CLEANSE THE LARGE INTESTINE

Present War Cry of Advanced Physicians.

Some of the leading surgeons of the world have gone so far recently as to remove part of the Large Intestine in cases so serious as that of Tuberculosis and restored the patient to perfect health by so doing.

The New York American has recently said:

"During Constipation the poisons in the Large Intestine often become so great as to form a serious menace to health and even to life. Through the walls of the Intestine they enter the blood and consume the healthy blood cells, impoverishing the blood, and if this process is continued long enough an acute poisoning is produced."

It is impossible under our present-day mode of living for the Intestine to rid itself of all waste, and it is easily proven that there is an accumulation, no matter how regular we are.

Drugs, if taken regularly, form a habit, but Internal Bathing by means of the "J. B. L. Cascade" cleanses the Lower Intestine its entire length with pure warm water and makes it clean, sweet and healthy.

At the same time it regulates the system and makes one feel that every function is working smoothly and naturally—and, indeed, this is so.

This letter will convey a message of good cheer to many:

Welland, Ontario.
Dr. Chas. A. Tyrrell,
163 College Street, Toronto, Ont.:

Dear Sir,—We heartily endorse the J. B. L. Cascade, as we find in our work that a loaded colon means a poisoned system, which, in turn, means ligamentous contraction of the spinal muscles, against which our work is directed.

Anything helping us in gaining relaxation we consider a boon, both to ourselves and our patients.

Most sincerely,
Mrs. Hoxley and Garland.

Over five hundred thousand are now enthusiastic users of the "J. B. L. Cascade," which is now being shown and explained at Cyril H. Orme's Drug Store, cor. 3rd Avenue and 6th St., Prince Rupert.

Ask or write now, while you think of it, to Chas. A. Tyrrell, M.D., 163 College Street, Toronto, for free and interesting booklet, "Why Man of Today is Only 50 Per Cent. Efficient."

Keep up the Food Supply and Help Make Victory Sure

"I AM assured that my people will respond to every call necessary to the success of our cause—with the same indomitable ardour and devotion that have filled me with pride and gratitude since the war began."

HIS MAJESTY KING GEORGE

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unfailing flow of food to England and France must be maintained.

This is National Service—
Not to the Farmer only—
But to YOU—to everybody—
This appeal is directed

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.

PLANT a garden—small or large. Utilize your own back yard. Cultivate the vacant lots. Make them all yield food

WOMEN of towns can find no better or more important outlet for their energies than in cultivating a vegetable garden.

Be patriotic in act as well as in thought.

Use every means available—
Overlook nothing.
