NOTICE TO THE PUBLIC

Harry Hanson says that after an eight-months' trip devoted to the promoting of his patented coil, and to the study of ranges and stoves, both in the country and city, with a view to improvements, he finds that stoves are not yet perfect. Too much fuel is being consumed for the amount of heat attained. The Hudson's Bay Company of Vancouver now has a stove that consumes just one half the fuel that an ordinary stove does, in accomplishing the same results, the Fireco.

He has come back with orders for twenty-five coils to be installed in Vancouver and vicinity on or about March 15th, 1918. One reason why many stoves do not bake satisfactorily is that the seven-inch pipe at the stove is reduced to six inches. This creates soot and affects the baking qualities of the oven, besides necessitating more cleaning.

Another thing he finds since he left is a lot of imitations and infringements on his patent coil in Prince Rupert. He has the "Sole Agency" for the said coil in this district.

Don't forget that.

"BEHIND THE LINES"

A sensational story of the Mexican border is the one to be screened at the Westholme tonight, entitled "Behind the Lines." The Universal Gazette will also show pictures at the front with the fighting French. While to complete the programme, there will be a fine Nestor comedy called "To be or not to be—Married." The whole programme for this evening is one of the best. The Mexican story is full of dash, pep and punch, and Harry Carey and Edith Johnson fill their respective roles in great style.

Anyone Can Have Whipped Cream

PACIFIC MILK is so rich in cream that it whips as easily as most of the fresh cream sold around the Province.

Mrs. McCary of New Westminster wrote in to say that she whips PACIFIC MILK regularly for a treat for the youngsters for breakfast.

All she does is to set aside the amount she wants, in a cool place, for a time and then beats it with a sieve egg-beater. She puts this on toast and gives it to the children for breakfast. You'll find it is good on cakes and puddings.

VICTORY LOAN

Payments due on January the 2nd may be made at any time to and including January the 11th. Scrip Certificates will be delivered in exchange for payments then due. Payments due January the 2nd must be made at the Bank branch mentioned in the application.

The extension of time to January the 11th is given for the convenience of subscribers and Banks so that subscribers will not be unduly detained waiting their turn at a Receiving Teller's wicket, as would most likely be the case if all payments had to be made on one day only. Subscribers should not wait until January the 11th, or a day or so before, and thus create the situation sought to be avoided. In every case, interest at the rate of five and one half per cent per annum from January the 2nd must be paid if payment is not made on or before the 11th.

For the convenience of subscribers, by arrangement of the Canadian Bankers' Association, Banks will remain open on the evenings of Thursday and Friday, January 3rd and 4th, and on the afternoon of Saturday, January the 5th. Evening hours 7.30 to 9.30. Saturday afternoon from 2 until 6 o'clock.

It has been brought to the attention of the Finance Department that a considerable number of subscribers, who have deposits with Banks, are under the impression that their Banks will take care of their January payments by automatically debiting their accounts with the necessary payments. This is incorrect. Each and every subscriber must personally arrange for these payments.

Deputy Minister of Finance.
