

THE BLESSING OF A HEALTHY BODY

Has Not Had An Hour's Sickness Since Taking "FRUIT-A-TIVES".

MR. MARRIOTT
73 Lees Ave., Ottawa, Ont.,
August 9th, 1915.

"I think it my duty to tell you what 'Fruit-a-tives' has done for me. Three years ago, I began to feel run-down and tired, and suffered very much from *Liver and Kidney Trouble*. Having read of 'Fruit-a-tives', I thought I would try them. The result was surprising. During the 24 years past, I have taken them regularly and would not change for anything. I have not had an hour's sickness since I commenced using 'Fruit-a-tives', and I know now what I haven't known for good many years—that is, the blessing of a healthy body and clear thinking brain".

COLONEL TELLS WHY MORE SOLDIERS NEEDED

To Make Jobs for Officers—Says Borden Purposely Killed Recruiting.

Windsor, Ont., Dec. 10.—Lieut.-Col. T. B. Welch, who recruited the 99th battalion and took it overseas, took the platform here in the interests of W. C. Kennedy, the Laurier Liberal candidate. Lieut.-Col. Welch declared that he had resigned his command at the Windsor mobilization centre in order to be in a position to protest against the cry of the Union government supporters that Canadians who voted for Liberals would be disloyal.

The appearance of Lieut.-Col. Welch in the political arena was most unexpected, and especially by the followers of Lieut.-Col. Wigle, the Unionist candidate. Lieut.-Col. Welch in his speech, charged that the Borden government had purposely killed voluntary enlistment by withdrawing the machinery with which to obtain recruits.

"We recruited more than 3,000 men here in Windsor," he said, "and could have got that many more if the government had not thrown a monkey wrench into the machinery."

He declared it was impossible for the Dominion to maintain five divisions at the front.

"The militia department is keeping five divisions in France to satisfy the ambitions of officers who sought high commands," he declared. "Thousands of dollars were squandered by the militia department. Canadian soldiers have nothing to thank the Borden government for."

KRUPPS OPEN BRANCH IN SWITZERLAND

Geneva, Dec. 10.—Germany's great gun-makers, the Krupps, have opened a branch factory at Lucerne with a capital of thirty million marks. The directors registered included Arthur Krupp and Counsellor Ernest Hauer, director of the principal Krupp factories at Essen. In compliance with the Swiss law providing that when new enterprises are established their objects must be set forth, the company declares its purpose to be the fabrication of arms, cannon and munitions of war, the acquisition of factories, mines and metals, and also their sale.

The Krupps already have purchased several houses and a large amount of ground at Lucerne. Sixty-four expert employees have arrived there, and three hundred others are expected shortly.

LUX

To give sweater coats a new lease of life

Now that sweater coats are getting more expensive, it is more than ever desirable that you wash yours with LUX. Of all things a sweater coat, which is seen so much, must be kept soft, fluffy, fleecy and "new" in appearance. You can keep yours that way and wash it again and again if you do this:

Four boiling water over LUX flakes—pure essence of soap—allowing 3 or 4 tablespoonfuls for every gallon of water you use. Whip into a creamy lather—a few seconds is needed. Then put in the garment and stir it about. Let it soak until cool enough for your hands to squeeze the water out of the coat—the dirt just runs away. Rinse in two or three relays of tepid water, and hang to dry.

Very simple. Anyone can do it—just a few minutes' work and you get a result that the most expert French cleaner might well envy.

LUX won't shrink woollens. Won't hurt any fabric or color that pure water can safely touch.
