THE REASON WHY

In other of the allied countries, in France and Great Britain and in the United States, the Labor leaders are in close touch with their governments in all that pertains to the many problems that arise out of every day work. The same thing is seen in Australia and South Africa. In these great democracies, the government gets close to the people and in this time of stress, closer than ever before, for the national weal. But in Canada, a supposedly democratic country, do we find what we might expect in view of what has happened and is happening elsewhere? In Canada organized Labor is the avowed enemy of the government of the day, which is the Borden government. Taking into consideration what is the case in these other democracies it must be plain that there is something rotten in the state somewhere, when the working men of a great nation unanimously oppose the government "de jure."

The unanimous feeling of the people who form the backbone of the nation is in opposition to the Borden government and this is no idle whim. It is not the unconsidered action of a few fanatics, such as are to be found in every camp, no matter of what political color. Instead, it is the well considered and weighed judgment of an educated and skilled body of men. They are unanimous in their condemnation of Sir Robert Borden.

The reason is to be found in his actions, and in the actions condoned by him, of his Cabinet during the past six years and more especially since the war began. The policy of the Borden government has not been in the interests of the people, as a whole. The stern realities of this fact has been brought home to the wage-earners in no uncertain manner. They have been exploited to the utmost, while the Borden government looked on and said to the exploiters, "Go to it." They have been taxed out of all proportion with the moneyed classes. They see Canada surrounded by a tariff wall de-

signed for the purpose of enabling the Canadian manufacturer to soak them a little more and they have seen the Borden government instead of doing anything to assist them, making that wall just a little bit higher, and requiring for its upkeep the expenditure of millions of dollars annually for a host of customs officials. They have seen the grafter and the profiteer stand before the King. They have seen them heap up millions, which the Borden government refuses to tax. They have seen the national shops, where munitions might have been turned out at cost, handed over to the profiteer, so that he may make huge profits that the people have to pay for. They have seen the Borden government encourage profiteering, rather than restrain it. They have seen the Military Service Act brought in which conscripts human life, while the Borden government refuses to conscript the profiteers' wealth.

In other countries, the labor leaders have been in the confidence of their governments in matters relating to labor, but in Canada, the Borden government has in a high handed fashion refused to take Labor with it. Is there any wonder that Organized Labor thinks that some improvement is possible? Conditions as they are, cannot continue without an explosion with Borden sitting on the safety valve.

If democracy means anything, if there is anything to it in Canada beyond the mere sounds of its syllables, it will be made plain to Sir Robert Borden within the next few days that the one function of Parliament is to make laws FOR THE PEOPLE and not for one particular class, even though they do form an aristocracy of wealth. This fact is one which Sir Robert Borden has consistently ignored. Government must be with the consent of the governed. Borden's majority in the last election came through the bugbear of conscription, which Laurier was blamed for thinking about. It was a lie, of course, but it was good enough to win the election on. Before Borden can turn

MAGIC BAKING POWDER

right about face on the very thing which Laurier was blamed for, it would seem that in fairness to the governed, their consent be necessary. The working people of Canada do not consent to be governed by Borden any longer.

NOTES AND COMMENTS

Conservatives are doing their best to divide Canada—to put eight provinces against one. Yet hoping for a divided Canada, they call themselves Unionists!

Who would the Kaiser vote for? The question is asked by the eastern Tories. Having no other justification, they are compelled to invoke the name of the Kaiser to help them win the election. Some patriots!

The Toronto newspapers make sorry reading these days. They refuse to differentiate between foes, foreigners, Frenchmen and faithful Liberals. Having no regard for the truth, they pin their faith to alliteration and big headlines.

But remember! Laurier put Prince Rupert on the map. Borden has done his best to take it off. Borden has cursed Prince Rupert for six whole years. His only handwork during that time is an open sore on Third Avenue, which the people have to pay for keeping disinfected. Borden demands his price!

The Borden minister stated that Prince Rupert was under a curse. The curse of Borden! A vote for Stork will help remove that curse.

So you want cheaper food, cheaper boots and clothing? Then remember, Borden and his supporters stand for the profiteers. Stork and Laurier won't. You vote accordingly—for your own sake, and for the soldiers and their dependents.

Among Borden's last acts in Parliament was the theft of ten million dollars for the worthless C. N. R. stock, which the government owned already. Borden wants to go back and steal some more millions. Common law puts a robber in jail.

Thousands of returning soldiers, on board the "Olympic" cried "To hell with Borden." He gave them paper shoes to keep their feet dry in the flooded trenches of Flanders, and rifles that jammed in the face of German attacks. Ask any of the returned soldiers about Sam Hughes' patented nine pound trench shovel with the hole in it. And you won't vote for Borden. And Peck stands for Borden. Stork won't.

BE CLEAN INTERNALLY
Over 500,000 People Are Now Doing So.

For many years physicians have agreed that 95 per cent. of human ill is caused by accumulated waste in the lower intestine; that in our present way of living Nature could not remove all this waste without assistance, no matter how regular we might be; and that the poisons from this waste circulated through the blood pulled us away down below par and were responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of their recommendation and those of its users, been steadily growing in favor.

Recently, however, the starting point which has been covering the country that great surgeons and specialists have been operating on the lower intestine in such serious diseases as Tuberculosis, and all other such conditions of chronic ill-health as Nervous Debility and Rheumatism to this cause, also saying that these poisons are favorable to the development of Cancer and Tuberculosis (as stated in a recent article in The New York Times), has caused people to become thoroughly awake to the importance of keeping the Lower Intestine free from all poisonous waste matter, and over 500,000 are now using Internal Baths.

This enthusiastic and grateful letter is by no means an exceptional one amongst the hundreds on our file:—

703 7th Ave. South, Lethbridge, Alberta.
Dr. Tyrrell, Toronto.

"Dear Doctor Tyrrell,—After using your "J. B. L. Cascade" for four months, I feel it my duty as a thankful patient to express my enthusiasm for the great blessing it has been to me. You cannot fail to be moved as I write this letter in proof of you in your great work. Words simply fail to express my thanks for the first learning of your Cascade. Previous to using it I could not go a day without a drug of some sort, and since using it I have not, on my word of honor, swallowed five cents' worth of drugs. I spent over \$200.00 in the two years previous to hearing of the "J. B. L." Would that all the young men and women I see in this town with their faces covered with horrid, unsightly pimples would use it. They would soon get rid of them, as I did. I must stop, or I will be keeping you from your work, but I could fill ten more pages of my past condition of health, also in praise of the "J. B. L." May you enjoy this life to the full.

Sincerely yours,
William Derox.

If you try the "J. B. L. Cascade" you will find yourself always bright, confident and capable—the poisonous waste makes us listless, blue, dull and nervous for Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

Call and see it at Cyril H. Orme's Drug Store, Cor. 3rd Avenue and 6th St. Prince Rupert.

Ask for "Why Man of Today is Only 50 Per Cent. Efficient," a booklet of great interest, which is given on request. If you prefer, write at once to Chas. A. Tyrrell, M.D., 163 College Street, Toronto, for this book.
