The Sons of Canada had a meeting last evening and many matters of municipal interest were discussed. The society, however, did not endorse any of the candidates offering themselves for election.

FURTHER OPPRESSION OF BELGIAN PEOPLE

Washington, January 10.—The Belgian legation yesterday received a dispatch from Havre stating that the international committee of the Red Cross in Switzerland had failed in its effort to obtain from the German Government permission for the inhabitants of Belgium to enjoy the privileges of corresponding with their relatives outside of Belgium, a privilege allowed to the inhabitants of Roumania and of the occupied parts of France.

The governor-general of Belgium, the dispatch adds, has issued the following order: "All transmission of news, even indirect, by the inhabitants of Belgium and their relations domiciled in countries enemy to Germany is forbidden."

THE MUNICIPAL ELECTION

One of the noticeable features of this election is that so far the slate put forward by the Trades and Labor Council contains the majority of the candidates who have declared themselves out for election, for municipal honors.

The Trades and Labor Council has certainly shown themselves greatly interested in municipal matters, and if they are successful in having their candidates returned, such success is coming to them. They have gone out after it.

RATIONING SCHEME FOR GREAT BRITAIN

London, Jan. 9.—Compulsory rationing is to be put into effect in this country at an early date, according to Lord Rhondda, the Food Controller. Speaking at Silverton, he prefaced this announcement by saying that he was afraid that compulsory rationing would have to come, and that it was on its way. He then declared that his department had completed a scheme, and that after the sanction of the Cabinet had been received it would be carried out.

Lord Rhondda warned his hearers that there would continue to be a shortage though the conditions would improve steadily.

"There is nothing alarming in the situation," he said. "You have only to tighten your belt. The people of this country are undergoing nothing like the privations in Germany. There they have less than a pound of meat a week."

The Food Controller strongly supported communal kitchens, and said that Government grants would be made. He incidentally disclosed the fact that Lady Rhondda had obtained the Christmas dinner for the family from one of these kitchens, and added: "What is good enough for my old woman is quite good enough for anyone."

The director of meat supplies announced that Tuesday will be the meatless day in London and Wednesday in the provinces.

Mr. Lloyd George has issued a strong appeal to the agricultural laborers of the United Kingdom to do their utmost to increase the production of foodstuffs. He declared that the world shortage means that "we may be compelled to feed the army and navy as well as ourselves on what we are able to grow at home."

Anyone Can Have Whipped Cream

PACIFIC MILK is so rich in cream that it whips as easily as most of the fresh cream sold around the Province.

Mrs. McCary of New Westminster wrote in to say that she whips PACIFIC MILK regularly for a treat for the youngsters for breakfast.

All she does is to set aside the amount she wants, in a cool place, for a time and then beats it with a sieve egg-beater. She puts this on toast and gives it to the children for breakfast.

You'll find it is good on cakes and
