THE NEW YEAR

"A good New Year" is the time honored saying with which we greet our readers on this occasion. Old 1917 is now history. It is now past and done with, and we are on the threshold of another year, which, it is the hope of one and all, will be much brighter and better in every way.

ready made. However, the speaker left it to his hearers as to which reason applied to Canada. And some are still wondering.

LETTER TO THE EDITOR

Prince Rupert, B. C., Dec. 29.

Mr. Editor,—If space will permit, I cannot refrain from commenting upon our "aggressive" council at this time, before a new administrative reign. On the face of it, it looks to me that these councillors are getting educated at the expense of the citizens of Prince Rupert. Now I think that we have put up with these totem poles long enough. There is no record that can convince the thinking man or woman as to their stewardship. There are good progressive men in this town of ours who have bright ideas upon municipal affairs, and I can't see how they sit back. We want these men. Yes, and the men of the ferret type, that will drive and hunt and search out and discover what is really wrong that we can't make this city hum and grow.

NOTES AND COMMENTS

The drydock started the new year well. It had steam up and its whistle blowing.

Some good intentions for 1918 are already being used for paving stones.

Dominion-wide prohibition is looked upon as being the immediate result of Mr. Rowell's joining the Union Government. That has been his pet scheme for a long time. Some people are now wondering how much longer Sir Joseph Flavelle will "save his bacon."

Sir Arthur Yapp is the official assisting the Food Controller with the voluntary rationing scheme in Great Britain. The comic papers there are making fun of his name, but if Hanna were in Great Britain they would make fun of his "yap."

other day, and the different decision which Australia and Canada come to on that question an Australian who has been resident in Canada for years gave what in his opinion was the reason. In the one country he thought that the people thought for themselves, while in the other, they were more inclined to accept their opinions

The Real "War Bread"

"The Real "War Bread" must contain the entire wheat grain—not the white flour center—but every particle of gluten and mineral salts—also the outer bran coat that is so useful in keeping the bowels healthy and active. Shredded Wheat Biscuit is the real "war bread" because it is 100 per cent. whole wheat prepared in a digestible form. Contains no yeast, baking powder, seasoning, or chemicals of any kind. Food conservation begins with Shredded Wheat Biscuit for breakfast and ends with Shredded Wheat Biscuit for supper. Delicious with sliced bananas, berries, or other fruits. Made in Canada.

same state of affairs existed before the war, and we are tired and exhausted hanging on for expectations to be realized by the men at the head of this city. We are tired, fed up, listening to public addresses, also big promises. We want men that will get into action and see that something of a material nature is done for this hoo-doo city of ours. There must be a Jonah somewhere, and it is up to the voters of Prince Rupert to get rid of him.

Now, citizens of Prince Rupert, wake up. We want to readjust our compasses. You that have property, real estate, etc., don't meditate much longer, but see to it that you don't put in an irresolute mayor, who is not firm in purpose. What is required is a man with broad views, who is liberal in his ways. The same applies to aldermen. We have attained absolute convictions upon all different councils, so therefore see that we readjust our compass and get away from such intellectual conditions that are liable to put us on the rocks for all time.

I am, yours, WILLIAM McILRAVEY, Shipwright and returned munitions worker.
