UNITY

After three years of warfare against the most powerful enemy modern civilization has had to face, the British Empire as a whole is more indissolubly knit together than in any other stage of her history. The oneness with which the constituent parts of the Empire came to the help of the mother country in her time of need is a striking tribute to the soundness of the British idea of government.

military gain might be offset by a greater political loss. Which against one of the differences between statesmanship and mere politics.

The same situation exists in Canada today, but only to a certain extent. In Ireland Great Britain has a problem. They have a people with national aspirations. They have a strong and troublesome Nationalist party, which wants Home Rule. But notwithstanding that in Ireland the percentage of the population enlisted is small compared with Great Britain, its people are not excommunicated as traitors to the Empire even if a section of them did rebel, and racial strife and animosity created to embitter the existence of an Irishman, wherever he goes.

Instead of accentuating racial animosities, no matter how old standing, a time like this calls for very different treatment, which, however, a Tory is incapable of appreciating. Canadian law is modelled upon that of Great Britain and in government Sir Robert Borden has a great deal yet to learn from that same little country. Sir Robert has shown that he is unable to preserve the unity of the different parts of the Dominion, and at a time,

GILLETT'S LYE

when unity is essential. His cry now for a Union government is a farce. That time was three years ago. A strong premier would have had ere this.

blame for the stagnant condition of Prince Rupert and the G. T. P.? Who but the Borden Government? Recently orders for a few ships have been placed in B. C. at Vancouver and Victoria, because the east could not supply the demand; but no orders came to Prince Rupert. The G. T. P. got no extra war traffic to carry. Why has the Prince Rupert drydock plant, costing two and a half million dollars, been allowed to stand idle since it was built, instead of doing its share to win the war? Because the Borden Government and the C. N. R. have been bucking the G. T. P. and Prince Rupert, because it was a Laurier road and Laurier town. Prince Rupert and the country tributary to the G. T. P. will never come to its own until the country gets rid of the Borden Government. In order to do this it is up to the electors to vote for Stork and Laurier.

Prince Rupert and the National Transcontinental was the ambition of Sir Wilfrid Laurier. His ambition was realized and he will yet see its further development. His return to power means restored confidence in northern B. C. and the rapid growth of Prince Rupert, which is destined to become one of the largest cities on the Pacific Coast. Its development means the development of the hinterland as well.

The Tories once styled themselves Conservatives, then they robbed the Liberals and called themselves Liberal Conservatives. Now seeing they are discredited before the people under their former name, they call themselves Unionists. Borden has got six Liberals to join him in a Cabinet of Twenty-two. This he calls a Union Government. It is that in name only and the name is one calculated to deceive the electors. The Tories want to win this election under the guise of Unionists, by hook or by crook, and to gain their end, they armed themselves, at the tail end of the last session of Parliament with one of the basest and most outrageous acts ever placed upon the statute book. By its means they hoped to cut out half a million good Liberal votes and also hope to have enough floating soldiers' votes to apply wherever they want them. They are loud in their denunciation of the Liberals, who they claim do not wish to win the war. But winning the war is really a secondary consideration with the Borden Government. They want to win the election first. Which by means of the War Time Elec.

BE CLEAN INTERNALLY

Over 500,000 People Are Now Doing So.

For many years physicians have agreed that 92 per cent. of human ill was caused by accumulated waste in the lower intestine; that in our present way of living nature could not remove all this waste without assistance, no matter how regular we might be, and that the poisons from this waste circulated through the blood pulled us away down below par and was responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of their recommendation and those of 30,000, been steadily growing in favor.

Recently, however, the startling news which has been covering the country that great surgeons and specialists have been operating on the Lower Intestine in such serious diseases as Tuberculosis, and attribute such conditions of chronic ill-health as Nervous Debility and Neurosis to this cause, also saying that these poisons are favorable to the development of Cancer and Tuberculosis (as stated in a recent article in The New York Times), has caused people to become thoroughly awake to the importance of keeping the Lower Intestine free from all poisonous waste matter, and over 500,000 are now using Internal Baths.

This enthusiastic and grateful letter is by no means an exceptional one amongst the hundreds on our file:— 703 7th Ave. South, Lethbridge, Alberta. Dr. Tyrrell, Toronto:

"Dear Doctor Tyrrell:—After using your 'J. B. L. Cascade' for four months, I feel it my duty as a thankful patient to express my enthusiasm for the great relief it has been to me. You cannot find my emotions as I write this letter as simply fail to express my thanks. It was my first learning of your Cascade. Previous to using it I could not go a day without a drug of some sort, and since using it I have not, on my word of honor, swallowed five cents' worth of drugs. I spent over \$300.00 in the two years previous to hearing of the 'J. B. L.' Would that all the young men and women I see in this town with their faces covered with horrid, ugly pimples would use it. They would soon get rid of them, as I did. I must stop, or I will be keeping you from your work, but I could fill ten more pages of my past condition of health, also in praise of the 'J. B. L.' May you enjoy this life to the full.

Sincerely yours, William Detry.

If you try the "J. B. L. Cascade" you will find yourself always bright, content and capable—the poisonous waste makes us bilious, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

Call and see it at Cyril H. Orme's Drug Store, Cor. 3rd Avenue and 6th St., Prince Rupert.

Ask for "Why Man of Today is Only 40 Per Cent. Efficient," a booklet of great interest, which is given on request. If you prefer, write at once to Chas. A. Tyrrell, M.D., 163 College Street, Toronto, for this book.
