WHO RULES IN CANADA?

The people of Canada are about to be given one of the chances, which do not come very often, of expressing their opinion regarding the government of the country. The men who are elected are supposed to be responsible to the voters for their actions in Parliament, just as the members of the Cabinet who are chosen for that high office, are supposed to be responsible to the House. This responsibility, however, is not all one sided. While the member of Parliament is responsible to his electorate, the voters are to a certain extent responsible for their member. They are at least responsible for his election, or rather should be, for under the provisions of the War Time Elections Act, which the Borden Government armed itself with before quitting, it is possible that a whole lot of irresponsible votes may be thrown in to the credit of a candidate whom these particular voters know nothing about.

In this election, the alleged Union Cabinet, composed of fourteen Conservatives and eight Liberals, are appealing for support as being the Union of all that is best in Canadian political life. On the other hand, this alleged Union has been repudiated by Liberals from one end of the country to the other. This is shown by the nomination of 228 straight Liberals to contest the alleged Union candidates. With a minority of Liberals, the Borden Government now calls itself the Borden Union Government, but it remains a Borden Government just the same.

Feeling has been rising all over Canada during the last six years among the people against the doings of the Borden Government. Organized labor, the backbone of the Dominion, is against the Borden Government, and for very good reasons. The Borden Government cannot show any one thing they have done during their period of office which was done in the interests of the people at large. Their policy has always been directed by the big interests, for whom democratic

legislation means the sharing of the great wealth they have heaped up and still continue to heap up. Time and again has the voice of the people been heard in protest against the high costs of living. The demand for the proper treatment of the dependents of the soldiers has remained unanswered. The public indignation against graft and profiteering has been answered with the appointment of white washing commissions which have resulted in nothing being done other than the spending of more of the money which the people have to put up, in joy rides.

But on the other hand, when the manufacturers want a little more profit, they have no difficulty in getting the British preferential tariff removed. They have no difficulty in restraining the food controller from doing anything but tell the people to eat less. They have no difficulty in fact in getting the Borden government to do anything they like to ask.

The people of Canada are alive to these things. They have suffered from the misdeeds of the Borden Government for six long years. And the people will be responsible themselves for the kind of government they will get during the next Parliament.

Sir Robert Borden and his cabinet have proved themselves to be no friend of the people. They flimflamed the people of Canada once on the issue of reciprocity by the fear of annexation by the United States. Their argument is now that if Canada does not send 100,000 men to France, the Germans will win the war. That's what it comes to. And at the same time, the Borden Government has deliberately refused to place Canada on a war basis in other things. They have refused to tax adequately the immense war profits. They have refused consistently to utilize the resources of Canada to the fullest extent. Rather than touch the profiteer's ill gotten gains, they will pay 5 1/2 per cent, for the loan of the people's money, which the people will ultimately have to pay

The Workers of the World with hand or brain, in doors or out doors, under all conditions and in all climes, will find in **Shredded Wheat** the food that supplies all the material for building healthy tissue and good brain—a food that nourishes every organ of the body and keeps the bowels healthy and active—the one universal cereal food that appears on the breakfast table of most Canadian homes every day in the year. It is ready-cooked and ready-to-eat. For breakfast with milk or cream, for any meal with fruits. Made in Canada.

themselves. They have refused to utilize the national shops for the making of war material, which might have been produced at cost. They have refused to utilize the Prince Rupert drydock plant, while financing the building of other shops elsewhere. Their whole history is one of greed and rapacity in their own interests.

Condemned as Conservatives, the Borden Government hopes to get by at the election as Unionists. Let them hope!

NOTES AND COMMENTS

What do you think of the small newspaper's adjectives? Some powerful invective, Eh? What? And that's about all. There's nothing to it.

Has anyone noticed any reduction in the price of foodstuffs? Bob Kelly, of Kelly, Douglas & Co., Ltd., the real food controllers on the B.C. coast, has now officially joined Mr. Hanna. The command to "eat less" from Mr. Hanna won't suit Bob. The less we eat, the less for him.

Isn't this a funny election? The true patriots, the flag wagers, only want to conscript the man power of Canada, while the "traitors" the party which the Kaiser would vote for want to conscript the whole power of Canada, which includes the profits of the war profiteer, to defeat Germany. Sort of paradoxical, isn't it?

And even the thousands of returned soldiers on board the "Olympic" cried with one voice, "To hell with Borden." That is a most severe judgment to pass upon any man, yet it is given by the boys who have been through hell itself with paper shoes and rifles that jammed! Considering everything, it is no wonder they said "To hell with Borden". Strong language, indeed, but justifiable from strong men.

Peck stands for Borden, who conscripts human life only and lets the rich man off lightly. Stork won't stand for Borden and his profiteering friends any longer and wants conscription—real conscription all round. The ordinary voter can size things up for himself.

The real issues of this election are on the one hand Peck, Borden, profiteering, part conscription; and a divided Canada; or Stork, Laurier, cheaper food, adequate taxation, conscription all round and a United Canada. Which will you choose?

NOTICE

A desperate attempt is being made to befog the real issues in this campaign. Conscription and Union Government are only red herrings drawn across the trail. The real issue is the record of the Borden Government, and in this connection it would be well to

BE CLEAN INTERNALLY

Over 500,000 People Are Now Doing So.

For many years physicians have agreed that 95 per cent. of human life was caused by accumulated waste in the Lower Intestine; that in our present way of living Nature could not remove all this waste without assistance, no matter how regular we might be; and that the poisons from this waste circulated through the blood pulled us away down below per and were responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of its recommendation and those of its men, been steadily growing in favor. Recently, however, the startling news, which has been covering the coast, that great surgeons and specialists have been operating on the Lower Intestine in such serious diseases as Tuberculosis, and to relieve such conditions of chronic ill-health as Nervous Debility and Rheumatism to this cause, also saying that these poisons are favorable to the development of Cancer and Tuberculosis (as stated in a recent article in The New York Times), has caused people to become thoroughly awake to the importance of keeping the Lower Intestine free from all poisons waste matter, and over 500,000 are now using Internal Baths.

This enthusiastic and grateful letter is not an exceptional one amongst the hundreds on our file.

763 7th Ave. South, Lethbridge, Alberta.

Dr. Tyrrell, Toronto.

Dear Doctor Tyrrell:—After using your "J. B. L. Cascade" for four months, I feel it my duty as a thankful patient to express my enthusiasm for the great blessing it has been to me. You cannot feel my emotions as I write this letter in praise of you in your great work. Would simply fail to express my thanks for first learning of your Cascade. Previous to using it I could not get a day without a drug of some sort, and since using it I have not, on my word of honor, swallowed five cents' worth of drugs. I spent over \$300.00 in the two years previous to hearing of the "J. B. L." I would that all the young men and women I see in this town with their faces covered with horrid, unsightly pimples would use it. They would soon get rid of them, as I did. I must stop, or I will be keeping you from your work, but I could fill ten more pages of my past condition of health, also in praise of the "J. B. L." May you enjoy this life to the full.

Sincerely yours,

William Devoy.

If you try the "J. B. L. Cascade" you will find yourself always bright, content and capable—the poisonous waste makes us bilious, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.
