying power is declared to have become daily more and more anti-Jewish, despite its promises of deliverance from "Russian tyranny," made when the Austrian army entered Poland. The use of Yiddish is forbidden, and none of the ordinances made by the Germans regulating the status of Jews in German occupied territory has been made operative in the Austrian section, where in fact the Jews possess no rights whatever.

The Austrian excuse is that old Russian discriminative law governing the position of the Jews in Poland can not be abolished, even though they are no longer operative in Russia itself, and all efforts to remedy this state of affairs have failed.

Here's a Way to Use
Apples

A woman in Vancouver proved to us that scientists were not practical in the ways they recommend the use of PACIFIC MILK. She says (and she did not say it boastfully) that she gets almost half as much again from Pacific Milk as she can even from fresh milk. She cites this as an example. Try it.

1/2 cup PACIFIC MILK.
3 cups of water—when nearly boiling mix in 3 tablespoonsful cornstarch and two table-spoonsful of sugar. Cook for five minutes, stirring all the time, then beat in two cups of apple sauce, and put into moulds to set.

Using half cup PACIFIC MILK makes this quite rich enough, although she says Pacific is the only milk that stands so much reduction.
