**ITALIAN AVIATORS  
MAKE REPRISALS**

Italian Headquarters, Jan. 7.—The Italian airmen have shown that they know how to counter to the Austro-German attacks of the last few nights upon the cities of the Venetian plain. Sunday night as the official communique has related, they made their way, while enemy machines were out on evil work, to the nests from which these night-birds came, and found the Austrian aerodromes all lighted up in the expectation of the return of the raiders. The Italian airmen dropped a few bombs, but that was only a reconnaissance. Monday night, while the Austrians were out again the Italians set off once more, heavily laden with incendiary and explosive bombs. They made for Aviano, which is the location of the Austrian aerodrome and for Comina.

Coming down low in the darkness the Italians deliberately chose their marks, and let go their bombs. The result was that the Comina aerodrome was severely damaged, the sheds were smashed and buried, and there were several explosions, probably in the bomb dump. So complete was the devastation that an Italian machine was able to go back today and photograph the ruins at 1,500 feet.

Aviano, too, was badly wrecked, and the Italian fliers when they reached their own aerodromes again got out of their machines with a shout of satisfaction.

**SPAIN TROUBLED BY  
REVOLUTIONARIES**

Madrid, Jan. 9.—The government has been acquainted of the details of a revolutionary plot, which was on the point of being put into effect. The ramifications of the plotters were most widespread and if it had been permitted to come to a head, the plans were so well laid that it would most likely have been successful in overthrowing the dynasty. This much is practically admitted.

Great precautions were taken by the government, when they became aware of the danger, and all telephone and telegraphic communication was suspended, which together with the other action taken by the government, completely spoiled the coup d'etat.

Revolutionary outbreaks were planned to take place in many different parts of the country, simultaneously, but the suspension of the telegraphic and telephone service prevented this happening. The premier announced that the government was master of the situation. Enquiries are now being made by the judicial authorities.

**U. S. GOVT. MAKES GREAT  
APPEAL TO LOGGERS**

Portland, Ore., Jan. 9.—Colonel Brice P. Disque, head of the Spruce Production work has sent a statement and an appeal to the Loyal Legion of Loggers and Lumbermen. This organization numbers 25,000 in the northwestern states.

"The headquarters of this division," says Colonel Disque, "looks to you to prevent all acts of sedition on the part of employer, employee and others."

"Germany is obtaining airplane material with forced labor in invaded Russian forests which do not belong to her. Thousands of helpless persons are driven to work at the point of the bayonet from early dawn until dark."

**11,000,000 Feet a Month.**  
Loggers are urged to offset Germany's gains by increasing the output in the United States. Colonel Disque's announcement says:

"Your Government asks you to produce 11,000,000 feet of spruce during each month of 1918. Also it asks you to immediately make up the deficiency of the last few months when an average of only about 3,000,000 feet was obtained."

"You are soldiers, just as truly as are the boys, knee deep in the mud of France, stopping the bullets of the enemy. A day's lay-off is two days' work for the Kaiser."
