WHAT A LIBERAL GOVT. MEANS FOR RUPERT

(Continued from Page two.)

tion Act, they hope to do.
 The Manufacturers' Association of Canada, the capitalist and those who are making millions out of the war, are behind the Borden Government, with their cold cash, to defeat the Liberals. They got their cash from the pockets of the consumers of Canada through high tariffs and heavy duties, preventing competition. As much as 42½ per cent duty is paid on certain goods from the United States. The Borden Government clapped on 7½ per cent, of this since the beginning of the war to fleece the public and 5 per cent, on British goods. Yet they are the loyalists in a land of "traitors." No wonder the Canadian people have had their nose

to the grindstone ever since the Tories came into power in 1911 and are still grinding.

If Laurier is returned at this election, the tariff will be reformed, profiteering stopped, and the men and firms now making huge profits will be adequately taxed over and above a reasonable return on invested capital. If you want to see this and a reduction in the cost of living, then vote for Fred Stork. A vote for him means a vote for the prosperity of Prince Rupert, the G. T. P. and towns along the line. Bigger towns means a bigger market for the farmers and what they produce. Laurier is out to win the war, to support the soldier with men, money and resources, and for the prosperity of Northern British Columbia. If you want this, then vote for Stork.

SUPPORT UNION GOVERNMENT

Women of Canada: "Be True to the Boys At the Front"

Sir Robert Borden in his manifesto says: "The franchise will be extended to women, not chiefly in recognition of devoted and capable service in the war, but as a measure of justice too long delayed. If men die, women suffer; if they are wounded, women heal; if they are maimed, women labor."

The franchise is extended to the women relatives of fighting Canadians, in order that they may help hasten Victory and bring the boys back from the trenches covered with the glory they have won.

A Vote for a Unionist Candidate Is a Vote for Reinforcements

The Union Government is pledged to carry on its work of raising the 100,000 reinforcements so urgently needed to support the Canadians at the front. Laurier and his adherents would stop this work, take a referendum, and experiment with voluntary enlistment, the possibilities of which have been exhausted. The most clear-headed, right-minded Liberals have gladly and without coercion helped to form the Union Government; they have weighed the pros and cons, they have not allowed politics to interfere with their patriotism, or their promise to our brave boys in France to "see them through."

WOMEN WHO CAN VOTE

Every woman may vote who is a British subject, 21 years of age, resident in Canada one year, and in the constituency 30 days, who is the mother, wife, widow, daughter, sister or half-sister of any person, male or female, living or dead, who is serving or has served without Canada in any of the Military forces, or within or without Canada in any of the Naval forces of Canada or of Great Britain in the Present War, or who has been honorably discharged from such services, and the date of whose enlistment was prior to Sept. 20th, 1917.

Such women should vote for the Unionist Candidate to ensure prompt reinforcements at the front.

Every ounce of strength in Canada should be exerted to help right a monstrous wrong the Prussian hierarchy would inflict upon the world. That is why the vote is placed in the hands of those most dear to our soldiers, trusting that the wifely love, and motherly devotion, and sisterly care, will vote as the boys would vote to carry on the work begun, and so far continued in the heroic spirit of self-sacrifice.
