BORDEN IS CHARGED WITH BROKEN PLEDGES

Parkhill, Dec. 12.—Hon. G. P. Graham, addressing a meeting tonight in support of Duncan Ross, charged Premier Borden with having broken pledges he made to the Liberals who voted for the Military Service Act. The premier, Mr. Graham said, reported that there was most urgent need for 100,000 men. "Relying on the premier's words," said Mr. Graham, "I voted to send help to the boys in the trenches. Six months have passed and not one man has gone, not one in training in Canada. Now, as an election dodge, Premier Borden is promising to interfere with the working of the act. He will find when he tries to do that he has absolutely no power."

POINTS OF INTEREST FOR INTENDING VOTERS

There are many points about the Dominion elections act as affected by the war time elections act and the new provisions which will be applicable to the voting in the coming elections.

The following are some points which will be of interest to the voters in the coming federal election:—

Where provincial requirements as to residence cannot be applied the time of making the lists the residential qualifications of voters is one year in the province and thirty days in the electoral district prior to the issuance of the writ of election.

Wives, widows, mothers, sisters and daughters of persons, male or female, alive or dead, who are serving or who have served outside of Canada in any of the military forces of Canada or Great Britain or within or without Canada in any of the naval forces, excepting such female relatives of persons who have ceased service in otherwise than an honorable manner are entitled to vote. No such relatives of persons who have joined the naval forces of Canada since the passing of the war time election act on September 20, 1917, will have the vote.

Lists to be Posted.

Fifteen days before the polling day (Dec. 17) lists of the voters in each polling subdivision will be posted in said subdivision. The enumerators then sit two hours per day for ten days preceding polling day to revise the list, answer inquiries and execute transfers of votes of election officers and agents whose duties may take them away from the polling subdivision on election day. Up to five days before election the enumerator may upon the representation of any credible person add or strike off the lists any name.

There are no printed lists. On election day electors whose names are not on the lists may appear before the enumerator who sits within or near the polling place. If they are entitled to vote they are given certificates. Any person who is refused a certificate may demand and obtain a written refusal which entitles him to a ballot which is sealed in a envelope and not counted excepting in case of a recount and then only upon proof of his right to vote. Votes of persons challenged are treated in the same manner.

There is an enumerator in each polling subdivision. Entirely new lists are being made out in Prince Rupert. The lists when completed will be posted outside the polling booths or outside the postoffice.

May be Sworn.

Every person, whose name is on the list, can be sworn by candidate, agent, or elector, and if the oath is refused the voter loses the right to cast a vote in the election. The oath is: "You swear that you are legally qualified to vote at this election, that you are of the (male or female) sex, a British subject, resident of Canada, and of the full age of 21 years. (In case of a female voter the following is added): You do further swear that you are the (wife, widow, mother, sister or daughter as the case may be) of a person who is serving or has served without Canada in the military forces (or within or without Canada in the naval forces) of Canada or of Great Britain in the present war."

The following people are unqualified to vote:

The judges of every court whose appointment rests with the governor-in-council;

Persons disenfranchised for corrupt practices under the act; Criminals, lunatics, inmates of

poor houses and such institutions;

Any person who has applied for exemption from military service on conscientious grounds and who has not been refused;

All Mennonites and Doukhobors excepting those who may have enlisted;

Every naturalized British subject who was born in an enemy country and naturalized subsequent to March, 1902, excepting those who have enlisted and served out of Canada in the Canadian or British armies, or in or without Canada in the navy; or have tried to enlist and been refused because medically unfit; or those who are grandparents, parents, sons, or brothers of such as who have so enlisted or tried to enlist; or those who are or have been during the present war members of the parliament of Canada or any province; or those Syrians and Armenians who are Christians; or those who are females entitled to the vote through relationship to a soldier.

Every person who has been convicted of an offense against the military service act has no vote.

NOTICE

A desperate attempt is being made to begot the real issues in this campaign. Conscription and Union Government are only red herrings drawn across the trail. The real issue is the record of the Borden Government, and in this connection it would be well to
