### NOTES AND COMMENTS

Has anyone seen any signs of the high cost of living coming down? That would be election dope of the finest kind, which everyone would appreciate.

This is the day when the first class under the Military Service Act were to have been called up. We use the past tense.

Laurier started the drydock. Borden stopped it. Vote for Laurier and get it again!

The whole world is crying out for ships. Prince Rupert has a ship shed which isn't working. Who's responsible? All signs point to Borden.

Apart from the mechanics who run the Tory machine—and they must get their wages—what interest can any resident in this northern district have in the government of Sir Robert Borden. We can only judge him by the past. And his record is bad. It would condemn even Laurier, if he had it.

The Borden government is strong for conscription—of men only. If they had been half as anxious to conscript excess profits at the beginning of the war there would have been no lack of recruits. Men with dependents do not care to leave them to the tender mercies of Flavelle and his kind, and the charity of the public.

That independent newspaper, the Toronto Saturday Night, just will not let Sir Joseph Flavelle alone. It's always getting after him. Yet Sir Joseph holds down his job quite unabashed, as the greatest profiteer in Canada. He won't be able to save his bacon much longer, though.

The town of Kitchener refused to listen to Sir Robert Borden, which to say the very least, was an ungallant thing to do. They have been classed as pro-German, traitors and all the other names of the Tory vocabulary. The returning soldiers on board the "Olympic" did the same thing, however. What would you call them? Traitors and pro-Germans?

## POINTS OF INTEREST FOR INTENDING VOTERS

There are many points about the Dominion elections act as affected by the war time elections act and the new provisions which will be applicable to the voting in the coming elections.

The following are some points which will be of interest to the voters in the coming federal election:—

Where provincial requirements as to residence cannot be applied at the time of making the lists the residential qualifications of voters is one year in the province and thirty days in the electoral district prior to the issuance of the writ of election.

Wives, widows, mothers, sisters and daughters of persons, male or female, alive or dead, who are serving or who have served outside of Canada in any of the military forces of Canada or Great Britain or within or without Canada in any of the naval forces, excepting such female relatives of persons who have ceased service in otherwise than an honorable manner are entitled to vote. No such relatives of persons who have joined the naval forces of Canada since the passing of the war time election act on September 20, 1917, will have the vote.

### Lists to be Posted.

Fifteen days before the polling day (Dec. 17) lists of the voters in each polling subdivision will be posted in said subdivision. The enumerators then sit two hours per day for ten days preceding polling day to revise the list, answer inquiries and execute transfers of votes of election officers and agents whose duties may take them away from the polling subdivision on election day. Up to five days before election the enumerator may upon the representation of any credible person add or strike off the lists any name.

There are no printed lists. On election day electors whose names are not on the lists may appear before the enumerator who sits within or near the polling place. If they are entitled to vote they are given certificates. Any person who is refused a certificate may demand and obtain a written refusal which entitles him to a ballot which is sealed in a new envelope and not counted excepting in case of a recount and then only upon proof of his right to vote. Votes of persons challenged are treated in the same manner.

There is an enumerator in each polling subdivision. Entirely new lists are being made out in Prince Rupert. The lists when completed will be posted outside the polling booths or outside the postoffice.

### May be Sworn.

Every person, whose name is on the list, can be sworn by candidate, agent, or elector, and if the oath is refused the voter loses the right to cast a vote in the election. The oath is:

"You swear that you are legally qualified to vote at this election, that you are of the (male or female) sex, a British subject, resident of Canada, and of the full age of 21 years. (In case of a female voter the following is added): You do further swear that you are the (wife, widow, mother, sister or daughter as the case may be) of a person who is serving or has served without Canada in the military forces (or within or without Canada in the naval forces) of Canada or of Great Britain in the present war."

The following people are un-qualified to vote:

The judges of every court whose appointment rests with the governor-in-council;

Persons disenfranchised for corrupt practices under the act;

Criminals, lunatics, inmates of

Every person who has been convicted of an offense against the military service act has no vote.

### NOTICE

A desperate attempt is being made to befog the real issues in this campaign. Conscription and Union Government are only red herrings drawn across the trail. The real issue is the record of the Borden Government, and in this connection it would be well to
