# Pour LUX on the troubled waters of the wash

I ILLIONS of these little LUX wafers are working wonders every wash-day all over Canada. In color they are like cream—to the touch like silk. The fine, soft, creamy lather LUX makes, is splendid for woollens-it never shrinks or hardens them. In fact, all kinds of garments, woollens, silks, laces, linens, etc., dainty or otherwise, are really preserved by LUX. It leaves them luxuriously clean, but with the fabric absolutely free from matting and shrinkage.
